### 2. Grand Jury #4 Order #3. 21 December 2021

Industry is called to attention, to cease all dialogues regarding vaccination mandates. Such mandates have no basis in Rule of Law: All Are Equal Before The Law, and are an act of slavery. Caution is raised; that inflicting such alleged 'mandates' on team members does position the individual of that organisation to be 100% liable and accountable for their action on behalf of their organisation, and in exchange for their paycheck. There is no such thing as Corporate Immunity. That is a legal fiction and does not exist in Law.

All contracts related to the vaccination suppliers and the Australian Government, are inherently Null and Void, as such contracts do include the use of the body of individual Australians for which no free will and informed consent was asked for, nor given. This is 100% slavery.

**What say you Jurors?**

**All contracts are Null and Void?**

**5.1.1.** The initial removal of Takara Markwell occurred pursuant to Section 41 of the Children and Young People (Safety) Act 2017 (the Act), and the subsequent interim care and protection order was made by the Youth Court on 4 November 2021.

**5.1.2.** The interim protection order was revoked by the Youth Court on 8 December 2021.

**5.1.3.** In considering claims for compensation, SAFA is required to have regard to the appropriate legislation.

**5.1.4.** In the circumstances of your claim, the above occurred in accordance with the relevant statutory frameworks.

**5.2.** Therefore: Crown: We The People of Superior Jurisdiction recognise that such relevant statutory frameworks are a licence to kidnap and hold hostage children, whilst failing lawful due process that the accused would have the most basic right to be heard, in response to the claim made against her, and that the claimant, by Maxim of Law would have had to prove their claim before exercising any alleged remedy to said unfounded claim and therefore this relevant statutory frameworks is a framework of slavery. Criminal Code 270, 25 years jail.

**5.3.** Nor was the communication a request for compensation. It was a submission of fees incurred as damages for kidnap and hostage.

In the face of the evidence of no court in Australia having any jurisdiction over the matter: Federal Court rejected the claim based on no jurisdiction, and the High Court refused to

4.1. The Department of Child Protection is not a Law unto itself. It is not free to move about the community snatching children from families and submitting claims to the court at a later date and which by recent example, we may see, it does not submit the forms at all. All paperwork of Lawful Due Process must be verifiable at all times.

4.2. Claimant makes a claim. And must prove claim

4.3. Accused must be heard to rebut the claim.

4.4. Judge or magistrate, under lawful jurisdiction, not legal, may make a decision

### 13. Grand Jury #23 Order # 3 3. July 2023

3.1. Based on the Hume Case of 3 children taken by DCP, for 200+ days.

3.2. The Court process is recognised as a fraud.

3.2.1. Producing 5 court hearings during the 200 days, in which absolutely nothing was achieved. The claimant: Gemma Varney, on behalf of the Corporation known as the Department of Communities - Busselton, has not had to substantiate her 7 pages of claims with evidence. She has not been seen in the Court process at all.

3.2.2. The 4th hearing was merely to set a date for the 5th hearing, which was to set a date for the 6th hearing, which would be a trial, and was set for a further 90 days out. That being September 12th, 2023.

Thus of a 2 year order of detainment of the children, almost 1 year of it will have passed before it is ascertained if the claims are valid.

This is gross failure of Lawful Due Process and is thus blatant kidnap, hostage and child trafficking.

3.3. The use of document 424 4/21 is dismissed as a failure of Lawful Due Process.

3.4. Further to documents provided to DCP, the children needed to be returned by midday 30/6/2023. This did not happen.

3.5. Thus denying the authority of FNSC and the Orders written to manage DCP: <https://executiveorders.life/press-release-record/entry/5696/?gvid=2748>

3.6. This matter is to come before a Common Law Court hearing on 30th July 2023 in which public servants, paid on the public purse, will come before a Jury of 12+ and will be held accountable for these **failures of Lawful Due Process** and are subject to accountability for:

contributing to Prisons for Profit and the incarceration of the mature First Nation man: protector of his family and inter-generational family support member. 3.12. Hylton Quail - President of the Perth Children's Court. Conducting court hearings whilst failing Lawful Due Process - thus allowing for children to be displaced from loving family homes before the the claimant had proven their claim. Thus the Children's Court is deemed to be a Court of Parens Patriae - the parent is the State, and Humanity is a perpetual child free to be moved around at will by the State, and in which *family members are often never seen again*.

Terrence Rodd and the removal of Terrence 8 and Lytrel 3 and baby Olivia; by Department of Child Protection, a child trafficking organisation and does appear as a wolf in sheep's clothing, this matter is found to be based in unsubstantiated claims warranting accountability, as by the Sovereign Peoples Assembly of Western Australia (SPAWA) on July 30 2023; Claim # 91714646, in an 8 hour Common Law Hearing, and before a Jury of 13 individuals, in which all 11 defendants were found guilty of all 5 charges of:

1.1.1. Kidnap and Hostage

1.1.2. Torture

1.1.3. Human Trafficking

1.1.4. Slavery

1.1.5. Misappropriation of Resources.

Therefore, as example to all DCP offices throughout Terra Australis, the Busselton Office will be closed by Notice on the windows, and public gazette, and the assistance of the Australian Federal Police. 1.3. The 3 Hume children will be returned immediately, by aid of the Common Law Sheriffs and Australian Federal Police - they being public servants, paid on the public purse, and of inferior jurisdiction to all Common Law matters as they are under oath to a private corporation that calls itself the Australian Government, and the private BAR Guild legal system that refers to itself as Law.

1.4. The children will reside temporarily at XXXXXXXXX

1.5. The Department of Housing will bring the property up to habitable standards immediately, as per professional building codes and standards. Or, as requested by XXXX, a house made available in XXXX , immediately.

1.6. What say you Jurors?

Unanimous Yes.

### 2. Order #2: Closing the Perth Children's Court

2.1. Based on the fact that the President of the Children's Court; Judge Quail, was a defendant in the above named Hearing by Sovereign Peoples Assembly of Western Australia on July 30 2023, Claim # 91714646, and was found guilty by a jury of his peers, it does render the Children's Court to be a court based in a failure of Lawful Due Process, and therefore needs to be closed. The energy in this building is toxic, rendering it worthy of gutting, cleansing and repurposing.

2.3. Current cases for Hearing will need to be suspended, and come before a Common Law Court with a Jury.

2.4. Youth with genuine offences will be given a term of community Service and mentorship, not incarceration by the State in State facilities which merely serve to generate revenues; whilst risking suicide and further emotional and psychological injury to those incarcerated.

2.5. Such a process will be made available as soon as possible within given assemblies, but by no later than September 1, 2023. 2.6. A template will be created by processes established by the SPAWA format to ensure rapid case management and remedy.

2.7. What say you jurors? Unanimous Yes

3. Order #3: 3.1. With regard to the Hume/Rodd case; further to Order #1, section

1.3, and based on the outcome of the Hearing by Sovereign Peoples Assembly

of Western Australia on July 30 2023, Claim # 91714646 there will be no trial September 12, 2023, nor a need for a readiness hearing August 28th, 2023.

3.2. The extreme failure of Lawful Due Process to establish any substantiation of the claims before enacting remedy or in this case; penalty, that is the removal of the 3 children, for now 240 days for Lytrel and Terrence, and 144 days for Oliviah, has been one of such insufferable cruelty, and damages yet measurable, that no further claims about this family will be entered into.

3.3. Full focus will remain on uniting this family of 5.
