1. POEM:

And the Wise Woman said to the People....

*If she attend the Court
and she request to the individual
who wears the title Judge
Please Sir may I have my inherent God given rights
to not be vaccinated to keep my job...*

*And the Judge ponders
And she sits and waits for the reply
Weary after her sleepless night of concern
Broke having spent her coin to travel to attend
And her time not working*

*Please Sir may I have my God given rights
to not be vaccinated to work and feed my family*

*And surely
Surely
If she must endure through this whole process
and wait with anticipation for his reply*

Surely, she is a Slave.

Welcome to the Great Awakening.

2. INTRODUCTION:

Welcome to the Inaugural Australian Grand Jury 2021.

*...It is the absolute duty of the People to remove tyranny
when it encroaches upon the freedoms of the People...*

3. Australia is currently under the global magnifying glass, as other countries witness, in horror, the violations of the People; by the **public servant** sector, 'The Australian Government'.

Is it a public servant ? Or is it a private legal system, masquerading as 'government' ?

For many reading this, you already know the answer to that question. And for many others, who are captivated by the mainstream media vaccination campaign, the pandemic seems all too real. Throughout history, and around the world, we have unfortunately seen this psy-op blueprint many times before. It has been perfecting itself through the decades, finally launching a global version of itself.

It is a Law breaker and a time waster! It is war. A well documented war. 'Silent Weapons for Quiet Wars', a confidential, but leaked, Bilderberg paper, that found it's way into the hands of the The People outlines the strategies: divide, degrade, demoralise and conquer through fear... phase the changes in, tire them out, make them docile to encroaching loss of freedoms and **depopulate them so any outstanding financial obligations do not have to be paid.**

- A valid cliché: 'follow the money'. BioNTech/Pfizer: that would be: BioNTech : bio and technology : **your biology mixed with some technology**: that is likely going to kill you, make you infertile or permanently injure you, issued shares at \$13.82USD October 11, 2019. Just 6 months before the 'pandemic'. Wow, that was good timing, wasn't it! Today, September 21, 2021, they are valued at \$339.01 USD. That's an increase of **2353.04%**.*

*Wow, pandemics are super good for business aren't they ? Especially when there are **8 billion customers** having it **forced** on them to use this privately owned 'product', whether they like it or not. Whether they believe in it or not. And if they don't like it, or want it, that's ok, they can have their life ripped apart as an alternative. Brought to you by your friendly psychopathic corporation alleging to be your government and who believes it 'owns' you. You are its 'property'.*

- The type of extreme violations we are experiencing in the current landscape, such as failure to acquire **informed consent**, and the random, 'alleged authority' of 'mandatory', are standards in Natural Law that were addressed at the 1947 Nuremberg Trials, and on many significant occasions prior to that.

And yet; We, The People, must waste our valuable time, asserting them again because belligerent, uneducated public servants, and associated corporations, think they can break the Law and get away with it. **But they can't. And they won't.** Because God Wins. As a humanity, we are done with it. The time is ripe to be done with it, as is disclosed in these following pages. So please read on. Humanity does not even know what it is capable of yet; having been forever burdened with this **lawlessness** and this tired cyclical game of oppression.

- Did you know you are **property** in a private trust; a private corporate crown: called Unum Sanctum, since 1302? Created without your knowledge or informed consent. Created by **Pope Boniface VIII**, in response to the rise of the People organising and defining **God's Law** via the solidification of the*

Magna Carta, in 1297, originating June 15, 1215.

5. *And because of Unum Sanctum, did you know you do not access **Law** at all ?
Only legal. That being a subset of Law. And consequently you have been classified as **church property**: the 'human herd', 'cattle', 'chattel', a 'thing', incompetent, an idiot, lost in the Holy See, salvaged, bonded, disposable.*

6. *And that everything you regis-ter (regis = crown) into the private corporate crown is beholden to its rules and regulations, terms and conditions, and alleged authority. Including yourself; with the registration of the privately owned birth certificate system, implemented July 1, 1837. And replaced the settlement certificate of the Settlement Act 1662, in which the Parish granted permission for individuals to move from borough to borough. Sounding familiar? "Papers please!"
Is it the Government issuing these mandates ? Or is it the Parish ?

Consequently, you are under the management of the '**Board of the Guardians**', formulated in the Poor Laws originating in 1535, by Henry VIII and advanced in 1601 by Queen Elizabeth I, and further defined in the Poor Laws amendment Act of 1834 giving rise to advancing The Board of the Guardians via the Magistrates and Judges.*

7. *In Australia, we refer to the 'Board of the Guardians' as Ministers, such as Prime Minister, Minister for Education..... Is Australia a giant church directed by Ministers ?
And 'We, The People' the poor ?
Managed by the 'Board of the Guardians', under the 'Poor Laws' ?
Is there a 'P' in the passport, under Type, to indicate 'poor', 'peasant', 'property' ?
And whereby the 'Board of the Guardians' in Australia, and around the world, have succumbed to the imploding equation of the corporate crown and decided, in order to maintain control, it is time for **its** 'human herd' to be vaccinated, sterilised and de-populated ?*

*If you have done your research,
you know we are in a time of the 'de-population agenda'.*

8. *Did you know that your energy has been monetised; inside the private **Rothschilds** banking cartel, since 1913? This system failed **due process** and snuck into power on Christmas Eve, when Congress was on holiday. Oops !!
You are harvested by this system, and loaned your life force back to you, your life force 'current'. Hence currency. It is loaned back to you, with interest, to control your access to your **inherent**, essential resources like food, a home, or a car, or a business, and you thus become a debt slave to a private banker.*

9. *Did you know, in Law.....
the private ownership of the People's currency is **strictly forbidden**?
It is called slavery.
That's why a private legal system runs this paradigm, not Law.
A private legal system is a subset of Law. It is not Law.
Did you know that when President Abraham Lincoln tried to replace this private currency with a people owned currency, he was assassinated ?*

10. *Did you know that when President John F Kennedy tried to replace this private currency with a people owned currency, he was assassinated ?
Did you know that when this system was attempted to be replaced at 10am on September 11, 2001, the world was given the 9/11 Twin Towers holocaust and the fake 'war on terror' began, costing millions of lives ?*

11. *And when that system inevitably implodes upon itself,
in trillions of dollars of compounding debt,*

*like this system did in 2008 with the Global Financial Crisis,
did you know one of the remedies; is simply to **kill off the population**
that it is responsible to provide for ?*

Superannuation, elderly people, first to be vaccinated.....

Did you know 8 million children per year disappear? Where do they go?

12. *Hello Covid19 , and **the depopulation agenda.***

This is the The World Economic Forum 'Great Reset,'

brought to you by Klaus Schwab,

*son of Fred Schwab and Marianne **Rothschild.***

13.

Did you know any of that ?

Maybe. Maybe not.

But regardless, as a humanity, what do we do about that ?

*Addressing the actual **historical architecture of the systems** humanity finds itself
entrapped in, is the answer to the current day issues. If we know what we are inside of, we
can get ourselves out of it.*

14. Most people have no idea what they are inside of. Because it is centuries old and well hidden. Because it is not taught. Because in Australia, the Constitution, whilst being a flawed document by failing to recognise and provide for the First Nation people; but was a voice of 'We, The People', has not been taught in schools for 50 years. Because it is not operating in Australia, despite the many attempts to pretend that it is. And thus producing a sadly dumbed down society, who have found themselves clueless in Law, in the face of these encroaching tyrannies. Much like finding themselves gunless, following an 'alleged' mass shooting at Port Arthur, April 28, 1996. The military and police have guns, the people don't. But the military are public servants, beholden to

the will of the People. The People are Law. Law wins.

The average individual knows nothing about Law, or due process, or their rights. So much energy is wasted on punching at shadows and trying to outwit 'the system'. When in fact, to know it, see it and understand it, provides an easy exit.

You are inside a private legal system. Not a lawful system.

The remedy is to change jurisdiction.

But what does that look like? Please read on.

15. ***And therein lies the key to the exit door: Law.*** The key from all the lawless insanity of lock down, 'mandatory' masks, 'mandatory' vaccines and travel passports. These are all tools of slavery. They are tools of a private legal system, that alleges to own you as its 'property'. They are not tools to give you back your 'freedom'. They are not your 'new normal'. They are control mechanisms to break you, and kill you, so the current broken system does not have to provide for you.

16. ***Did you know, in Law, there is no such thing as 'mandatory' ?*** Because that would deny 'informed consent'. Which would be **slavery. Criminal Code 270: Slavery, 25 years jail.**

What about the defining echo of the relentless dialogue of the great '**sickness industry**'; the privately owned, pharma profiteering business model where you are it's customer, no one is liable, lies and tricks abound, and if you get injured from the jab cocktail, that's your problem! But that is what is happening in the **private legal** system.

17. ***Did you know, in Law, there is no such thing as 'no liability' ?*** That only exists in 'legal'. This entire Covid19 landscape that has stolen your life, and harmed and killed your loved ones, is a

fraud and is dependent upon a **fictional** concept that *'no liability'* exists. There is no such concept. That is a fraud upon the Consciousness of the People. 100% liability exists. That is maxim of Law: All are responsible for the choices they make. Can you imagine all the dialogues that **wouldn't** have to happen if humanity was operating in Law? And all the legal cases that **wouldn't** be brought before the private BAR Guild Courts, also known as as the Board of the Guardians, to be tiresomely debated and tossed about, if we were operating in Law? And all the time wasting and distress and broken businesses and suicides and lethal injections that **wouldn't** happen, if we were operating in **Law** ?

18. **Did you know, in Law, there is no such thing as 'corporate immunity' ?** That only exists in 'legal'. "I was just doing my job." No, that does not exist. Because a corporation, is a 'legal fiction', a construct created in the minds of the People. It is a corpse, a dead entity. It is not a sentient Being. It is an artificial intelligence: an AI, and therefore can never have superior jurisdiction over a Sentient Being. **Never**. So how could it possibly protect you from your own choices and actions ? So be careful what your employer wants you to do in exchange for your pay cheque. Because, you are 100% liable.
19. **The Great Reset:** kindly delivered to you by Klaus Schwab, son of Fred Schwab and Marianne *Rothschild*, there's that Rothschild name again; burgeons from a family tree, centuries old, where the cousins all marry each other to maintain control and never have to share with the greater humanity that they harvest energy from, every single day. According to them, and their vast architecture of accompanying controlling families, all unelected in these global decision making enterprises, you are **their human herd**. You are their 4th industrial revolution for them to make their next round of billion\$ on. Welcome to your *'new normal'*, kindly designed by the old slave masters.

'You can have your life back if....'

20. No thanks! It's called treason, fraud, extortion and slavery. And for these reasons, the ***Inaugural Australian Grand Jury 2021*** does convene to implement Law in Australia and to put to rest, once and for all, this private, corrupt, legal system. And implement **Rule of Law: All Are Equal Before the Law.**

Remember those 6 words: 'All Are Equal Before the Law'.

They are the measuring stick, by which all creation must emanate,

if we are to avoid this current situation again.

The People decide what happens on Planet Earth. *The Meek Shall Inherit The Earth Matthew 5:5.*

That is called Law. God's Law. **Rule of Law: All Are Equal Before the Law.**

21. Not the public servants, and not the unelected bureaucrats of the global conglomerates; the privately owned, interwoven corporations masquerading as 'government' or world global thinkers on behalf of humanity. Also known as thieves, liars and slave traders. We've heard enough from them and seen enough of the mess they have made of our Planet Earth: and what should be an exquisite human experience. Instead; driving suicide through the roof, and businesses into the ground. They are an ***unnatural disaster of epic proportions***, and globally, they are hereby dismissed for gross incompetence and failure to adhere to **Rule of Law: All Are Equal Before the Law.**
22. Consequently, in Australia, no less than thirty six (36) astute Australian jurors; of sound, competent and highly educated mind: of loving, open and honest heart, and utilising the tools of Law/Lore to form a Grand Jury, and, in step with the greater Australian population, now organising itself to overcome the present day tyrannies, have come together to instate ***the highest and most simple Law of Planet Earth***, by which all matters are measured; on this land mass, lovingly known as Australia.

That Law is : **Rule of Law: All Are Equal Before the Law.**

23. The Grand Jury has convened to dismiss the current 'Australian Government', a private corporation, operating in a private legal system under the private BAR Guild, and Unum Sanctum 1302. This system does not adhere to **Rule of Law: All Are Equal Before the Law.** Instead it has engineered, through it's 4th industrial revolution of private profiteering; a two tier society, thus violating the very essence of **Rule of Law: All Are Equal Before the Law.**

24. Thank you Australian Government for giving; We, The People, such clear evidence of extreme and gross failure of **Rule of Law: All Are Equal Before the Law,** thus deeming it an obvious, and non debatable need, of emergency standards, to immediately dismiss and dissolve you.

And so it is. 5.22am AEST, 23rd September 2021

25. This 'Australian Government' entity, alleging to be a duly elected Constitutional Government, of which it is not, was **never designed** to adhere to **Rule of Law: All Are Equal Before the Law.** It does not adhere to it today, and is not structurally designed to **ever** be able to adhere to it. It is a slave system and can never be anything more than what it was originally designed to be: a slave system; in which you are its property. This architecture will be disclosed in the pages that follow.

Specifically, this Westminster system is an outdated, obsolete system; failing to serve the Australian People to the appropriate standards of **Rule of Law: All Are Equal Before the Law,** required in this new Age of Humanitarianism.

Welcome to the Great Awakening.

26. ***Let's get some perspective on what all that means:***

It is useful to go backwards, in order to go successfully forwards; *for those who do not know their history, are destined to repeat it.* Historically, we will venture back to the Great Charter: Magna Carta June 15, 1215, and what that initiative was all about. Amid **inequitable** conditions, the Barons invited King John to sign the Magna Carta, the Great Charter, agreeing to: **'Rule of Law: All Are Equal Before the Law'**.

Yes even the king is beholden to the same laws bestowed by **The Creator, God Almighty**. Reluctantly King John signed the Charter, acknowledging that **'We Are All Created Equal'**. At the time, Pope Innocent III, however, did not agree with the signing of the Magna Carta. It served as a threat to the controls of the Vatican. *This culture is critical to note.* Regardless, thus is born Magna Carta, the Great Charter of **Rule of Law: All Are Equal Before the Law**.

So that was :

- 806 years ago
- 3.25 Pluto cycles ago
- 4.88 Neptune cycles ago
- 9.59 Uranus cycles ago
- 27.32 Saturn cycles ago
- 67.16 Jupiter cycles ago

27. And yet, in 2021, We, as a humanity, still do not experience or enjoy this basic, fundamental quality of life: of **Rule of Law: All Are Equal Before the Law**. Instead, we as a humanity are experiencing a tyrannical imposition of a privately owned experimental cocktail into our bodies, against our **free will and informed consent**. This is lawlessness.

Instead, our **'public servants'**, those masquerading as a Constitutionally elected government, have decided we will live in an increasingly divided society. A 2 tiered society; of the 'vaccinated and the unvaccinated'. *We, the People*, are not only taunted by a gross failure of **Rule of Law: All**

Are Equal Before the Law, but the People still engage in **slave** behaviours such as fighting, protesting, and 'petitioning' the public servants, not understanding they are in a **private legal system, not a lawful system**.

28. In a private legal system, in a private trust, the People cannot be seen or heard. Because they are 'herd'. They are property, to be managed by the Board of the Guardians. Right now the 'herd' is being administered a new experimental vaccination. By the farmer. Big Pharma.

So how do we remedy that?

We step out of legal, into Law.

How do we do that?

Please read on. The power of the 'word' is God. And so it is.

29. Public servants have been empowered by the, now defunct, power structure, and foolishly believe, they are rulers, and enact atrocities upon the People, via nameless, faceless systems; managing the People as if they were 'children', or idiots, or disposable. As we have witnessed, many times now, with armed Police accosting unarmed People who were simply voicing their fundamental right to free speech. Shooting them at point blank range with rubber bullets. Incarcerating them in high security prisons, in isolation for 21 days, for merely voicing a most fundamental right; of free speech. And the critical reason for that, is, in their system, you are property. Your inherent humanitarian 'rights' are not recognised by this **private legal system**.
30. The public servants remove our most basic, inherent, God given rights of **free will and informed consent**, when they write and pass absurd orders and legislations within the, now defunct, Westminster system, in pursuit of a WWII landscape of 'papers please', or more accurately in today's landscape; 'QR code please', 'vaccine passport please'. Or the latest one; the 'freedom pass'. One must ask, are these people real, or simply a 'movie' ?

31. Privately owned, mainstream media spins outright lies all day long, confusing people and influencing them to consent to having privately owned experimental cocktails injected into their body, in the name of 'health'. And package it up nicely alleging it is to '**keep you safe, look after each other, get your life back, it's the only way....**'. In the links and resources below, section 9, you will find the World Bank marketing strategy where that dialogue is formulated. Public servants, happily move against the **free will of the People**, destroying lives, business and psychology, in exchange for their pay cheque. Thus they are treasonous. And increasingly corporations are now engaged as the Tier 2 Slave System (T2SS); enforcing 'mandatory', so the government does not appear to be overruling the, allegedly functioning, Australian Constitution, and the **free will of the people**. **But it is**. In this action, it deems itself incompetent. Because whether it perpetrates the lawless action itself, or it allows the corporate landscape to perpetrate lawless action, it still fails to act in the best interest of the People, even when they are screaming their wishes at them. And there you have it, you are property, that cannot be seen nor heard. The human herd, property of the church.
32. These **public servants** are either wholly ignorant of Law and history, and/or are guilty of wilful **treason and slavery**. As are the CEO's of these corporations, now enforcing mandatory vaccination to keep your job. But these people are stupid. They must have never heard of **Law and the Nuremberg Trials**. If the current landscape were not so serious, one might say it is a comedy of errors, perhaps something like the *gazette*; The Tru-man Show, starring Jim Carey. Carey 'wakes up' to discover his life has been a terrible lie, based in a well oiled deception by a controlling hand. Sounding familiar?
33. Or perhaps a more serious outcome might be the Nuremberg Trials, 1945-1949, in which perpetrators violating the **free will of the People** were **hung**. Thus clearly defining what is acceptable conduct in **Rule of Law: All Are Equal Before the Law**, and what is not.

Alas, we seem to be repeating these same, hard won, defining moments in human evolution. Have

people been asleep? Do they not know these boundaries of liability ? It would seem not. In **Law**, **all are accountable for their actions**. In Law, **corporate immunity does not exist**. In Law, 'I was just doing my job', does not exist. **100% liability does exist**.

34. **Rule of Law: All Are Equal Before the Law** allows for all perpetrators of treason and slavery to be brought out into the light and trialled for **Crimes Against Humanity**. Failure to acquire **informed consent** is **treason and slavery**. We only have to look to the Nuremberg Trials to see the outcomes of those crimes.

35. As our rights are removed, We, as an Australian People, and indeed, as a global community, fail to remove those who violate **Rule of Law: All Are Equal Before the Law**. Instead, preferring to argue with them, protest and petition them. This needs to stop. People turn to the long winded processes of the Westminster Court system. When the answer lies in innate 'knowing'. We do not need to consult 'a few decision makers', for that which we know in our hearts is right or wrong. The Courts are part of the 'Board of the Guardians', a private legal system, administering you, it's human herd. They do not deliver the remedy the People seek. Already 806 years have passed since the Magna Carta and the same matters are still being fought for. The entire paradigm is tiresome and redundant. And we are done with it. Be gone.

Welcome to the Great Awakening.

36. Public servants and employees of associated corporate bodies engaged in creating a two tier society of 'the vaccinated and the unvaccinated', will be held to account by Law, for Crimes Against Humanity. Because that is what Law is; the balancing of the scales. If we must repeat the blueprint from the Nuremberg Trials because we did not learn from our history, then so be it. Law is a frequency unto itself. It is not created in the minds of men and women inside Parliaments. Use it wisely, for like water, it will always seek a balance point.

That time, is now.

3. SNAPSHOT OF ESSENTIAL CONCEPTS TO FOLLOW:

1. Good Trumps Evil. Every time. It is an energetic frequency.
2. Evil is a subset of Good. It is the fallen ones who challenged themselves to live beyond the Laws of God. But the part can never be greater than the whole from whence it came. So the end is inevitable. Good wins. God wins. Love Wins.
3. The highest vibrational frequency is Love. Welcome to Planet Eart(h). Planet (H)earth.
4. The People, at all times, hold Supreme and Superior jurisdiction under **Rule of Law: All Are Equal Before the Law.**
5. This jurisdiction may also be referred to as **Crown Jurisdiction.**
6. Law holds legal accountable.
7. Legal is a subset of Law, and may not be Lawful at all.
8. Legal is the system that the fallen have chosen to use.
9. But it is a subset of the greater whole, Law.
10. Thus legal is always beholden to Law.
11. You have been inside a private, *undisclosed* trust for 799 years. Unum Sanctum 1302.
12. You are therefore under Guardianship, without your knowledge or informed consent; deemed to be incompetent, a child, lost at sea, or of ill mind.
13. You have been managed by a private legal system, not a lawful system.
14. You have been managed by a private *undisclosed* 'Board of the Guardians'. Poor Laws 1535.
15. You are deemed to be the property of the Board of the Guardians.
16. Your energy has been collateralised, monetised and loaned back to you, with interest. The privately owned Federal Reserve Banking system of 1913. Masquerading as government by use of the word Federal.
17. Your access to natural health remedies has been sanctioned, since at least 1914.

18. It has been replaced with the privately owned, patented, Big Pharma industry.
19. The Australian 'Board of the Guardians' holds a Futures Fund worth \$226 Billion, that naturally belongs to community, since governments can only ever be the administrators of the People's resources, even though you may be homeless, hungry, or cannot pay your electricity bill.
20. The Chairman of the Board of the Guardians, is also the Chairman of Channel 9. This is a gross conflict of interest. But no one in the Board of the Guardians deemed it a conflict of interest endangering the Australian people. So that is being done now.
21. As property, and as part of the human herd, you are maintained at a 'survival' level. Not a thrive level. That was all the Church, as your keeper, was required to deliver. However you may suffer, is irrelevant to the 'Board of the Guardians'. Or it would have easily fixed the homeless industry for example. Instead it spins a dialogue of, 'it's a complex problem' and creates a 10 year plan, despite being able to completely reinvent society with the Covid agenda, in a matter of days, weeks and months.
22. The Covid19 virus is a privately owned, manufactured and **patented** bioweapon. **Nature cannot be patented.** The virus is privately owned and manufactured for profit.
Coronavirus: US-Patent 10130701
23. The Covid19 landscape is a global MEGA billion dollar business model, securing \$160 Billion in contracts by June 2021.
24. You, and your body, are its customer. Whether you want to participate in its marketing strategy or not, and the use of its products or not. That is irrelevant, as far as it is concerned. If you do not use its products, it will simply rip your life apart.
25. There are 8 billion bodies for this business model to use. All allegedly requiring multiple shots per year. Plus it has many more variants to patent.
26. If you are injured or die using the 'experimental vaccine' products of this privately owned business model, it does not care. It is indemnified, in a legal framework, *not a lawful* framework; against any responsibility. *You are completely disposable.*
27. This Covid landscape is long, and well developed, having practiced this many times already:

28. The USPTO - the United States Patents and Trademarks Office does not seem to understand it could assist the wellbeing of humanity, if it did not allow these bioweapons to be patented and thus generate billions of dollars in revenues, and entice other businesses to be a party to such profits.
29. In the marketing strategy of this business model, there are 8 billion customers to influence and entice via long established, trusted faces in media and community: doctors, news reporters, reality TV and sports personalities. 'The Block's' Scott Cam is a familiar face, along with his other Channel 9 colleagues, influencing you to 'get the shot' so you can 'have your life back'. This is also known as slavery and extortion.
30. All these people are in corporate contracts and are paid lots of money to spin false content at you, to influence you. They are too busy in their high paid 'jobs' to do independent research into the toxic bioweapon framework they are promoting to you to participate in, meanwhile your income has evaporated, along with your psychology and perhaps some of your family members.
31. If they knew the research into the bioweapon they are promoting, like millions of people in the global community are aware of, they would be horrified. Particularly, as they have positioned themselves to be liable for genocide. Maybe they do know, and don't care, because they do not believe there can be any repercussions for them. But there are repercussions. It's called Law.

32. And if exposure to 'famous people' doesn't work to influence you to get the shot, *extortion* might: such as you cannot travel or move through community without a jab, and now there is the privately owned 'vaccine passport', not only to travel internationally, but within your own country. Even to the grocery store. Perpetrators imposing these tools are 100% liable. They did not study history. They do not know Law. *But they are beholden to Law, nonetheless.*
33. Or maybe *guilt* might be the flavour that works for you, where your friends and neighbours are trained to *shame* you for not participating as you are allegedly '*putting them at risk*'. They have done no independent research, so they are just dependent on what mainstream media tells them to believe is real. They live inside the Tru-Man Show. This coupled with the thousands of signs at every retail environment and bus stop and the crisis actors in the TV commercials... it goes on and on. They have played this game before, with the lives of your ancestors.
34. Or one of the latest control tools; enforce 'mandatory' in essential resource sectors such as front line health care workers, police officers, school teachers, military. This quest to control, we have seen many times throughout history. Know your history, or you will suffer at the hands of it again. When the front line is wiped out, the rest of humanity will be easily rounded up into the new 'quarantine camps' being built. The absolute latest is the arrival of the 'freedom pass'. These people are stupid. Or maybe they are just playing with you. Poking at you. Which is it ?
35. Sounding macabre? It is. Too hard to believe? We understand. Thought your government would never do something like this? It is not a government. It is a control system.
36. To refer to the substantiating data provided by researchers, doctors, legal practitioners, scientists, and more; of this **MEGA** billion dollar industry; as an '*avalanche of data*' is an understatement. To be uninformed at this stage, is an act of wilful denial to assign time to being educated. That denial is what perpetuates the Covid landscape and the loss of freedoms for humanity. Wilful ignorance, of law, of right and wrong, of one's own inherent rights to exist unaccosted in their daily affairs.
37. Those who continue to do no research beyond the privately owned mainstream media, continue to perpetuate the Covid landscape, thus generating monstrous profits for the private corporations that

own the Billion dollar machine, whilst suicides soar, businesses crash and individuals are maimed and die from vaccine injury.

38. We can thank this machine, for failing humanity so monstrously. For it simply allows the People to terminate it so much easier, with great global clarity for its extreme failure in **Rule of Law: All Are Equal Before the Law**.
39. *Thus, via the Inaugural Australian Grand Jury 2021, We The People, declare a change of jurisdiction in Australia: as of 5.22am. 23 September, 2021.*
40. Thus deeming the current administration to be completely incompetent. And so it is.
41. There is no permission required to do this. We, are Crown, We are the highest jurisdiction.
42. As at this time, Australia operates in Law, not legal. Each individual is of Crown Jurisdiction, a 3 dimensional sentient Being. Not a 2 dimensional 'paper Person'.
43. That 'person' is now clearly defined as a tool in commerce, under the jurisdiction of each individual Crown, not the corporate crown.
44. The 'Person' is a two dimensional entity used in commerce and is a tool of the current system. The current system refers to you as a 'person', identifies you by owning the name, as per when it was registered into the system via the birth certificate and harvests your energy by issuing you invoices, under your name, for access to your inherent right to resources. Examples of a 'person' are a driver's license, a passport, a car registration, a mortgage, or registering your dog. All these 'persons' cost money and place the ownership of the 'thing' into the the jurisdiction of the Guardians, who then 'let you' use it for the fee you have paid.
45. Persons like the Birth Certificate, discussed later, can continue to have use but will have a change of Jurisdiction, now being under Crown Jurisdiction and is therefore a tool owned by the individual to use in matters of commerce.
46. It is no longer a tool under legal jurisdiction and owned by the corporate crown.
47. With rise of jurisdiction to Crown Jurisdiction, the 'Person' and the Crown will not be mistaken to be the same entity. The implications of this statement are far reaching: let no public servant lay hands on the People/Crown without incurring 100% personal liability. Unless in matters of crime and self defence, accessing the Crown without consent is an act of inflicting slavery.

48. As we are heading into 1000 Golden years of peace and prosperity, crimes driven by a lack of resources, will subside. Crimes of the heart may continue, but even the broken family will be greatly healed by the relief of financial stress in the ensuing landscape.
49. This is the end of an Age: the Great Age of Pisces. The end of Guardianship/slavery.
50. This is the beginning of an Age: the Great Age of Aquarius. The beginning of Humanitarianism.
51. Yes this is War. Yes there is a real enemy. Yes there are real casualties. But the more the People's inherent rights are removed, the more the perpetrators are revealed, and the more humanity is liberated by its own awakening.
52. This is the Quantum Shift of Consciousness: **Welcome to the Great Awakening.**

4. ASTROLOGICAL CONTEXT OF QUANTUM LANDSCAPE

1. *If we do not know our history, we are destined to repeat it. So let us take a look inside the quantum astrological field that has brought us to where we are today; largely, in lockdown, and facing mandatory vaccinations if we want our lives back. Let us recognise the repetitive nature of this reality. So that we might step off this particular wheel of 'samsara' and onto a more pleasing one, such as the much promised 1000 Golden years of peace and prosperity.*
2. It is imperative to understand the 'long breath' of the landscape in which humanity does currently stand. It is Astrology that gives us the map of the long breath. Astrology is the study of the 'cosmic mainframe' of all that unfolds. It is the **forefather** of modern day psychology. It is the study of the **collective tribal mind**. It is the mapping and understanding of the 6 essential axis that govern all aspects of life in a *3D polar reality*. That is; Spirit wearing a human suit and navigating this Earth plane reality for however long the human suits lasts. How one conducts themselves between birth and death is determined by numerous factors, but certainly the values of an individual are critical to

the decisions made by the individual.

3. With an extreme of the energy of each of the 6 axis, at the end of each axis; thus we have the 12 astrological signs, and their essential energetic mechanics and motivations. These are the drivers of psychology, and whilst all 12 fields have a different role to play, they all have the same motivation as the goal post: *the quest to survive*. Astrology is the study of this living, evolving energy field, of which you are a part. At its most fundamental level, existence is energy. *Learn to use it, or it will use you. Be the Conscious driver of your own life.*

Individually, these 12 energy fields behave in an highly defined manner, which makes them highly predictable; and a lot of comfort can be found in that. But when interacting with each other, and as filtered through a given planetary orb, in a given moment of time, coupled with **free will**, and the mechanics of creating in the 'now' moment, they drive the Consciousness of an individual to grow and evolve, and the collective Consciousness of a humanity to expand into uncharted waters, forever allowing the Creator to 'witness' itself.

4. ***You are The Creator God Almighty, having a human experience.*** Please take a moment to ponder that. Each expression of life is recorded into the energetic fields as a blueprint, an echo forever more. These are long and well established fields of research and 'knowing', and bring a great sense of clarity to those most burning questions of: 'Who am I?' and 'Why am I here?'

You are a Divine spark originating from One Source, and returning to One Source. Only through 'Awareness' will humanity proactively create the future reality we desire, in alignment with the Divine Principles of Creation, bestowed by The Creator, God Almighty. Embody those Divine Principles: Compassion, Forgiveness, non Judgement.

Welcome to the Great Awakening.

The following astrological alignments assist the understanding of how an Age: the Age of Pisces,

an Age of Guardianship, slavery, service, and spirituality lost to corrupted organised religion, has irrecoverably come to an end, and thus the tyranny currently experienced on Planet Earth as a desperate attempt to prevent that end. But the end is inevitable, because it is governed by the Laws and cycles of Nature, the Creator, and not by the whims of a controlling power structure.

5. Astrologically, as the Age of Pisces morphs out, as a humanity, we are in the birth canal of the Age of Aquarius. An Age of humanity's competent self management and global humanitarianism, of not only ourselves, but our beloved Planet Eart(h), Planet (H)earth, and all her creatures and creations.

We are 'The Meek Who Inherit The Earth'. Matthew 5:5

6. An Age is some 2000 years and is part of the Precession of the Equinoxes, a cycle that is 25 625 years and passes through each astrological sign to give a particular flavour to life on planet Earth. Like all great cycles, they do not occur on a given day, they morph out and a new energy field morphs in, in alignment with the Consciousness and the ability of the individual, or in a quantum shift such as this, the collective, to cope with the changing landscape. There is a great comfort to be found in knowing we are concluding an Age of Guardianship, and entering the Age of Humanitarianism. It is a time of great joy and freedom, although right now, it seems very far from that. So let these writings be light bulb moments that the **key** to the prison door is in your hand.

Life, and quantum existence, is a series of cycles within cycles within cycles. Hold steady. There are greater forces at work in what seems like a monumental global battle. In fact it is a galactic battle, but the power to win, rests here, on Planet Earth, with the People. For we are each The Creator, God Almighty, incarnate in the body temple, experiencing matter. We have as our primary tools, **free will and informed consent**. Between birth and death of matter, this body temple; we call upon these tools, and the wisdoms of those who have travelled before us, and beckon us forward. We experience the love and loss of matter.

There is the propensity to see ourselves as separate, and fall into judgement, which is why we call

upon the highest Divine Energetic Principles to guide us: Compassion, Forgiveness, non Judgement. For we know not the journey in another's shoes, only that we are all One, and life can be challenging. So be kind. Let's stay focused on that. There is a Divine pathway of truth, and the Laws of God win. Follow the path. Follow the Laws. To believe anything less than this, is to believe you could stop the new Spring leaves from appearing on the barren tree. You cannot. Nor can you stop this unfolding. So be like water and flow with the wisdom that comes to assist you, and your understanding, in these challenging times.

7. Moving in from such a large cycle, we may address the cycles of our outer planetary orbs of this galaxy. These planets, with their long, slow orbits; give us a generational flavour to the Consciousness of humanity. Pluto, with the longest orbit of 248 years, is the energy field that delivers irreconcilable change, and thus may be traumatic, but also liberating. You will see it feature strongly in the following revelations.
8. We next have Neptune, with an orbit of 164 years. Uranus with 84 years, and Saturn with 29.5 years. These orbits interplay with each other, laying down blueprints of quantum psychological development for the collective consciousness of humanity. Take infinite peace that, in these troubled times, We, the People, have already won. The only real delay rests with our free will and self determination for how long it takes us to climb out of the drug infested big pharma daze, coupled with the private banking fraud, that has its clutches on the psychology of humanity. This is largely supported, by its use of Neptune entering rulership in Pisces, which, in the current landscape, began 5 April 2011, and remains in rulership for 14 years, until 30 March 2025. We are experiencing the negative aspect of this alignment; drug addiction and illusion. Who is currently running the planet ? Big pharma. Are they telling you the truth? No. Wake up from the illusion.

The unspent potential of Neptune in rulership, is a deep dive into the arts, music and intuition; to understand the power of water, and to clean up our management of this most precious resource. Let's flip the landscape, and drop the drugs, and the confusion of the illusion and get out into the

culture of arts and music, and reunite with our Higher Self, to be lead by our own intuition, and not by privately owned mainstream media. For many, this relationship to Self, is already highly developed. Let there be Life, Love and freedom of Creation.

9. Now, let us marry *the two most significant events of 'recent' history*, to the astrological fields and address the landscape. That being; the recording of **Rule of Law: All Are Equal Before the Law**, and the consequential theft of this most precious and priceless Consciousness, that leads us to where we are today: repeating, *again*, the same lessons of: 'God wins'. When we fail to practice **Rule of Law: All Are Equal Before the Law**, the seeds of unrest are sown, and the storm will come. The storm is here.
10. The first event being the 'Magna Carta June 15, 1215', now 806 years ago. Pluto, our most outer orb of irreconcilable change, was at 20.36 degrees of Leo; transforming the sense of the People's collective identity and how they could make use of this Leo energy field, the Ambassador of the tribe. That is, the People represent themselves. They are competent self managers. The Magna Carter was directed at King John, by the Barons, who insisted the King was not privileged to have a different set of Laws to the People. We have a fun saying of 'the Emperor has no clothes'; simply meaning that when all the pomp and ceremony is stripped away, we are all the same. We are all equal. Reluctantly, King John did sign off on the Charter. But Pope Innocent III, as mentioned, was not happy with this, and denounced it at the time. We must take note of that for it flavours our current circumstances.

It is noted in the birth chart of this event, the signing of the Magna Carta, that Uranus, planet of freedom and genius, had just entered Libra at 00.02 degrees, keeper of Law/Lore, harmoniser of the tribal consciousness. Without equality there will never be harmony. Uranus is ruler of Aquarius and is the dynamic, genius, humanitarian, *freedom* loving energy field that never wants to be trapped. Aquarian energy wants to walk to the beat of its own drum. We are entering the Great Age of Aquarius. Humanitarianism.

Whilst a complete orbit of Uranus is 84 years, when dealing with large orbits, as mentioned, the fields morph in and out over a number of years so that consciousness of humanity does not implode in a sudden dramatic move. In 1297, 82 years after the first signing of the Magna Carta, and 724 years ago, an almost complete Uranus orbit with **freedom loving** Uranus in Virgo; the scribe, overseeing the fine scribe details; the Magna Carta solidified it's standing as being the Great Charter defining **Rule of Law: All Are Equal Before the Law** and thus inherent, essential, God given rights of all People, are clearly defined, *again*, by this Great Charter. In the chart to follow, we see Uranus completing a cycle, almost at its same position in Uranus, keeper of the Law. And we see Pluto, in Aquarius, overseer of humanities wellbeing. Pluto is almost back in this same position.

11. But did it stand the test of time, or just be a critical blueprint? To be repeated in time, over and over again? Today in 2021, We The People, are still *'fighting'* for this same outcome. Clearly in today's landscape, we do not have **Rule of Law: All Are Equal Before the Law**. We have one small group of 'Beings' attempting to rule the greater humanity by denying essential Divine Principles of 'freewill' and 'informed consent'. Denying the wisdom of the immune system and replacing it with privately owned, profit generating experimental vaccine cocktails. Imposing their version of reality, a hideous version, on the greater global population, in pursuit of their 4th industrial revolution where you will be mapped and tracked and monetised in everything you say and do. No thanks.

But how did this happen? That humanity would be so blindly entangled in the systems of these 'Beings' so that when a 'vaccination mandate' unfolds using the private legal system, humanity is

intricately tied into the systems created by these Beings, threatening loss of health, job, family, food supply, financial structure upholding the home if the 'experimental cocktail' is not participated in .

How could this happen?

Just **5 years** after the refinement of the Magna Carta in 1297, in which the People establish themselves as the **Natural Crown: Rule of Law: All Are Equal Before the Law**, a tremor is felt, of a quest to **control** humanity and not facilitate its rightful freedoms. Recalling Pope Innocent III was not happy

with the signing of Magna Carta in 1215, seeing it as a threat to Papal power. Well now Pope Boniface VIII is in power, and is definitely not happy with the updated version of the Magna Carta. And thus is born the Vatican's infamous **Papal Bull; Unum Sanctum, November 18th 1302**, now 799 years ago, in which humanity was placed in a non transparent trust, **without free will or informed consent**, to be governed by the 'Board of the Guardians'. To be deemed a perpetual child, incompetent, of ill mind, or lost at sea, that would be the Holy See.

The Vatican, a Corporate Crown, not a natural Crown, therefore a 'legal fiction', does, via this Papal Bull, claim victory over the will of the People and all the resources of our beloved Planet Earth. Through trickery, there is the removal of the direct relationship of self to the God state, Self. It is the enticement, the apple in Adam and Eve's garden, to 'Regis-ter' your profession, your children and all your worldly possession into its systems, so that when those systems enforce slavery, like the current landscape of 'mandatory' masking and vaccination, the slave is trapped.

Aimed to disempower, disorientate and dumb down, humanity is deemed to be under Guardianship, to be harvested in every possible way, and to have resources administered as seen fit by the Guardians. Because little is known of this history, much energy is squandered on 'fighting' this structure, punching at shadows, sending letters, creating templates, scratching one's head as to why Law cannot be found in the Courts. The Judges and the Magistrates are part of the Board of the Guardians. They are not practicing Law. They are practicing 'legal'. Stop expecting to find Law in a place that is not designed to deliver Law, only legal.

- Historically, this is where we have stood, as at 2021, for 799 years. And whilst great powers have, and are, working in the background to free humanity, there will never be a replacement for humanity being its own astute cavalry, in charge of itself and it's custodianship of Planet Earth's resources. This is the Age of Aquarius. *The Meek Shall Inherit The Earth. Matthew 5:5*

14. Immense thanks and gratitude is offered to all on world, and off world, freedom fighters, light workers and digital warriors. We see you. **Rise humanity. Rise!**

15. So Pluto brings about irreconcilable change. And that is what is happening. It is transformative and may be traumatic, but also liberating. With an orbit of 248 years, we currently find ourselves in the same alignment with the signing of the 'July 4th, 1776 Declaration of Independence', occurring at 27.33 degrees retrograde (R) of Capricorn. We are currently at 245 years of that orbit and 24.29R degrees of Capricorn. Wow, that is significant. The blueprint has cycled around again. What are we going to do with it? Capricorn is the energetic field of the 'power structure'. Who currently has the power? Big pharma. Who has the rightful power? The People. Thus, another Pluto orbit on from 1776, we must lay down this blueprint again, once and for all, and dismiss those who have crept into power and believe they can outwit the Divine Principles of The Creator, God Almighty. No such win exists. *Arise Humanity. Awaken the Consciousness to be Self governing. This is the Great Awakening.*

16. Notably the **July 4th, 1776 Declaration of Independence** is 19 **Saturn Returns** from the Magna Carta June 15, 1215. What is a Saturn Return? Saturn gives us a critical and personally manageable cycle of 29.5 years. It is a cycle we can actually see and work with if we know it is there. It gives us the 3 trimesters of an average 90 year Earth life. Many marriages and businesses last a Saturn Return and then fade. Saturn builds structures and holds authority within the tribal psychology. Saturn rules Capricorn, the 'boss' and 'authority' energy field. It is the austere, long term planner. At a quarterly transit, Saturn gives us the '7 year itch', where structures are tried and tested and either advanced or destroyed. Structures built on anything less than Divine Principles do not survive Saturn Returns. They crumble.

At the Magna Carta, Saturn was at 22.45 degrees of **Virgo**, scribing the authority of the People into the Charter. At the Declaration of Independence, Saturn was 19 cycles and just a further 22 degrees on in Libra, at 14.47 degrees, keeper of the Law/Lore, again defining the authority of 'We

The People'. With our current day Pluto, of irreconcilable change, lined up with the 1776 4th of July, and thus the solidification of the Declaration of Independence; does the current system of tyranny have a chance, or will it crumble? It will crumble. It has already largely crumbled.

Cycle after cycle. Cycle within cycle. The imprint is laid down. Pick it up Humanity. Use it. Complete it. The Age of Aquarius is here. The Age of Humanitarianism.

'The Meek Shall Inherit The Earth' Matthew 5:5

17. December 17 2020, Saturn left its own sign of Capricorn, and entered Aquarius. At this stage, September 2021, this fresh Saturn landscape is 9 months old, and birthing the Aquarian consciousness. A whole lot of question marks are in play. Matters do not make sense to many. The investigations into the pandemic landscape are vast. The change of lifestyle around the planet is severe and the heavy hand of authority has shown itself. Currently **Saturn** is at 7 degrees of Aquarius and is assisting humanity to restructure itself and assert it's rightful authority to claim back and also reinvent freedoms. It will remain in Aquarius until March 7 2023. Hence, expect another solid 18 months of strategy and restructure work on behalf of humanity. But having a roadmap is helpful. This is a roadmap.

Less than just 2 weeks later, on March 23, 2023, **Pluto** will complete its **15 year transit** through Capricorn, where it has been ripping up the illegitimate authority of the corporate crown power structure having overhauled and held accountable it's corruption, in preparation for it to be replaced with 'The Meek'. So certainly March 2023 will be a time of completion of much work, as two outer planets change sign. Expect a big exhale.

18. Notably, when Pluto first entered Capricorn **January 26, 2008**, it quickly gave us the global financial crisis, blowing up the fake, fictional privately owned financial structure, of the 1913 Rothschild's Federal Reserve, fractional banking system where the mathematical equation of compounding interest was flawed from the outset, inevitably imploding upon itself. But when the

whole planet is intricately trapped in that system, driven into trillions of dollars of debt, over time, by wars and a compounding, imploding interest component, coupled with paper currency, collateralised against the sweat, blood and tears of the people, we can see why there are now two parents working and no one home for the children. It is the epitome of a toxic slave system.

But such an implosion of a system, causes an explosion of our lives. It cannot be replaced over night. Abraham Lincoln attempted to do it, and was assassinated. President Kennedy attempted to do it, and was assassinated. There was a further attempt to overhaul it on September 11 2001, and we were given the 9/11 twin towers holocaust. That broken, toxic system has been getting overhauled throughout these past years, and is nearing completion now. A further 9 months on from March 2023, come January 21, 2024, Pluto will then enter Aquarius, where the transformation of humanity, as the authority, with an equitable distribution of resources, away from scarcity and into abundance, will truly begin. This alignment will remain until January 20, 2044. A full 20 years. Get excited humanity. It's our time. We can do it differently than the last time this alignment was in place, following the 1776 Declaration of Independence because it was still the Age of Pisces. Now it is the Age of Aquarius. Guardianship is over. Humanitarianism is here. What can we create?

19. **Unum Sanctum** completed it's 27th Saturn Return, just a 1 hit transit, September 11 2009. That being just 1 year after the global financial crisis, and 8 years after 9/11 twin towers event. Will this structure get a grip on the 28th cycle? No! It is already collapsed as it is lawfully, morally and ethically unsound. For humanity has woken up. ***Welcome to the Great Awakening.***
20. Pluto will remain in Aquarius until March 9th 2043, that being 20 years, completing it's exit into Pisces January 20 2044. Pisces, offering a renewed experience of spiritual connection to the Creator, and a vast revival of Piscean influence of art and music. Notably: 2041 - 2046, Pluto will complete, allowing for a cusping morph period, 3 exact cycles from the the time of the solidification of the 1297 Magna Carta and the ensuing Unum Sanctum. That is; ***3 trimesters, and the Age of Aquarius, a 2000 year cycle, is fully birthed. Cycles, within cycles, within cycles. Be***

patient, stay diligent. We are in the birth canal. We are Crowning, and we are almost there.

21. Interestingly, astrological event charts for the birth chart of the Australian Constitution indicate completion of it's 4th Saturn Return of 29.5 years; a 3 hit transit just on March 7, 2018, June 1 2018, and concluding Nov 30, 2018. Saturn Returns typically herald in the end of an era. And the beginning of a new one. As Saturn rules structure and authority, matters must be honourable and structurally stable to successfully traverse a Saturn Return into a new 29.5 year cycle. We know that the current system, whilst alleging to be a Constitutional structure, is not, and that the current structure is not in Divine alignment, and a new Saturn cycle will not be sustainable under these falsehoods. The system has crumbled. Hence this desperate ploy with the covid landscape in an effort to retain power and control.

22. As stated, on January 26 2008, **Pluto** did enter Capricorn, that being the irreconcilable change to the power structure. **Pluto** immediately blew up the privately owned financial system of the fiat currency, thus delivering the 'global financial crisis', and the beginning of the retrieval of the worlds gold and other assets, stored in the Vatican tunnels. The 1913 fiat currency system, owned by the private Federal Reserve, masquerading as government by use of the word 'federal', snuck into power on Christmas Eve of 1913, when Congress was on holiday and installed it's private currency system. It did promptly deliver the first world war in 1914 - 1918, thus driving countries into debt by needing to secure arms to protect themselves, whilst the bankers played both sides of the same war. We have the same scenario now, with countries driven into debt by the World Bank, allegedly needing to secure vaccines in the face of the 'pandemic'. Where once there was canons, guns and uniforms, now there are syringes, masks and viruses.

Also in 1914 came a health mandate to reject natural health disciplines in favour of pharma products. In 1937 came the banning of the use of hemp, a critical, easily grown and affordable resource. A three quarter Saturn cycle of 21 years, after the end of the first World War, in 1939 came World War 2, creating more debt, mass genocide and human experiments resulting in the

Nuremberg Trials of 1947, a **Saturn** Return after WWI. Ultimately World War 2 did not end. It created Operation Paperclip. That being, the dispersion of scientists and technology who would, 2.5 Saturn Returns later, that being 74 years later, delivers the Covid19 agenda. That is, the mass 'vaccination' of humanity via a privately owned, profit generating, experimental cocktail. Allegedly, this is superior to God's immune system. But, of course, that could never be the case.

23. **Notably**, also on this date of January 26, the entry of Pluto into Capricorn, heralding the irreconcilable change to the power structure, is the perpetual recognition of '**Australia Day**' in Australia. That being; a highly controversial day whereby colonial roots recognise it as a 'settlement day'. However First Nation People recognise it as 'invasion day', and the beginning of a horrendous genocide and a mass land grab. Certainly, over the past decade the voice of the First Nation People has been too loud to *not* hear on this day. And since 2006, January 26, has also been recognised as Aboriginal Sovereign Day. Any sense of celebration is increasingly frowned upon on this day for it merely highlights ignorance of history and a failure to show compassion for the travesty of this atrocity. However another date, of a more cohesive humanity, is a progressive dialogue as part of the healing process and preparation for new generations to live more peacefully, equitably and without the open wounds of war and genocide.

Does the cosmos speak to us as precisely as Pluto - irreconcilable change, entering the power structure, Capricorn, on the exact day, January 26, of the invasion and slaughter of the oldest race on Planet Earth? Absolutely it does. Astrology is a finely tuned instrument and is the cosmic reflection of the outer landscape, whether it be in an individual life, or in the quantum shift of the collective consciousness.

24. In the chart we see the alignment of Pluto in 1776, in 1788 and today. About to complete it's 248yr cycle again. Are we going to take this same mess into the New Age? No, through awareness, we can prepare ourselves to not be fooled in this way again. Pluto is at 245 years of 248 from the Declaration of Independence, and will complete February 2022, and 233 years of 248

it is not a stage for maniacs to act out their sub personalities of power and control.

26. Thus, calling on the precision of Astrology is, one of the reasons this Inaugural Australian Grand Jury 2021, as at September 23 2021, does align with the equinox gateway. To drive home the unspent potentials of the human Consciousness. The change of jurisdiction has occurred, even if the population is still catching up with this new, liberating shift into humanitarianism.
27. Numerology for this date is : $23\ 9\ 2021 = 19 = 10 = 1 =$ New Beginnings. or $2 + 3 = 5$. $9 =$ September : 9 is a magical number that always disappears. $2\ 0\ 2\ 1 = 5$. Thus = 5:5 *The Meek Shall Inherit the Earth. Matthew 5:5*. 1 = New beginnings. We Begin. This time is Spring/ Autumn Equinox, the balancing of the scales. Equal day, equal night. Sun enters Libra, keeper of the Law. Moon, keeper of our emotional sense of security, has completed a 12 lunar month full moon cycle, with Moon in Pisces, and Sun in Virgo, just 2 days earlier, 21 September 2021. Thus the full moon was on the slave/service axis. Never to be encountered again as slave. Future interpretations of this axis will be; the service axis.

29. A half **Uranus** cycle; the Uranus opposition, approximately 42 years, gives us one of our mid life crisis. Perhaps the most classic one, as it calls for an unshackling of all encumbrances. Naturally, with Uranus being the energy field that it is, it is a quest for freedom. A gathering of the resources, and a pack up and move on from all that is done. A half Uranus cycle ago, on March 22 1980, and at 1 degree Aries, the first degree of the Sun's new 365 day orbit, also the Spring, northern hemisphere and the Autumn, southern hemisphere Equinox, that being equal day, equal night: the **Georgia Guidestones** were made available to the People. Mysteriously appearing on Planet

Earth they offered profound warning, but more so, guidance for these coming times. The times that have now arrived.

30. Most folks cannot get beyond the first of the 10 Guides, believing the Guidestones to be a sinister decree that the population was being reduced from 7.5 Billion to 500 million. And indeed that may be the outcome of the current depopulation agenda wrapped up nicely in a 'get vaccinated' campaign. But as **free will** and **informed consent** are Divine Principles, the Guidestones do exactly as they are called: they offer Guidance, stating clearly 3 times, **Follow Nature, Follow Nature, Follow Nature**. Privately owned, experimental 'mandated vaccine cocktails' is defying the laws of Nature. So by using the Divine Principles of **free will** and **informed consent** the choice does indeed remain yours, regardless of the violence perpetrated against you, at this moment in time. In Law, there is no such thing as 'mandatory'. That is only in 'legal', which is indeed where humanity has found itself; in a private legal system. But now, Law has arrived. And it is up to each of us to use it. As has full accountability. Let those who have trespassed be called before the scales of Law.

Welcome to The Great Awakening

Needless to say, a step into the **avalanche of research** now available, one would not go near the privately owned graphene oxide syringe of the 'bio and technology' quest to own human bodies by implanting patented products into the bodies of the human family.

31. In conclusion of this brief astrological summation through some 800 years of history, seeking to understand and map the journey of **Rule of Law: All Are Equal Before the Law**, these energy fields are not to simply be dismissed. They are the quantum machine running the collective consciousness of this galaxy. They are the psychological blueprints, thus making it much easier to understand and navigate life on Planet Earth. And in the wrong hands, manipulate human psychology and harvest resources accordingly.

They are a gift, a tool and potentially a weapon, long used throughout the centuries by kings and queens to maintain power. But as our most outer landscape, the Age of Pisces has now concluded, we as a humanity, must complete this blueprint and cease to waste our valuable lives repeating the same fight over and over again. There are joyful new horizons of unspent potential to explore. Let's not take this model into the new Age of Humanitarianism with us.

Humanity is alert, awake, competent, and in full awareness now of the private trust. We retire the Guardians. We'll take it from here now. Thank you for all you have done.

Would we have been better off without the Board of the Guardians? We will never know. We simply have what we have. But what we are in charge of is the Future, so let's make it incredible.

What follows is the anchoring in of the final blueprint for **Rule of Law: All Are Equal Before the Law**. The galactic highway is opening up, and we, as a humanity, are responsible to have a cohesive Consciousness, based in Divine Principle, of what is and is not acceptable, and in full transparency. Our beautiful Mother Earth, and our children, born, and yet to be born, need us to close the book on this for once and for all, as we enter the much prophesied 1000 Golden Years of Peace and Prosperity. ***In The Creator God Almighty, We Trust.***

5. LAW, LEGAL AND SUPERIOR JURISDICTION

1. This communication is written in the Superior, Supreme and Highest **Jurisdiction** of Law/Lore.
2. That being **Crown**, also referred to as **Rule of Law, All Are Equal Before the Law**.
3. Crown is the People, or an individual of the People.
4. The Corporate Crown is the public servants, employed to be public servants.
5. Employed by the People to be public servants.
6. Paid for by the People and the public purse.

7. The Corporate Crown is not a ruler.
8. The public servants are not rulers.
9. The Corporate Crown is a 'legal fiction' meaning it does not occur naturally. It is created by the People as a *tool of organisation of choices and resource management*.
10. In Australia, that was done by the 1901 Constitution.
11. It is noted, that the Constitution is a flawed document as it failed to recognise the First Nation People and their pre-existing Lore and jurisdiction. So it failed **Rule of Law, All Are Equal Before the Law**.
12. Currently, the Constitution is a sleeping document.
13. It currently does not operate in Australia, despite the Prime Minister alleging that it does.
14. Based on all the above content, there is no Law operating in Australia. Only legal
15. Legal is a **subset** of Law.
16. And may be a private system. And it is.
17. And may violate the **Rule of Law, God's Law, All Are Equal Before the Law**. And it does.
18. Until now, Australia has been operating under the private legal system of the private BAR Guild, derived from the private trust Unum Sanctum 1302 and the Poor Laws 1535.
19. The 'Board of the Guardians' was established under Queen Elizabeth I of England in 1601 as an amendment to the the Poor Laws of 1535, established by King Henry VIII. The role of the Board was assigned to the Parish to oversee the poor. The People are the property of the Church and are managed in the legal capacity of 'incompetent idiots'.
20. The Judges and Magistrates are part of the Board of the Guardians, taking a stronger position in the 1834 Poor Law amendment act. Their oath is to the Board of the Guardians, overseeing the people, but refers to them as 'person'.
21. This is why when one attends Court and expects to find Law, they cannot be seen, nor heard and leave scratching their head as to why Law has failed them. They were never in a building administering Law. They were in a slave house being administered by the slave masters, delivering legal. Stop expecting to find Law in a system that only delivers 'legal'.

22. Further to the Board of the Guardians: The Australian Government has operated under the historical architecture and within the *legal* capacity of Maritime Law, Admiral Law, also known as Law of the Holy See. The People have been deemed property, requiring 'herd' management, via Unum Sanctum 1302 and the consequential 'Board of the Guardians'.
23. Humanity is dumbed down cattle, not even having access to the Constitution since 1975 and the Board has decided it wants all it's cattle vaccinated with a new experimental cocktail.
24. Humanity has been inside a private trust, Unum Sanctum 1302, administered by the Board of the Guardians with headquarters in Vatican City - Spiritual , London City - Financial and Washington DC - Military. Law/Lore has not been operational.
25. Thus humanity has been subjected to the private legal system of the private BAR Guild in which well intentioned People train to serve humanity in matters of Law, sit the BAR exams and become beholden to the oaths of the BAR, not to the oath to serve the People. They become 'legal practitioners' of a particular system. A system that is a subset of Law, because the People are in a private trust. So the legal system is always about Guardians managing the People within the trust.
26. Doctors are the same. Wishing to serve as health practitioners but are instead squeezed into a very small, profit generating landscape tightly controlled by Ahpra, the Australian Health Practitioners Regulatory Authority and the TGA; the Therapeutics Goods Administration. These are both highly compromised and thus corrupted organisations, ensuring all health recommendations are channelled through the distribution lines of the big pharma, patented and profit generating money machine.
27. Law belongs to the People as it is a Divine Principle. A Divine energy field. Thus everyone can be, and should be, a lawyer to the extent that they have a solid understanding of fundamental, nature based, Law. Unlike the current landscape, in which millions of people have found their rights infringed upon, only to discover they know *nothing* about Law. 12 years at school failed to teach these most important principles. But that is the goal of an illegitimate government. The People, the privately owned human herd, commonly referred to as the 'public', are sufficiently dumbed down and disconnected from themselves and their inherent understanding of right and

wrong that when the current day tyranny raised it's head, People cannot determine truth and instead walk themselves to a vaccination, perpetually wear a mask, check themselves in to enter a supermarket, and believe they should impose 'mandatory' masking and testing for their employees. It is a tragic comedy of the highest order. This is by design. A dumbed down society is an easily controlled society. Don't get caught out again. Know your history and know your fundamental Law because it looks after your 'right to life' and your tool set to protect yourself. If you do not know this, you will never know it when someone, or something, steals it from you. Like now.

28. Understanding the difference between Law and legal is pivotal to preventing the squandering of energy on 'fighting' with a legal system. It is an inferior jurisdiction. Why are you fighting with it when it works for you? Why do you appeal to a slave system to deliver freedom when it is designed to enslave you?
29. Time wasters 1: A Petition. Etymology of 'petition': 'a formal written request to a **superior**' Early 15c. When did the public servants become the superiors? If the people sufficiently do not like a matter, such that hundred of thousands of names are collected to dispute it's implementation, then that is sufficient to deem the matter **Null and Void by Order of the People**. Petitions are for slaves. The government provides a portal for petitions, to trick and distract the people into believing this is a method to assert their voice and free will. Such voices are ignored when delivered on a slave paper. They cannot be seen or heard in a slave system, because you, and what you want, is irrelevant in a slave system.

Welcome to the Great Awakening.

30. Time waster 2 : Protests: if hundreds of thousands of people are prepared to march on the streets to protest in a matter, write it up instead, have all those people sign it, on an online website with a gazette and deem the matter **Null and Void**. Done. We do not protest to our public servants, who sit in their buildings and laugh through their windows at the dumbed down

herd, billeting and screaming and carrying placards. We issue them instructions which they follow.

31. Time waster 3: There is no such thing as 'mandatory', particularly when it comes to managing individual health choices. As documented in the Nuremberg Trials 1947. Billions of dollars are wasted discussing this non existent concept. Mandatory will never override free will. That would be slavery. That is why Scott Morrison cannot appear to be the instigator of 'mandatory'. He likes to pretend we are a Constitutional country. But that is not the case. The Constitution does not operate in Australia. But if he enforced mandatory, it would reveal and confirm it does not operate in Australia. So he has hand balled it to the **Tier 2 Slave System**, the business owners, who never learn law, and blindly follow 'government' instructions, as if it was law; playing stupid messages in their supermarkets to further brainwash the already dumbed down herd. All of the employees of these enterprises are accountable for these crimes against humanity.
32. Time waster 4: There is no debate about the legal standing of whether businesses need to enforce vaccination. There is no need to embark on long, boring, expensive time wasting court cases in the private BAR Guild slave courts. It simply does not exist. In Law, there is no such thing as 'mandatory' access to the body. There is no such thing as overriding **free will** and **informed consent**. *Unless it is slavery. And thus the slave masters should check the outcomes of the Nuremberg Trials.*
33. Slavery works well when the slaves enforce slavery upon the other slaves. It is an essential element of how the slave paradigm works. Fear, guilt, double standards, extortion, loss of profession and income. All useful tools in slavery.
34. Time waster 5: Pretending law and legal are the same. Casually using both words as if they are the same. They are not the same. Legal is a subset of law. No different than if you were an employee inside Coles, or Woolworths or Bunnings and had to follow their rules whilst at work. You are an employee of the Australian Government, a private foreign, corporate, globalist enterprise because you have a birth certificate and were Regis-tered into that system, to follow

those rules. But as at September 23 2021, that has had a change of jurisdiction now. Simply, because it can. Because the Meek are in charge.

35. The Birth Certificate is a double edged sword. Certainly it is a **defunct contract**, for numerous reasons, including; it fails to achieve a meeting of the minds, ie you were a baby when the contract was put in place. It fails to be transparent in what this contract document can be, and is, used for. No instructions come with it. You have no idea where it is stored, how it is used, or what you can use it for. This is a gross failing of contract law.

In its first instance it is a slave paper, handing the management of you over to the Vatican, thus deeming you to be an incompetent idiot under the management of the Board of the Guardians. Harvesting and monetising your life force energy for the profit of the few, whilst you borrow your life force energy back, via bank loans to acquire essential resources like car, homes and businesses to exist on your Planet Earth.

36. Bank loans are merely digits in a computer of your own energy monetised. A cold hard truth of the 1913 privately owned Federal Reserve Banking system. Fortunately that system is almost complete in its shut down now. Thus wealth will flow to all in coming times. But let us not continue to be sacrificed. Let us not rely on the public servant military. The People are the ultimate calvary to reorganise and claim right over all resources *'The Meek Shall Inherit the Earth'. Matthew 5:5.*
37. As all resources of Planet Earth were put into Unum Sanctum 1302, one needed the birth certificate to access resources. But, rather than call themselves thieves and slave traders, the keepers of the trust like to refer to themselves as the 'Board of the Guardians'. Therefore we, the People, can at any time stand up and say, ***'no thank you Guardians, we do not need you anymore'. And that is what this Grand Jury is doing. Instating the Crown Jurisdiction of free will and consent of the People.*** We are more than competent to manage the affairs of Planet Earth. The wealth, acquired via the use of the People's energy, and channelled via the Birth Certificate to a centralised control, is now administered by the People, for the People, in an

equitable manner, thus easily ensuring everyone's ease of living on our abundant Planet Earth.
And so it is.

38. Scarcity is a mind control myth. We live on an abundant planet, more than capable of providing for all current residents when efficient resource management is employed.
39. Divide is a mind control myth. Blacks, whites; vaccinated, unvaccinated. Same story, same strategy, different time, different tool. We are all One. Originating from the same Source and returning to the same Source.
40. Today the 'Board of the Guardians' in Australia manages the Futures Fund with assets worth \$226Billion. And yet we have a shocking homeless industry, amid many other atrocities.
41. You are merely maintained. You are not facilitated to thrive by having access to your own inherent God given resources.
42. With this change of Jurisdiction, the Board of the Guardians is dismissed, and the Board of Trustees is engaged, to take instructions from the People for the equitable distribution of resources from the the Future Fund and others, so that all manner of hardship becomes a standard of the past. A standard of a corrupted slave system, now completed and terminated.
43. As so it is. u may or may not be aware
