Dear Sirs

We refer to your correspondence dated 7 February 2022 and your earlier correspondence dated 31 January 2022.

While we remain open to a meeting with the occupants of the Wollumbin Scout Camp, we do not propose to participate in any meetings that are characterised as a sitting of the "Githabul Ngarakbul Traditional, and Rule of Law, Council and Court."

This reply is viewed as a form of disrespect. This organisation has made claim of authority to remove people, but cannot show proof of authority, and cannot show up to discuss the claim with the People whom it alleges to have authority over.

Accordingly, we will not be attending the zoom meeting at 12:00pm today.

We also note that we do not accept that any of the named employees have any personal liability to you arising from their employment.

**Maxim of Law** clearly states that the agent and the principal hold the same liability. In this way humanity protects itself as all are liable and accountable for their actions.

It is via the 'legal fiction' of 'corporate immunity' that individuals believe they can conduct themselves in the capacity of violence as evidenced by this matter, and not be accountable for their actions.

This is wholly fictional and does not exist in Lore/Law. All are accountable for their actions.

Should we wish to discuss the matter with the occupants in the future we will make contact with you via this email address to organise a meeting time.

This mater is deemed NULL and VOID, due to failure of Lawful Due Process. Any claim to vacate on 17 February 2022, is Null and Void.
