Re: Mandatory Vaccination Requirements

Dear team member,

Today the Victorian Government has introduced new requirements around vaccinations for authorised workers. Under these requirements, it is mandatory for workers at Bega Morwell to receive at least one dose of a COVID-19 vaccine by the 15th of October 2021, and be fully vaccinated by the 26th of November 2021.

Please see the attached media release from the Victorian Government for more information.

We understand that you may have questions about how this will work at our site. We are seeking clarification and expect to be able to provide an update with further information early next week. Please pass your questions to your leader.

Regards,

Tim Fleay
Yoghurt Category Director
