THE FIFTH AUSTRALIAN GRAND JURY

CONSOLIDATION OF ORDERS FROM THE PAST 4 GRAND JURY'S
AND 1 EXTRAORDINARY JURY BY FIRST NATION PEOPLE.

- 1) This Fifth Australian Grand Jury is a consolidation of matters already brought to the table, in the previous four Grand Jury's plus one Extraordinary Jury.
- 2) Matters have been voted on, and passed as:
Rule Of Lore/Law, All Are Equal Before The Lore/Law.
- 3) As per the definitions of the 3rd Grand Jury, 3 critical terms are defined to ensure clarity of reference with regard to Lore and Law and Legal Fiction: they include
 - i) Lore - the traditional customs of the tribes, sacred and often largely secret, and based in self determination of the recognised culture within an individual tribe.

- ii) Law, the overarching safety mechanisms of timeless and energetic Maxims of Law, thus ensuring that all are equally liable and accountable before the Law. Thus humanity maintains a built in, self regulating, mechanism of 'do no harm'. It is when a fictional concept like 'corporate immunity' is implemented that this safety mechanism is unable to work efficiently.
- iii) and finally, the elusive '**Legal Fiction**'. This being a corporate construct and the source code of 'corporate immunity'. The current global 'legal fiction' is a privately owned corporation, that masquerades in community by referring to itself as '**Government**', and issues slave based rules and directions, and calls them '**Law**'. Thus actively, and with intent, brainwashing humanity, as rules and directions, are not Lore, or Law, at all.

These failures and violations of Maxim of Law, are wholly **fictional** and violate the most fundamental, long recognised standards of Maxim of Law, such as tabled in the 10 Commandments and the Nuremberg Code. Maxims such as 'the employee is as equally liable as the employer', are critical for humanity to self regulate its safety mechanisms. Instead the concept of 'corporate immunity' facilitates a private agenda to be regulated by humanity, whereby individuals report each other for failing to carry out the private agenda. The fictional concept of 'corporate immunity'; alleging employees may enact duties of **HARM and INJURY** upon the greater community, in exchange for their pay check, whilst remaining free from accountability, is a 'Legal Fiction'. It has no basis in Law, but is absolutely accountable to Lore/Law.

- iv) Thus for the purpose of clarity in the reading of this document, the use of the word Lore/Law will be said only **once**, unless referring specifically to Lore, but does define equal rights of all People on these lands, and is at all times encompassing Lore and

Law. We are all created equal.

- 4) Thus the purpose of the Grand Jury's is to continue to develop a dialogue that births the 'meeting of the minds' between the Original First Nations People of Terra Australis and the ensuing settlement of People, brought about by the arrival of colonialism to these lands, in 1788. As we are at the end of an Age, We, The People, are forged with creating the future platform that serves the greater wellbeing of humanity, now, and for future generations.
- 5) Thus this is an evolving landscape, and We, The People, within the administrative team of TANTIC, the Terra Australis National Trustee Interim Committee, remain receptive to all subtleties brought to the table to ensure a safe and equitable landscape is developed for this new era, now very much upon us.
- 6) Some 233 years later, it is recognised that corporate Australia, quite separate from the organic, sentient Terra Australis, is the occupation by a long established foreign owned, privately owned, globalist corporation, with purely self serving motivations to harvest the energy of humanity, for its own profit and control.
- 7) This private agenda can only be successful; if we, the greater populace of Terra Australis, far out numbering them in population; CONSENT, by participating in the 'directions and rules', but not Lore/Law, perpetrated against the freedoms of the People.
- 8) The most recent upgrades to this system of slavery include
 - i) the mapping and tracking of humanity via privately owned QR code apps. This has been implemented by brainwashing humanity into believing there is a pandemic.

- ii) further exacerbated by the development a 2 tiered society of slavery, via the jabbed and un-jabbed
 - iii) enforcing the use of a privately owned bio-weapon product into the biological sacred space of the body temple, home of the soul, or incur such severe HARM and INJURY as job loss, and loss of freedom to access community resources. And does include real threat, and outcomes of permanent injury or death.
- 9) This is a well documented depopulation agenda. By viewing the 45 page document on www.executiveorders.life of ***Silent Weapons for Quiet Wars***, one may witness this strategy at work. We are in the death rattle of a system that has imploded upon itself and it has thrown everything it has at humanity. This is war and there are very real casualties.
- 10) But please know, there is a global military team in the background, called the white hats who have, for 60 years been actively working to dismantle this system, and we are on the cusp of it all being done. That includes a new financial system, of abundance.
- 11) But it is not enough to rely on white hats. They are a public servants. We are emerging into the Age of Aquarius, the Age of humanitarianism. An Age where humanity self governs. We, as a humanity, must adhere to the non negotiable, energetic lores/laws, that guide us along the narrow, but well lit path, to function as a whole, in harmony with the greater ebbs and flows of creation.
- 12) Whilst all Orders from all Jury's appear in the following pages, thus totalling some **192 Orders**, for the purposes of practical management of time, only those highlighted in **purple** will be re-read and voted on again.

We acknowledge the fruits of a Mercury Retrograde position to solidify that which has already been written, but as more and more people come to the table, we take this opportunity to highlight the essentials of dismissing a corporation, masquerading as a Constitutional Government.

Further, we acknowledge that even if the Australian Constitution was an active document, and not a sleeping document, it makes no provision for First Nation people, because it could not. It has no jurisdiction over those who were already custodians upon these lands. And yet, in this day, and in many past decades, this absence of jurisdiction, has, via violence and trickery, presumed to preside over First Nation people; murdering them, stealing them, incarcerating them, and depriving them.

These are acts of treason, fraud and slavery. Not only upon 200+ years of First Nation people, but upon all the people of Australia, now rightfully called Terra Australis, that being the physical land mass, home of sentient Beings, with feet upon the Earth, and not simply 'Australia', alas a 'corporate legal fiction' enacting its false authority upon the People.

Together, we build the new Terra Australis, a land for all to enjoy and experience abundance.

EFFECTIVE IMMEDIATELY

The following is the Orders from the Inaugural Australian Gand Jury.

Please refer to the above link for full writings and recordings of the Grand Jury.

CHANGE OF JURISDICTION:

1. **ORDER #1** Via the Inaugural Australian Grand Jury 2021, (now referred to as Terra Australis) We The People, declare a change of jurisdiction upon these lands: as of 5.22am. 23 September, 2021. AEST. Equinox. Equal day, equal night.
2. There is no one to consult on this matter. There is no one to ask permission to do this. This is simply the claiming and implementation of the highest jurisdiction available to humanity, that being **Rule of Law: All Are Equal Before the Law**. Also known as **Crown Jurisdiction**, for We; Humanity, are Crown. The One and Only.

1. **What say you ? 1)**

2. **UNANIMOUS YES**

3. **ORDER #2** Let it be known, the writers of this change of jurisdiction are merely bringing awareness to the People of an unused opportunity to access that which sits there dormant, waiting to be seen. Waiting to be used. Thus the writers are not to be harmed in any way, nor held liable for merely documenting that which is available to be used by community, as **God's Law**.

Under the current broken and chaotic landscape of tyranny and slavery, community welcomes the greater wisdom; that to stand in the highest jurisdiction is only going to be of benefit to all, than to be administered via the lowest jurisdiction; of Guardianship.

In The Creator, God Almighty, We Trust.

4. Further, let it be known, minimal disruption is proposed via this change of jurisdiction. Rather, community should see stresses dissolve and over a 12-24 month 'phase in' process, community is invited to contribute to the overhaul of systems to serve the People and adhere to Rule of Law: All Are Equal Before The Law. There will be no job losses from this transition. Indeed, many new and exciting jobs will be created. Focus Teams and Community Audit teams will be implemented. There will be no loss of income to any individual at this point in time, even if an environment does eventually collapse as it fails Rule of Law: All Are Equal Before the Law.

Hold steady. All is well and Planet Earth is abundant.

5. Under no circumstances will We, The People, pretend, in any way whatsoever, that the Westminster system delivers **Rule of Law: All Are Equal Before the Law**. It is a slave system from its inception. It is designed to be a slave system, and it functions as a slave system. The Westminster system is hereby **terminated**. Despite this system alleging to be Supreme, it is in fact the most inferior jurisdiction, operating as the private BAR Guild legal system within the Board of the Guardians; whilst failing to be transparent about that architecture, nor its jurisdiction as Guardian, to the People it administers. Thus perpetually generating a confusion for the People whom mistakenly expect to find Law in the Courts, not realising, they are deemed to be mere property, without rights at all and are accessing merely a Guardianship legal system that cannot see them and does not hear them. Hence the level of chaos presently on Planet Earth.

1. What say you ? 2)

2. UNANIMOUS YES

6. **ORDER #3** Thus, The Westminster system is deemed an **obsolete instrument**, not designed for, and unable to cope with the Age of Humanitarianism.
7. As **from this moment in time**, Australia operates in Rule of Law, not a private legal system.
8. Guardianship is complete. Humanitarianism begins.

9. Unam Sanctum 1302 is deemed Null and Void for all of Humanity, on Planet Earth. Created without knowledge or informed consent, the construct is Null and Void from the beginning. And its contracts are null and void from the beginning.
Unum Sanctum 1302 is Null and Void
Unum Sanctum 1302 is Null and Void
Unum Sanctum 1302 is Null and Void
All spells that bind are abolished, then, now and forever. And so it is.

1. What say you ? 3)

2. UNANIMOUS YES

10. **ORDER #4** We, the People, are the highest authority on these lands, and let no other attempt to overrule that. The Meek Shall Inherit The Earth, Matthew 5:5
11. The People are acknowledged as **free from the burden of Guardianship** and are within their own competent capacity to manage their own affairs, and the affairs of Australia, under **Rule of Law: All Are Equal Before The Law.**

12. Thus the jurisdiction is referred to as **Rule of Law, All Are Equal Before The Law**; that being just 6 words. **All Are Equal Before The Law. Or Crown Jurisdiction. We, The People, are Crown.** We are the The Creator God Almighty having a human experience.
13. Crown Jurisdiction is Supreme, and **let no other system of governance allege to have power** over the word of The People.
14. The **power of the Word** is The Creator, God Almighty. And the word is; Australia has changed jurisdiction. **We The People, Are The Meek, who have inherited the Earth. Matthew 5:5.** Let no other allege to stand superior.
15. **The name, entered on the birth certificate, and thus the bridge into the Guardianship is now reclaimed by each individual to be the property of the individual, not the property of the corporate crown, the now defunct Guardianship.** At no time will there be a failure to differentiate between the Crown, a Sentient Being, and the name; when used as a tool in commerce. **To state the name does not collapse Crown jurisdiction.** Not now, not ever again.

FROM LEGAL TO LAWFUL JURISDICTION:

16. Consequently, the privatisation of Law into the The Private BAR Guild 'legal' system, derived from the 'legal fiction': the corporate crown: is **terminated**. This is a class based system and fails **Rule of Law: All Are Equal Before the Law.**

1. **What say you ? 4)**

17. **ORDER #5** 'Class' based systems, 'divide' based systems, 'war monger' systems are **strictly forbidden** as we enter the 1000 Golden Years of Peace and Prosperity.
18. Consequently, with the termination of the Westminster, two party system, **all current political parties are disbanded** from the legal jurisdiction, and may reform in *some* capacity under Rule of Law, All Are Equal Before the Law. And may serve as a 'Focus Team'; a management team of a specific area requiring an overhaul. There are many areas to be overhauled.
19. 'Career' politicians are no longer a viable career choice. Individuals in key Focus Team roles will need to have real world experience, and credentials, in the given area.
20. No political party will ever have sole governance over the matters of Australia again. That belongs to the People. That paradigm is complete as part of the end of the Age of Pisces: the end of Guardianship. It does not serve the Australian People to take us into the Age of Humanitarianism. The People, the Meek, are in charge and will manage themselves co-operatively in an evolving landscape.
21. All **Focus Teams** will have a **Community Audit Team** assigned, at specific check points of project planning and implementation, to ensure Rule of Law: All Are Equal Before The Law.
22. Collusion, misappropriation of resources, or non transparency of project details will result in **removal of the individual from a team**. Checks and balances will be administered throughout all future business matters in the management of Australia.

FROM GUARDIANSHIP TO HUMANITARIANISM:

23. **Unum Sanctum 1302 is now dissolved**. Not only for Australia, but for the entire planet. Created without knowledge nor informed consent, it is a defunct instrument, null and void, **terminated**. As so it is.

24. The People of Planet Earth are free from Guardianship. Welcome to the Age of Humanitarianism. From the Great Age of Pisces, to the Great Age of Aquarius.
25. The Board of the Guardians, as a tool of Unum Sanctum, is now dissolved.
26. The People of Australia, and indeed the world, are no longer under Guardianship and therefore do not need Guardians as a quantum status for the greater humanity of Australia, nor the world.
27. Guardianship is reserved specifically for those who genuinely require assistance because, for whatever reason, they are unable to manage their own affairs.
28. Public servants are specifically public servants. That are not rulers. They must at all times be answerable and transparent to the People who employ them and pay them.
29. We, The People, offer great respect to those individuals who choose the role of public servant and thank them for their service in administering critical resources that ensure community utilities, and community safety, run smoothly.
30. Public servants who inflict any degree of harm upon humanity, are immediately terminated from their role.

THE BOARD OF THE GUARDIANS FUTURE FUND:

31. The team who were overseeing Australia's wealth, the People's wealth, called the Board of the Guardians, via the Future Fund, will be renamed the Board of Trustees.
32. This is in full acknowledgment that the government does not have any funds. It is a mere administrator of the People's funds and resources. It is now a Trustee awaiting instruction from the People. It is not a Guardian administering resources as it sees fit. Therefore the People, under Crown Jurisdiction, will issue instruction to the Trustees as to how their resources, in the Future Fund and others, will be dispersed. This will be managed in an organised manner over the next 12-24 months as current systems are restructured.
33. This process will begin with New Trustees, of appropriate and commendable lawful, and accounting standing, who have taken fresh Oath to serve the People; to be assigned to the

Trust of the Future Fund and will be accountable to Community Auditors, with a centralised, transparent, public gazette, facilitating full transparency.

34. The Board of the Trustees, will make all matters transparent, and will be beholden to the instructions issued to it by the Community Audit teams of *We, The People, of sound, and competent mind*'.
35. First point of focus for the Trustees will be to relieve all areas of immediate distress in community, such as the growing homeless 'industry', pending evictions, hunger, domestic violence and all manner of hardship on our abundant planet. When hardship is removed, crime, domestic violence and broken families will radically decrease. When the People have opportunity to work and flourish, self esteem is healthy and the population is happy.
36. Let it be a measure of gross incompetence that Australia has even one homeless individual living on the streets.

1. **What say you ? 5)**

2. **UNANIMOUS YES**

BOARD OF THE GUARDIANS & THE BOARD OF TRUSTEES:

37. **ORDER #6** Regarding the now defunct Board of the Guardians of the Future Fund: due to unfortunate standards in conflict of interest, the Board is deemed incompetent and **cannot take up the role of Trustee**. Said conflict of interest does refer to Chairman of the Board Peter Costello, being also Chairman of the Board for Channel 9. With the largest sector of the portfolio being Pharmaceuticals at \$2.5B, Channel 9 does serve to deliver a false narrative upon the people to take an experimental bioweapon in order to 'have their life back'. This false narrative is now abundantly documented in no less than hundreds of interviews and research papers. Please refer to the resources section available in section 9.

Further, this is an alarming landscape that reveals a centralised 'version of reality', imposed upon the People of Australia, by those with vested interest, with a focus on generating funds and share increase, with no regard to the truth of the dangers of the experimental vaccine (bioweapon) upon the health and wellbeing of the Australian People. The dangers of the vaccine are now extensively documented.

1. **What say you ? 6)**
2. **UNANIMOUS YES**

38. **ORDER #7** It is noted, and repeated:

*BioNTech/Pfizer: that would be: BioNTech : bio and technology : **your biology mixed with some technology, specifically Graphene Oxide:** strongly substantiated by vast research, is likely going to kill you, make you infertile, or permanently injure you; issued shares at \$13.82USD October 11, 2019. Just 6 months before the 'pandemic'. Today, 23 months later, September 21, 2021, they are valued at \$339.01 USD. That's an increase of **2353.04%**.*

*Minister for Health and Aged Care, Mr Hunt tells us '**280 million doses** of Covid19 vaccines have now been secured by the Australian Government to support the Covid19 vaccine roll-out.'*

As the government does not have any money, it is only an administrator of the People's resources, it is the People who have paid for these vaccines, and against their free will and informed consent, are then having them forced upon them, and losing their livelihoods and access to community resources should they refuse.

Wow, who would like to own a business that launches its shares at \$13.82 and can secure

280 million sales so quickly, driving its share price to \$339.01 in just 23 months ? And YOU are it' customer, whether you like it or not. And YOU paid for it with the public purse, without your knowledge or informed consent.

39. Needless to say, this is an alarming and disturbing landscape. Thus, all share holding from this point forward, of People in positions of authority, control, and decision making, in a given area of potential conflict of interest, will need to be disclosed.
40. All current Ministers will need to disclose their share holdings of the BioNtech shares above. A Community Audit team will be assigned to this task.
41. Just as we were all subjected to living through the 'war on terror' era, now we are expected to live through the 'covid pandemic/vaccination' agenda. That will not be happening. This business plan is **terminated**.

1. **What say you ? 7)**

2. **UNANIMOUS YES**

42. **ORDER #8** As the overwhelming evidence that the Covid plandemic is a de-population tool, it renders all dialogues and actions connected to the perpetuation of the covid landscape to **cease immediately** throughout Australia.
43. Day to day living will resume to pre-covid conduct, that is **all QR checkpoints are phased out**, all dialogues of 'mandatory' cease, **all threats of job loss cease**.
44. Borders will remain under discussion due to the behind the scene benevolent landscape making use of closed borders to ensure criminals cannot escape capture as a vast corrupted system is impeccably captured and cleaned. This is a long, ongoing global undertaking now several years old, but nearing the end. This matter will require further discussion and transparency as the global child trafficking and illicit drug industries are brought to order.

45. Channel 9 will cease transmission of all vaccination advertising and promotion, as will every other participating TV station. CEO's have until 5.22am 11 October 2021 to cease and desist.
46. Further, despite this clause related to the management of the Future Fund: 6 d iii [https://www.finance.gov.au/sites/default/files/2019-11/Statement of Expectations - Future Fund Board of Guardians.pdf](https://www.finance.gov.au/sites/default/files/2019-11/Statement_of_Expectations_-_Future_Fund_Board_of_Guardians.pdf) (Paste into browser)
no one on the Board of the Guardians Future Fund deemed Mr Costello's dual Chair position of both the Future Fund and Channel 9 to be a 'conflict of interest', potentially effecting the safety and wellbeing of Australians to make informed choices. Instead, a highly biased perspective has been presented, that has resulted in a 2000+% return on investment in just 23 months.

Thus, this lack of discernment, and inability to introduce a 3rd party unbiased viewpoint to the landscape, does deem the entire Board to be incompetent, and a danger to the wellbeing of Australians. Therefore, in a 'vote of no confidence', the entire Board is unfit for further assignment. It will stay positioned whilst a Community Audit team is assigned, and coherent, in the management of the Fund. Remuneration is not effected. Re-deployment will be addressed on a case by case basis.

47. A fund, that has \$2.5B dollars, of the Peoples money, in a health agenda, invested in privately owned vaccination companies, that then promotes their use through its own mass communication channel, is an alarming and disturbing form of mind control upon the mass population. The failure of the Board to recognise this as a matter of extreme conflict of interest, is to be overseen in new systems, via Community Auditors.

BIG PHARMA :

48. It is noted that Turkish owned BioNTech, an arm of German owned Pfizer did establish it's 3rd manufacturing plant in Australia only recently, in Perth. The other two being in

Melbourne and South Australia. It is a requirement that this foreign owned company, produce it's 'papers please' as evidence that it did seek, and receive approval, from the First Nation Custodians, under the jurisdiction of Lore/Rule of Law: All Are Equal Before the Law, to manufacture bioweapons on these lands. Please provide evidence no later than 5pm 10th October 2021. You may email evidence to wethepeople@Executiveorders.life If evidence is not received by this date and time, manufacture needs to cease immediately.

1. **What say you ? 8)**
2. **UNANIMOUS YES**

49. **ORDER #9** Further, additional agencies complicit in this false narrative vaccine roll out are AHPRA and the TGA. That being the Australian Health Practitioner Regulation Agency and the Therapeutic Goods Administration respectively. The first has silenced doctors and health practitioners from being able to speak opening about health choices, thus using them as a tool in the ever advancing covid landscape, and the second has banned known remedies such a Ivermectin and Hydroxychloroquine, thus being complicit in genocide.

Thus, these two agencies are incompetent and complicit in Crimes Against Humanity. Board members will be on standby for Community Auditors. Re-deployment will be addressed on a case by case basis.

50. Suppression orders upon health professionals to speak unbiased dialogues relating to health and the dangers of the experimental vaccinations, are hereby removed. Please speak freely, and inform all patients of the wide variety of health options available.
51. Natural health alternatives are absolutely to be spoken about, in alignment with God's Law, that being Nature, and as suggested in the Georgia Guide Stones. Follow Nature. Follow Nature. Follow Nature.

THE AUSTRALIA TRIALS:

75. In the Spirit of the Nuremberg Trials, the Australia Trials are born.
76. Failure in Rule of Law: All Are Equal Before the Law will be dealt with via the Australia Trials.
77. There will be a 'liability' grace period of just 2 weeks, whilst the Australian community aligns itself with this new landscape of Rule of Law: All Are Equal Before The Law.
78. After the 2 week period ends, that being October 11th, 2021 5.22am AEST, anyone found to be violating Rule of Law: All Are Equal Before The Law, in reference to perpetuating the vaccine agenda, will be held accountable in The Australia Trials.
79. The Australia Trials will be an efficient tool of a Jury environment determining outcomes.
80. Hearings may be conducted via zoom across a national landscape if required.

81. The Heffernan hearing, reference is made to the Kings Cross boy brothel of prior years, and its use by the legal fraternity. The suppressed Police report that Heffernan is referring to, with the 28 names listed on it will need to be made transparent and this matter will be put to rest once and for all.
