1. And we reply to that with the following:

There is no such thing as 'mandatory' access to the body as that defies the primary principles of Law/Lore, specifically the need to acquire **free will and informed consent** for such a procedure, at all times.

You will be aware also, that the vaccination/bioweapon is a privately owned, profit generating, mRNA business model. It is highly dangerous; causing injury and death. The promotion of this in our communities by our Local Councils; that is, our public servants, paid on the public purse, is an **absurdity in law**, and is therefore **Null and Void**.

We The People are not 'workers'. We are community.

We the People are not 'our Providers' of the Stirling Council. The Stirling Council is the public servant of the People and is 100% answerable to We The People.

Confirmation is voluntary, or that would defy **free will and informed consent**. Thus, that would be slavery. Criminal code 270. 25 years jail.

The Australian Government is a private corporation. It has zero authority. 'Orders and directives' are not law/lore and 'mandatory' does not exist.

Local Councils do not come under the Commonwealth and State legislation. Local Council is under Customary Lore Jurisdiction. It is the authority of the local tribes who assert direction. Including any requirement to collect, maintain and produce records of workers' vaccination status. The tribes have not, and will not, be issuing any such instruction, they being a nature based culture, of natural wholistic health in an integrated ecosystem of harmony and balance. Introducing such bioweapon chemical cocktails to the body temple, is an acute act of stupidity coupled with desire to control.

We The People, are not a free administrative team and distribution arm for the privately owned, profit generating, bioweapon industry. This is an absurdity in law/lore. And is thus **Null and Void.**

Any Harm, or Injury, brought to individual businesses due to failure to comply will be addressed for damages at \$10 000 per day, per public servant, for lost productivity, for each day trade is interrupted by the private agenda of the private bio weapon industry, using the People's public servant sector to attempt to secure a free distribution arm by coercing, blackmailing, dismissing and threatening the People. This is an absurdity in law/lore.

'If you have any queries please contact vaccinesuppliers@stirling.wa.gov.au'.

Who is vaccine suppliers? - An arm of the privately owned, profit generating bioweapon manufacture industry, issuing directives to the People. We can't hear you, nor recognise you as any authority. We The People do not care what you say or want. Your profit generating, control agenda is of no interest to us, We The People. Thank you for your
