INDEPENDENT AUDIT AND INVESTIGATION

By Crown: We The People of Superior Jurisdiction

Maxim of Law: First in Time, Best in Law

In Law (Sovereign / People):

The **People** hold **original title, jurisdiction, and custodianship** of the land and its resources. This authority is inherent, not granted. The People are the **source of Law**, not subjects of it.

In Statute (State / Legal):

The **State Crown and Government** hold **only administrative use**, operating as **trustees and usufructuaries** under statute and legislation. Their powers are **delegated, limited,** and **conditional** upon serving the People. Statute and legislation do **not override** original **Law**.

Maxim of Law:

“Title is with the People; use is with the State.”

2025-900-111

17 December 2025.

1. Accountability for trespass and damages upon the Living and the Law, by the State, whilst in Default and Dishonour, conflict of interest and failure of Lawful Due Process.

2. The Privatisation of Law: Crimes Against Humanity.

- 1. Maxim of Law: The Law belongs to the People.**
2. It must accessible, affordable and easily comprehended.
3. This matter is witnessed as a byproduct of the privatisation of Law by a closed legal fraternity.
4. That fraternity then manages it's State owned Legal system as a monopoly business model and calls it Law.
5. Alleging to have the capacity to patrol the landscape for natural behaviour based in discussing Law and refer to it as 'Lay People' and penalise accordingly by threats of prison and financial burden, under a **Statute** called Uniform Law 2022.
6. The People have no binding to such a Statute.

7. This is the theft of Law by Administration

1. Law itself cannot be privatised.
2. Through administrative instruments, the legal profession has relabelled law as a licensed service, reserving interpretation and participation to those holding State-issued certificates.

executiveorders.life E: wethepeople@executiveorders.life

3. In doing so, the legal profession have converted a birthright of the People into a private monopoly business model. Thus enslaving the People.
4. Having seized control of access, they now criminalise the people for touching what was always theirs, imprisoning men and women not for violating law, but for refusing to submit to its privatised administration.
5. This is not justice. This is slavery.
6. This is the unlawful appropriation of the People's law by an alleged 'professional' class acting under a dead corporate State that holds no original authority and no living sovereignty.

8. Foundational Principle

1. Law is not a commodity.
2. It is not owned by the State, the courts, or the legal profession.
3. True law arises from:
 1. custom
 2. reason
 3. conscience
 4. and the people themselves.
4. Any system that **treats law as a licensed service** rather than the Peoples Rights; commits a category error — and that error is where corruption enters.

9. Maxims of Law :

PAFROL. GLOBAL. Established 2021

Rule of Law/Lore: All Are Equal Before The Law

All Superior Rights Reserved Under Rule of Lore/Law At All Times

executiveorders.life E: wethepeople@executiveorders.life

1. Law derives its authority from the people, not from professional boards, statutes, or certificates.
2. A remedy cannot be conditional upon purchasing access to a licensed intermediary. If access to remedy requires a paid professional class, the right itself has been impaired.
3. A regulatory scheme that affects *all people* but is controlled by *a private professional class* violates this maxim at its root.
4. Even if the people delegate authority to the State, the State cannot lawfully re-delegate sovereignty over law to a private profession.

10. Where the Corruption Occurs

1. Mischaracterisation of Law as a Licensed Activity
 1. Through instruments such as:
 2. practising certificates
 3. restricted rights of audience
 4. prohibitions on “unauthorised legal practice”
 5. the system relabels access to law as a *professional service*, rather than a *birthright*.
2. This results in:
 1. gatekeeping
 2. monetisation, not protection

Planet Earth
Planet Heart

Rule of Law/Lore: All Are Equal Before The Law

<https://executiveorders.life> wethepeople@executiveorders.life

3. professional convenience, not justice.

11. Legal Practitioners of the private BAR Guild: British Accredited Registry, referring to themselves as Lawyers.

1. These People, and their corporations, do not own the Law.
2. They are neither its source nor its sovereign.
3. When these People and there corporations assert exclusive authority over interpretation, access, or remedy; it is beyond lawful power — and in breach of the very maxims upon which law stands.
4. The moment law is treated as something one must pay a licensed intermediary to touch, law ceases to function as law and becomes administration — and administration is always subordinate to law.

12. In conclusion:

1. Law cannot be privatised.
2. Access to law has been corrupted by professional monopolisation.
3. The error is not legal; it is conceptual, moral, and fiduciary.
4. The correction lies not in more regulation, but in restoring law to the people from whom it derives.

13. This is the Restoration of Law and Lawful Due Process.

3. The State does not understand that it is not the Landlord.

2. It is not practicing Law.
 3. It is practicing Legal.
 4. It is not in charge of the People.
 5. It cannot write Statute and call it Law and rule over the People.
-
4. What does it take for this machine and the People plugged into it receiving a paycheque from **Crown: We The People of Superior Jurisdiction**, to comprehend these very simple basics in Law ?
 1. This machine is not Human.
 2. It is a violent Human Harvester.
 3. It functions and protects itself by gaslighting the People.
 5. Consequently, because there is evidenced ZERO to LOW capacity to follow standards of **Lawful Due Process**;
 1. Example: 19 000 People in jail on remand
 2. That being: violation of **Maxim of Law: Innocent until proven guilty**.
 3. Example: **11 x** First Nation children in State care, compared to others in Community.
 1. The 'Stolen Generation' continues.
 2. 'Sorry', issued by Prime Minister Rudd, means nothing.

2. This is an absurdity in Law.
2. The Commander of Michaela McGurdy is now called forward for issuing command to young and inexperienced legal practitioners to threaten a Mother and a Grandmother in Community.
3. 533 days of harassment.
 1. This is a loss of culture.
 2. This is an extreme violation of traditional Community structure.
 3. All whilst being in profound **Default and Dishonour**.
 4. Refer to 2025-833-007.
12. **Eloise Langoulant**, also relatively young, took the lead,
 1. To discuss what **they thought** was happening with the matter.
 2. To tell us the Board had agreed, '*we were being PROSECUTED.*'
 3. Despite the profound **Default and Dishonour** as indicated in 2025-833-007.
 4. This organisation was prepared to forge forward as if answerable to nothing and no-one. Certainly not **Default and Dishonour**.
 5. We were to be PROSECUTED in their own State Courts.
 1. A gross conflict of interest.
 2. But again ignored.
 2. '*And the Board had their evidence they were using*', she told us.

3. This individual who has unresolved matters with the Elder assisted, has gone on to create this matter. And has then disappeared himself behind the Board.

4. This is a failure of **Lawful Due Process**.

Further: what did become clear in the conversation with Michaela McGurdy was: the existence of a Committee within the Board: PAC, who decides our Private Lives were fit for Prosecution by this off shore corporation called **AUSTRALIA** and the **COMMONWEALTH of AUSTRALIA**, which refers to itself as 'Government'; and

has privatised Law behind '**licenses**' and alleges it can prosecute the Living in Community, without consequences.

1. This is a private commercial game with no basis in Lawful Due Process and is a crossing of jurisdictions.
2. **The Professional Affairs Committee. PAC**
3. Is a sub committee of the Board, consisting of 13 People, who allegedly have the power to prosecute People if they decide to, even though there is a crossing of jurisdictions.
4. And these People are **PAID FOR ON THE PUBLIC PURSE.**
5. This is a misappropriation of funds vested in crossed jurisdiction and has no basis in **Lawful Due Process.**

14. Maxim of Law: Law belongs to the People. It cannot be privatised.

15. Note in their functions below; they assign themselves the following:

1. *'The **reservation** of Legal work and related matters, including the prosecution of **persons**, engaging in unqualified practice and approval of lay associates.'*
2. **Crown: We The People of Superior Jurisdiction** are not 'persons'.
3. Law does not live behind Licenses.
4. It is free.
5. It exists in Nature and Natural Law.
6. Of which the People are a part of.
7. Thus it is inherent in our Lives, not made up in Parliament.

8. Statute, Legislations, Acts and Policies cannot be Superior to **Maxim of Law**.
9. The People have no binding to what the State decides behind its licenses.
10. The use of State products is upheld by a monopoly business model, a strictly forbidden model due to the suppression of supply and demand, and is maintained by actions of violence should one decide not to use the products.

16. **The LEGAL PRACTICE BOARD of WESTERN AUSTRALIA** has marked us in its diary for 2026.

20. Acting out its game that the State is in charge of the People.

21. An impossibility in Law.

22. This is misappropriation of Public Funds.

23. No Authority exists from the People, for this expenditure.

24. This matter is **Discharged and Dismissed with extreme prejudice**.

16. This failure to follow instructions and not alert others has positioned **Michaela McGurdy** in the following way:

3. provide confirmation and proof that such notification had occurred.
4. **This did not occur.**

3. In Document 2025-833-006, it was further required that:

1. the named individuals themselves provide evidence that they had been notified, and
2. such evidence be provided within a defined time.
3. These requirements were explicit, time-critical, and directed to ensuring informed oversight by the Board.
4. **This did not occur.**

4. Omission: Confirmed Non-Notification

1. At Court on 12 December 2025, **Michaela McGurdy** confirmed that she did not notify the Board of the prosecution as required.
2. Thus violating **Maxim of Law: All Are Accountable for their Actions.**
3. No proofs of notification have been produced to date.
4. The omission is therefore recorded as a fact, not an allegation.

5. Foreseeable and Actual Prejudice

1. Failure to notify **The LEGAL PRACTICE BOARD of WESTERN AUSTRALIA** of material Notices and time-critical issues foreseeably resulted in prejudice, including:
 2. continuation of a matter that may otherwise have been halted,
 3. absence of informed consideration by decision-makers, and
 4. escalation into further court listings and compelled appearances.
5. The prejudice was entirely avoidable had the required notification occurred.
6. And documents provided were read.

6. Governance Defect and Taint of Process

1. A process that continues while the governing body is not informed of material Notices served upon it is **administratively defective.**
2. Any continuation occurring in those circumstances is tainted by:
 3. lack of informed oversight, and
 4. absence of proper governance.

5. Decisions made, or allowed to continue, without such oversight are **Null and Void**.

7. Causation and Attribution of Injury

1. All injury reasonably flowing from the continuation of the matter after the point at which Notification should have occurred is attributable to:
 2. the failure to notify, and
 3. any Individuals who authorised or permitted continuation without first curing that failure.
 4. Those individuals should identify themselves.

8. This includes, without limitation:

1. the injury of being compelled into further court process:
 1. 12 December 2025 and
 2. 17 February 2026 despite extensive Notices provided
2. Indicating profound **Default and Dishonour**.
3. Thus indicating incompetence in Law.
4. And the ongoing time-cost and prejudice already particularised elsewhere on the record.

9. Personal Accountability for Omission

1. An administrative or staff role does not extinguish responsibility for an omission that materially affects the course of a matter.

2. Where an omission enables continuation of an adverse process, accountability attaches to the human actor(s) responsible for:
3. the omission itself: **Michaela McGurdy** and Others
4. any knowing continuation thereafter.
5. **Maxim of Law: Notice to Agent is Notice to Principal and Notice to Principal is Notice to Agent.**

10. Required Cure and Disclosure

1. To cure the defect created by the failure to notify, the following must be produced by

3. proof of circulation: email headers, distribution lists, timestamps, or a sworn statement that notification has occurred;
4. identification of the Individuals who authorised continuation of the matter after notification had occurred, but was not disseminated.
 1. **Maxim of Law: Notice to agent is Notice to Principal and Notice to Principal is Notice to Agent.**
