Hamish Blackley

1. Greetings Magistrate Lemmon,
2. Please find my closing analysis of this matter.
3. As has been Noticed at each hearing; I have attended in the capacity of Executor and Beneficiary.
4. I know who I am and I am not the chattel slave a private legal system.
5. Therefore the notion that you could incarcerate myself, is 100% off the table.
6. This is a business negotiation. Which I have been attempting to do since the second hearing.

7. My jurisdiction has been ignored each time I have attended.
8. As Executor; that positioned you to be the Trustee.
9. That has been ignored each time I have attended.

10. You have played the role of Guardian, alleging to have authority over my matters.
11. And that positioned me to be the chattel slave, coming before the Guardian.
12. All very tedious stuff in a privately owned framework.
13. Yes, we know the structure well. Now in its 722nd year of architecture.
14. It is a Vatican class based system of Guardianship. Also known as slavery.

15. These standards however, are based in **Rule of Law: All Are Equal Before The Law.**

16. Essentially, this is a commercial event, whereby two parties are turning up to establish commerce, one is wanting to assert power and control over the other and alleged to have jurisdiction over the other about what the other can and cannot do.
17. This is legal fiction. Not Law.

18. It is observed by myself and witnesses, that at every request for yourself to assert the jurisdiction in which the Court was operating; and has asserted this alleged authority, that you avoided responding to that.
19. Thus, I have no record of you ever disclosing what jurisdiction this entire matter convened in, or whether that jurisdiction, should it be known, is one of authentic capacity.
20. Certainly for anyone who has done their research, we are aware that the Constitution has not been operating for decades. So it's not a Constitutional Court, despite the coat of arms behind your head.
21. And the State Government is a private enterprise. So again, not sure who you are, despite requests ?
22. It is observed also that when I asked the Police witness to recite his Oath of Office that you silenced him also.

23. So again, we have no clarity of who you all are, or what your jurisdiction is; other than to say, we are aware the Australian Government is a private corporation.
24. A franchise arm of a global private corporation.
25. And with the ongoing theft of land and children, it is fair to say we live in a Belligerent Occupation.

26. I note, the subject matter in discussion is about the possession and sale of **plant matter**.
27. We note your loaded words that allow you to navigate the matter within your framework of alleged jurisdiction.
28. Using words like 'drugs' and 'illicit' exist only in your private framework for the purpose of creating a story that something bad happened and a reprimand is in order.

29. The matter is plant matter. It is from God's garden for inherent Right of Use.
30. And was put there to soothe the Being whilst experiencing pain in any form.
31. For myself it is back pain as disclosed.
32. I note you do not have a patent over plant matter, as plant matter cannot be patented.
33. I note, you do not have jurisdiction over all trade. That would be a Monopoly.
34. And monopolies are strictly forbidden as a business model as they create tyranny and squash the freedoms of supply and demand.
35. Thus, if I picked up a quantity of plant matter for myself because of my health needs - a broken back, and where my cashflow allowed for that at the time - I had just moved funds from a crypto account, and someone wanted to purchase a small amount for their own wellbeing, which is wholly their own personal matters, that has nothing to do with you and your privately owned statutes and legislations.

36. During the trial, I found you to be somewhat nicer than prior hearings.
37. Perhaps because you had received the paperwork prior to this and were now aware that this whole matter is mapped and tracked.
38. I positioned you as the Trustee. You have on all occasions failed to take that position.

39. I observe you were interested to learn more about these plant matters.
40. That still does not give you jurisdiction to control them in any way whatsoever.
41. No Harm or Injury was evidenced in the private choices made by individuals.
42. The fact that the privately owned Police, that we clothe and provide transport, tasers, cameras etc for, deemed it their authority to interfere in the peaceful use of plant matter, only highlights how misguided this system is, and its quest to control and monetise everything.

43. I confirm the damages to my life are significant and are as follows:
 - 43.1.Loss of all my data via the taking of my phone and diary by Police, who said at the trial that they did not intend to return them.
 - 43.1.1.And have also said they will be returned after the case.
 - 43.1.2.**Order Sought: I require an Order for my possessions to be returned. Thank you.**
 - 43.2.Police have had the luxury of looking at all my private information, whilst failing to disclose their jurisdiction.
 - 43.3.That its theft resulting in Harm and Injury.
 - 43.4.This has caused significant financial damage and an inability to seek work in my field due to all my documents being in my phone.
 - 43.5.My diary was private. As is anyone's. Whatever authority the Police thought they had to go through it, is a wholly fictional authority and has not been validated as you interfered with their response regarding the disclosure of their jurisdiction.
 - 43.6.Displacement of my mobility - due to bail conditions, inability to work, loss of data.
 - 43.7.For 10 months now.

44. Humanity is the **Creditor**.
45. **Crown: We The People of Superior Jurisdiction** therefore write Terms and Conditions for this commercial administration which continues to claim power and authorities that are wholly fictional.

46. Please refer to the following Terms and Conditions via the Terra Australis Grand Jurys.

51. It is not binding on Crown that the Private Legal administration attempts to claim dosage of plant matter provided by Nature.

51.1.No such authority exists.

52. Unless a substance is Genetically Modified - a contentious action in its own right, it cannot be patented and therefore is not under the command of a given entity.

53. The substances used for personal medicinal choice in this case, are not patented, and the WA Police have no business being in anyone's personal choice of medicinal use of plant matter.

54. Nor should two parties choose to do an exchange for plant matter for medicinal purposes.

55. This case has dragged on and on due to these foibles of alleged Authority, including Magistrate Lemmon choosing not to recognise the Executor and Beneficiary.

56. Let it be that Magistrate Lemmon proves his claim of authority at the bench.

56.1.No later than 12pm 8 March 2024.

11.2. Thus identifying himself as a Belligerent Occupier and a slave trader.

11.4. Magistrate Lemmon is therefore an Incompetent Trustee and dangerous to the well-being of community.

11.5. This administration has no patent on the plant products used, and therefore cannot legislate over Gods Garden, and has no capacity to interfere in the use of; nor the exchange of, for medicinal purposes.

11.6. And may not impose its statutes and penalties upon Humanity for their quiet and competent use of such medicines.

11.7. This matter is dismissed from the private court system of the PMA, and has incurred appropriate penalties for Magistrate Lemmon of \$666 000.

11.9. Due and Payable immediately.

59.1. 1.1. Health, like many other matters, such as electrical accounting from Synergy in Western Australia, is operated under a Monopoly business model.

59.2. 1.2. It is well known that a monopoly is strictly forbidden in all forms of economics because it limits 'free will' to drive supply and demand in an authentic marketplace.

59.3. 1.3. We can look at just one Natural Health Practitioner of many: Barbara O'Neill, who was driven out of Australia/Terra Australis by a monopoly health regime. Big Pharma and its synthetic 'health' products.

In addition to the above orders, and as a balance to 62.3, I require Magistrate Lemmon to make an **offer** of compensation to terminate this matter once and for all and to put the accounting into balance for the damages incurred by the intrusion of the this system into my affairs, where it had no authority or has waived every opportunity to define its authority.
