3. ORDER #3

3.1. It is strictly forbidden for legal to refer to itself as Law. Or to quote legislation as Law. Legislation is not Law: it is the private rule book of a private corporation. This is deceptive conduct, based on false representation. Therefore they are imposters in Law.

3.1.1. E.g.: Police Officer in recent arrests of Umbrella People at Government House of Western Australia . Says; 'This is Law'. It is not Law. It is legal fiction of private employees of a private corporation enacting private policy, but are presented as public servants and paid on the public purse.

3.1.2. E.g: Use of such a term is equivalent to the Federal Reserve Bank of America, by use of the word Federal fooled the American people into believing it was an arm of a 'We The People' government. It was not until the financial

crash of 2008 that clarity of the Reserve Bank of America became clear that it was a private organisation, and the world was in debt to its private money supply. Until 2008, it had not been audited for 60 years.

<http://www.whenthebeststops.org/2012/09/first-audit-results-in-federal-reserves.html>

The Reserve Bank of Australia is a franchise arm of the Reserve Bank of America.

Acknowledging a system of the TARR - Trading Activity Revenue Report: that polices companies to submit their TARR report, whilst ignoring others. This is double standards and fails Rule of Law. All Are Equal Before The Law.

3.1.3. **What say you Jurors ?**

3.1.4. **Unanimous Yes**

4. ORDER #4

4.1. Individuals should not refer to themselves as 'Citizen, Public or Person'.

4.1.3. Such tools should be referred to as being managed by the Executor and Beneficiary. That is; the Sentient Being in a competent position of administering their own affairs.

4.1.4. When interfacing with any government departments or making use of any of the tools in commerce; clarify jurisdiction by saying,

4.1.4.1. *“ For the record, I am speaking with you from Crown Jurisdiction, that is to say, I recognise, that I, as Sentient Being, am in Superior Jurisdiction and administering my tools in commerce to achieve desired and required outcomes.*

4.1.4.2. *You are required to follow appropriate instructions.*
Thank you.

4.1.4.3. *I recognise you are my public servant, paid on the public purse.*

4.1.4.4. *It is not relevant as to whether you comprehend what I have just said or not, the matter is that it is on the Public Record.*

4.1.4.5. *And should I be violated in any way, by yourself, or your colleagues, full personal liability and accountability rests with you and /or your colleagues.*

4.1.4.6. *In Law, Corporate Immunity, does not exist and is not a protection for you, should you harm me in any way, in your capacity to perform your duties in exchange for your pay cheque.’*

5. ORDER #5

5.1. Regarding the Markwell case: and the feedback from the insurance industry, in this case the SAFA, relying on the following feedback:

5.1.1. The initial removal of Takara Markwell occurred pursuant to Section 41 of the *Children and Young People (Safety) Act 2017* (the Act), and the subsequent interim care and protection order was made by the Youth Court on 4 November 2021.

5.1.2. The interim protection order was revoked by the Youth Court on 8 December 2021.

5.1.3. In considering claims for compensation, SAFA is required to have regard to the appropriate legislation.

5.1.4. In the circumstances of your claim, the above occurred in accordance with the relevant statutory frameworks.

5.2. Therefore: Crown: We The People of Superior Jurisdiction recognise that such relevant statutory frameworks are a license to kidnap and hold hostage children, whilst failing lawful due process that the accused would have the most basic right to be heard, in response to the claim made against her, and that the claimant, by Maxim of Law would have had to prove their claim before exercising any alleged remedy to said unfounded claim and therefore this relevant statutory frameworks is a framework of slavery. Criminal Code 270 25 years jail.

5.3. Nor was the communication a request for compensation. It was a submission of fees incurred as damages for kidnap and hostage.

What say you Jurors?

In the face of the evidence of no court in Australia having any jurisdiction over the matter: Federal Court rejected the claim based on no jurisdiction, and the High Court refused to hear it, nor being able to redirect to where remedy might be found; or any capacity to administer appropriate standards of Lawful Due Process, does this Grand Jury of **Crown: We The People of Superior Jurisdiction**, hold the SAFA accountable for facilitating the damage fees incurred for hostage and kidnap of Takara Markwell?

<https://executiveorders.life/press-release-record/?pagenum=1#gallery-22-35-5294-2>

And clearly noting: that all funding, for anything, is underwritten by the tool in commerce called the Birth Certificate, whereby each Birth Certificate was last valued at \$230M each. And recognising that the current system of currency is merely digits in a computer and any alleged scarcity of wealth is purely a psychological operation of control and does not exist on our abundant planet.

5.3.1. Unanimous Yes

6.1. And do we hold the Public Servants, paid on the Public purse 100% liable and accountable for such disbursement or be also held complicit in kidnap and hostage.

Those individuals being:

6.1.8. South Australia Financial Authority (SAFA) Risk and Performance Committee:

The Risk and Performance Committee provides **independent** advice to the Under Treasurer on SAFA's financial and performance reporting responsibilities, risk management, and internal control systems. The committee consists of three members.

6.1.9. No members are listed by name, face or credentials.

6.1.10. It is pointless to refer to the Committee as **independent** as it is also a public servant and is inherently biased to uphold the standards of the prevailing
