- 10TH TERRA AUSTRALIS GRAND JURY -

AGENDA

12 pm AWST 14.6.2022

1. Welcome to the 10th Grand Jury of We The People.
2. There is no Jurisdiction higher than the events of this Court, because it is Superior Jurisdiction, recording the voice of We The People.
3. This Court and Jury performs its duties in Crown Jurisdiction, also called Sui Juris. Therefore it clearly recognises the body temple, the mind and the Spirit as the Holy Temple, inseparable from each other. Free and without encumbrance from others, so long as a 'Do No Harm' policy is observed. All Superior Rights are Reserved Under Rule of Law: All Are Equal before The Law.
4. This Court recognises critical pillars in Law of Free Will and full informed Consent. It recognises 100% personal liability and accountability of all individuals. It deems corporate immunity to be a farce, a lie, a legal fiction that has been used as a critical tool to trample humanity.

5. My name is Leith Masters and I will guide you throughout this formal proceeding.
6. I would like to also introduce other admin team members:
 1. Denise Chadwick - who will lead you in and out of the voting process.
 2. Caron Yardley
 3. Donna Markwell
7. Roll call of those in attendance: For the recording, I will just go around the room and call your name as I see it on the screen, please reply yes to your attendance and please name the state you are in.
8. When the voting begins you need to clearly raise your hand and keep it up until the vote has been recorded. 75% is a winning vote. All names and faces must be visible at all times.
9. We thank you for your attendance today. It is vitally important, that as a humanity, here in Terra Australis, that we are writing and recording what we require as a People and that we are adhering to **Rule of Law: All Are Equal Before The Law**. We are emerging out of a slave system, which is disguised as a system of 'Guardianship'.

Whilst we have help with that emergence, from the global military alliance, they are a public servant. It is vital that humanity craft its own Law, in alignment with Natural Law, or humanity will remain under Guardianship until it shows it is able to

do that. That is what we are doing today, further developing the People's voice, always in alignment with Natural, inherent Law.

Therefore each one of you is vitally important. You are the Lawmakers. Your voice and your clear cognitive assessment of matters is critical to what we lay down for the benefit of humanity. This Grand Jury is for Terra Australis.

10. As part of the Grand Jury, we remind you of the following architecture:

since 1302 you have been in the private Express Trust of Unum Sanctum, crafted by Pope Boniface, and as a reaction to the solidification of the Magna Carta in 1297, first originating in 1215.

In this trust you were deemed to be Church property, and all global assets were under the management of the Vatican. This is a legal fiction known as Admiral Law, Law of the Holy See. It is a system of commerce. You are a commodity. Understanding this and knowing how to separate from it and issue instruction, is vital. Beginning with, it is not Law, it is a subset of Law. Called Legal. It is a private membership, and you are unwittingly its member unless you announce otherwise.

11. Please do maintain a recognition that in future times you can call on the Orders from the Grand Jury's. That is their purpose, to lay down Law. It is not to ever go to war with the current system. It is to administer the current system from Superior

Jurisdiction.

12. Further, clarifying,

1. we are ending the Age of Pisces, and Age of Guardianship. And we are entering the Age of Aquarius, where humanity governs itself. Each Age is a 2160 year cycle, known as the Precession of the Equinox and decidedly marks the flavour of an Age, so please do embrace the benefits of the Age of Aquarius. This complete 26 000 year cycle is what the Mayan calendar maps.
2. We are 3 Pluto cycles (trimesters) from the Magna Carta, hence we are birthing the Age of Aquarius.
3. We are 2 Saturn Returns from the assassination of President JFK.
4. We are 28 degrees into Pluto in Capricorn, which is the destruction of the power structure. This began in 2008 with the global financial system, clearly showing us that that economic model of debt and scarcity even blows itself up, as well as our lives. This is the end. And the beginning.
5. On a more positive note we are mapping the new Sun cycle that began in April 2022, with Sun entering Aries, because that is the beginning of the Consciousness of humanity, in a new cycle, and how it might address matters.

As Sun defines our outward bound sense of identity as individuals, and thus

as a collective, it is important that we capitalise on the energy fields at a given time and craft the unspent potentials. Thus we become the Conscious Architects of our future. As we are emerging out of slavery, there is a great unspent potential to define what we are capable of as a humanity, living on an abundant planet. You would be very aware that throughout all of history, astrology has been used to craft opportune times for the Kings and Queens. If We The People, are not the architects, then some other entity will be. That has been the case, and it will be no longer.

13. Grand Jury 8 : was Sun in Aries- the I AM. The relationships axis. Libra Moon: I balance. One of the pivotal elements we anchored in was the defining of jurisdictions, and those jurisdictions that still exist, never having been surrendered. This essentially disempowers the alleged authority of the current system in areas such as Indigenous incarceration. The Indigenous folks of Australia never surrendered their sovereignty to a belligerent occupier.
14. Grand Jury 9. Was the Resources Axis, Sun in Taurus - I Have. Moon in Scorpio - I Desire. In that Jury we got clearer on speaking a different language that defines our jurisdiction, because that is our first resource. If we do not know who we are, then we have no hope of putting it to use and utilising essential timeless benchmarks that guide all decision making. Thus calling on free will and informed consent.

If **corporate immunity**, was not functioning: a legal fiction that does not exist in law, where individuals believe they can force others to do things, in exchange for their pay cheque, such as get a job of a privately owned bioweapon or lose your job, then again, the covid plandemic would have never been able to happen.

It is only through gross ignorance of Law, that humanity allows itself to be consistently manipulated via rogue authorities called government and Artificial Intelligence called Corporation that fool People into believing they can hide behind corporate policy and not be accountable for their actions. This does not exist in Law. Therefore, if law was being observed, a concept such as 'mandatory vaccination' would not be achievable.

Humanity has been severely injured by not knowing how to protect itself with Law. Thus, public servants now play the role of rulers, because the People, by design, have been so dumbed down they cannot sift through the constant chaos and drama presented every day to lower vibrational frequency and cause fear, confusion and massive time wasting. We are emerging out of that via knowledge and education.

15. Grand Jury 10 is on the communications and education axis:

Sun in Gemini - 'I think' and Moon In Sagittarius - 'I see'.

This axis facilitates the collective learning process, if we are in charge of it.

This axis stops us from becoming extinct as it allows new data to flow throughout the community and to expand Consciousness beyond its current boundaries.

What are we learning? How are we learning? How has the current body of knowledge served us, or failed us. Knowing that the traditional education system is outdated, and failed miserably in the sense that since 1975 the Constitution, despite never being ratified, has not been taught in schools, thus producing almost 50 years of people who have no working dialogue of Law, or rights. This also greatly contributed to the success of the covid plandemic. Humanity has been easy pickings when it does not know Law.

Remembering that military is in the background overhauling the entire planet from evil. But the military is a public servant. It is the People who are responsible for architecting the future once we are beyond the current systems of slavery. That is the work we are doing with these Grand Jury's. We are preparing standards and tools and calling accountability.

We thank you for your patience as each Grand Jury is slightly different and has it's own organic flavour to it.

16. At the end of the Jury, we will take a look at the tools that have been created, so that we can move with greater ease and safety in that capacity and not be hindered by argument in a system that thrives on controversy, and adversarial behaviour.

18. Each of us must be clear that there are two of us in everything. The living breathing Being, also known as the Executor, and standing in Superior Jurisdiction; and the commercial legal fiction, functioning in Inferior Jurisdiction. And conduct our affairs appropriately. Taking charge as the Executor of the Estate of issuing instruction for use of the legal fiction, is a learned skill and requires comprehensive record keeping to administer. At all times we are each responsible for conducting good business and not becoming belligerent and emotional in a business setting. This is only achieved by having clear understanding of the architecture you are existing in.

You can record your Notice of Crown Jurisdiction on the website. It will show up with a time stamp in the gazette. This is Public Notice of your Private and Superior Jurisdiction.

1. **What say you ?**

Do you acknowledge that humanity must speak in terms of Superior Jurisdiction and Inferior Jurisdiction, and assert who is in the Superior position: **We The People**. <https://executiveorders.life/public-notice-of-crown-jurisdiction/>

Doing a Public Notice and filing it onto the website is an acceptable form of Notice.

1. What Say You ?

Do you agree, that until a quantum shift, individual Notice is acceptable to facilitate right action and administration of Law?

2. UNANIMOUS YES

20. Order #3

Rebutting the new Centrelink Bill as 100% slavery.

Individuals in Superior Jurisdiction will need to navigate this dystopia with presence of mind and records of communications, until perpetrators of slave structures such as this, are brought to account. This is an advancement of the Workhouse Test Act of 1723, a part of the Admiral Commercial Legal system that monetises all energy forms on planet Earth, for its own profit.

Clarifying jurisdiction in all matters, by simply announcing, 'I am standing in Crown Jurisdiction', is essential. Names and ID numbers must be acquired of all Centrelink employees with every interaction, as, in Law, there is no such concept of 'I am just doing my job'. Corporate Immunity is a legal fiction. It does not exist. Use the Injury and Freeze Assets tools to hold accountability.

The government does not have any money. It is an administrator of the People's resources. Thus unless the People give instruction, as the Executor, it will administer resources in micro units, driving harm and injury and distress in community, thus driving some of its primary industries such as 'the broken family' and the Magistrates Court of petty felony, generating hundreds of thousands of dollars of revenue. And the toxic Family Court of 1975.

This matter will be advanced in Grand Jury 11, the work/home balance axis.

Canon Law - Ucadia.

1. **Rebutting the 12 presumptions of the Court of inferior Jurisdiction:**

A Roman Court does not operate according to any true Rule of Law, much less the Golden Rule of Law as taught by Jesus Christ but by presumptions of the law.

Therefore, if presumptions presented by the private Bar Guild are not rebutted they become fact and are therefore said to stand true.

There are twelve (12) key presumptions asserted by the private Bar Guilds which if unchallenged stand true being Public Forum, Public Record, Public Service, Public Oath, Immunity, Summons, Custody, Court of Guardians, Court of Trustees, Agent and Agency, Incompetence, and Guilt:

1. (i) The Presumption of Public Forum is that any matter brought before a lower Roman Court is within a Public Forum when in fact it is presumed

by the members of the private Bar Guild that the matter is a private Bar Guild business matter. Unless successfully challenged as a matter to be held in a Public Forum under Public Statutes and Rules, the matter remains a private Bar Guild matter completely under private Bar Guild rules and procedures; and

2. (ii) The Presumption of Public Record is that any matter brought before a lower Roman Courts is a matter for the Public Record when in fact it is presumed by the members of the private Bar Guild that the matter is a private Bar Guild business matter and their own records. Unless the public function of the judge or magistrate is properly exposed as being nothing more than a Public Registrar, all statements, testimonies, debate and documents remain the private records of the private Bar Guild rules; and
3. (iii) The Presumption of Public Service is that judges, magistrates, bailiffs, prosecutors, attorneys, clerks and other Court Officials are supposed to have sworn an “oath” and have been appointed as Public Officials under the Public Statutes of the State or Nation when in fact all members of the Private Bar Guild swear a solemn secret absolute oath to their Guild repudiating their public duties and obligations of Public Service. Therefore, in most cases all “officials” in a court are not true Public Servants but imposters, private contractors and members of organisations performing acts in defiance of public laws against false

representations; and

4. (iv) The Presumption of Public Oath is that all members of the Private Bar Guild acting in the capacity of "public officials" who have sworn a solemn public oath remain bound by that oath and therefore bound to serve honestly, impartiality and fairly as dictated by their oath. Unless openly challenged and demanded, the presumption stands that the Private Bar Guild members have functioned under their public oath in contradiction to their Guild oath. If challenged, such individuals must recuse themselves as having a conflict of interest and cannot possibly stand under a public oath; and
5. (v) The Presumption of Immunity is that key members of the Private Bar Guild in the capacity of "public officials" acting as judges, prosecutors and magistrates who have sworn a solemn public oath in good faith are immune from personal claims of injury and liability. Unless openly challenged and their oath demanded, the presumption stands that the members of the Private Bar Guild as public trustees acting as judges, prosecutors and magistrates are immune from any personal accountability for their actions; and
6. (vi) The Presumption of Summons is that by custom a summons un rebutted stands and therefore one who attends Court is presumed to accept a position (defendant, juror, witness) and jurisdiction of the

court. Attendance to court is usually invitation by summons. Unless the summons is rejected and returned, with a copy of the rejection filed prior to choosing to visit or attend, jurisdiction and position as the accused and the existence of "guilt" stands; and

7. (vii) The Presumption of Custody is that by custom a summons or warrant for arrest unrebutted stands and therefore one who attends Court is presumed to be a thing and therefore liable to be detained in custody by "Custodians". Custodians may only lawfully hold custody of property and "things" not flesh and blood soul possessing beings. Unless this presumption is openly challenged by rejection of summons and/or at court, the presumption stands you are a thing and property and therefore lawfully able to be kept in custody by custodians; and
8. (viii) The Presumption of Court of Guardians is the presumption that as you may be listed as a "resident" of a ward of a local government area and have listed on your "passport" the letter P, you are a pauper and therefore under the "Guardian" powers of the government and its agents as a "Court of Guardians". Unless this presumption is openly challenged to demonstrate you are both a general guardian and general executor of the matter (trust) before the court, the presumption stands and you are by default a pauper, and lunatic and therefore must obey the rules of the clerk of guardians (clerk of magistrates court); and

9. (ix) The Presumption of Court of Trustees is that members of the Private Bar Guild presume they have the right to create a trust, without divulging to you your role, or interest or the property in question. Nor is there any statement of account against which the charges are made and which you are expected to accept or defend. At the conclusion of the case, you are then expected to assume the role of trustee of the trust, which you didn't create, for which you have incomplete information and no proper disclosure and perform the obligations of that trust. Unless the incomplete presumptions are challenged at the commencement of the case and that clear disclosure of full accounting, it is impossible for you to perform or agree to such incomplete information; and

10. (x) The Presumption of Agent and Agency is the presumption that under contract law you have expressed and granted authority to the Judge and Magistrate through the statement of such words as "recognize, understand" or "comprehend" and therefore agree to be bound to a contract. Therefore, unless all presumptions of agent appointment are rebutted through the use of such formal rejections as "I do not recognise you", to remove all implied or expressed appointment of the judge, prosecutor or clerk as agents, the presumption stands and you agree to be contractually bound to perform at the direction of the judge or magistrate; and

Therefore, the judge/magistrate as executor has the right to have you arrested, detained, fined or forced into a psychiatric evaluation. Unless this presumption is openly challenged to the fact that you know your position as executor and beneficiary and actively rebuke and object to any contrary presumptions, then it stands by the time of pleading that you are incompetent then the judge or magistrate can do what they need to keep you obedient; and

12. (xii) The Presumption of Guilt is the presumption that as it is presumed to be a private business meeting of the Bar Guild, you are guilty whether you plead "guilty", do not plead or plead "not guilty". Therefore unless you either have previously prepared an affidavit of truth and motion to dismiss with extreme prejudice onto the public record or call a demurrer, then the presumption is you are guilty and the private Bar Guild can hold you until a bond is prepared to guarantee the amount the guild wants to profit from you.
