United Nations began October 24th 1945

#### 1. Order #1

- 1.1. Other than the writings of the Grand Jury's: we do not have Law written for Humanity. We only have the statutory framework of the economic policy of the visiting, private corporation; that calls itself the Australian Government. In this economic policy, Humanity is a commodity, managed for private profit and called the 'Public'. We refer to the economic policy as the **POSOC: The Private Operating System of Commerce.**

### 5. Order #5

- 5.1. Section 51 of the Criminal Investigation (Identifying People) Act 2002, enables an identifying procedure to be done against a charged suspect's will, where consent is not given, or is withdrawn, or it is not practicable to make the request.

If you do not consent, or withdraw consent to the procedure, you may be arrested and the procedure may be done on you against your will.

This is the harvesting of Biometrics by overruling Free Will. This is slavery. A Lawful Due Process would need to be adhered to for this event to happen, which would mean a claim of crime would need to be made and substantial evidence presented, and the accused would need to be heard. Only then could this process proceed.

What say you Jurors?

**Unanimous Yes**

### 6. Order #6

- 6.1. Police taking phones and/or computers, and/or any communication devices.
- 6.2. Based on what?
- 6.3. Why?
- 6.4. Downloaded to where?

**9.2.** This is blatant land theft.

**9.3.** Trusts like the Aboriginal Land Trust, holding **22 million hectares of land** are deemed **Null and Void**, due to poor execution, ie insufficient signatures 12/70: even six years later, and a gross imbalance of capacity to access legal advice in the creation of the Trust, whereby the Government side of the Trust had unlimited access to advice, paid for by **Crown:We The People of Superior Jurisdiction**, and the First Nation People would have had zero access to legal advice. 866 pages.

What say you Jurors? The Aboriginal Land Trust is Null and Void?

**Unanimous Yes.**

### 13. Order #13

#### 13.1. The Voice in Parliament:

13.1.1. Based on the release of a document into Government on 20.3.2023, the Voice in Parliament was suddenly initiated by the State of South Australia.

26.3.2023 Even skipping the much promoted referendum process.

13.1.5. Nor should the legislative process of Parliament have the capacity to override and/or decide what First Nation may deem acceptable for Resource use on Terra Australis, simply because it has a Voice in Parliament.

### 14. Order #14

#### 14.1.Mortgages:

- 14.1.1.Mortgages contain a hidden Power of Attorney. An irrevocable Power of Attorney, which allows the bank to do whatever it wants with your primary asset. And it does.
- 14.1.2.This facilitates the bank to take your asset and gamble it in the securitisation arena, creating a second set of investors on your asset.
- 14.1.3.Your interest repayment to the bank, is the income for this second set of institutional investors. That is insurance and superannuation, and other.
- 14.1.4.Thus humanity is in a private construct of commerce, working harder and harder each day, to try to keep up with the demands of the mortgage document and its hidden agenda.
- 14.1.5.Whilst this system is finished, the trickle on effect may still take time and thus in the interim, banks must make it clear, with a separate document and signature that the Power of Attorney exists, and what that facilitates the bank to do, which is to securitise the property without the Originator's free will and informed consent.

What say you Jurors? These details must be made transparent or the matter is one of **Unconscionable Conduct**.

**Unanimous Yes**
