FINAL REPORT
Term 4 2021

Report Grades

Term 2 and Term 4 reports provide either Progress Grades or Final School Grades for the subject. This report is one of a number of strategies used to communicate with you about your child's progress.

Progress grades are an indicator of learning progress completed up to the end of the reporting period.

Final grades are the final school grade for the semester subject and includes all learning achievement for the period of the subject.

One Plan – indicates the documented adjustments made for the student will not be graded.

Attendance is the number of lessons attended out of the total number of lessons for that particular class, expressed as a percentage for the year.

For more information about your child's engagement and achievement please refer to:

D	Your child is demonstrating partial achievement of what is expected at this year level

You are encouraged to contact relevant teacher/s to discuss your child's progress.

'You can ask the school to provide you with written information that clearly shows your child's achievements in the subjects studied in comparison to that of other children in the child's peer group at school. This information will show you the number of students in each of the five achievement levels.'
