INCOMPETENT STANDARD OF REPLY : Re: Automated Response: Your email has been received by the Department of the Premier and Cabinet

To WA-Government <wa-government@dpc.wa.gov.au>

This communication is **ON THE PUBLIC RECORD.**

This communication is based in Rule of Law: All Are Equal Before The Law.

Please find the following details regarding the incompetence of this automated reply by the McGowan Government: Public servant.

This reply is by Leith Masters. Sui Juris, also referred to as Crown Jurisdiction.

The following is recognised:

1) Public servants are public servants, not rulers.

2) Public servants are paid on the public purse and are 100% answerable to the public who employs them.

3) Humanity exists in a private, fraudulent system developed over centuries and uses the privately owned birth certificate to dumb down humanity and enclose humanity in the private legal system of the private BAR Guild. It is 100% fiction. This is a highly documented system.

4) The private BAR Guild emerges out of the Poor Laws beginning 1535. A class based system, failing Rule of Law: All Are Equal Before The Law.

5) The private BAR Guild uses it's own class based legal system and calls it LAW. This is wholly false, fake and an insult to LAW.

6) Please see further inadequate standards of reply in the content that follows, generated by the public servants of the McGowan Government.

Thank you for your email to WA-Government@dpc.wa.gov.au.

Your correspondence has been received by the Department of the Premier and Cabinet (the Department)

The cabinet is not a 'Department'. The Cabinet is made up of individuals who are all 100% personally liable and accountable for everything they do. There is no such thing as Corporate Immunity in Law.

and will be provided to the Office of the Hon Mark McGowan MLA, Premier; Treasurer; Minister for Public Sector Management; Federal-State Relations for noting.

The Department is currently experiencing a high volume of correspondence regarding Coronavirus (COVID-19) and therefore, **not all** correspondence will receive a response.

As a public servant, dispersing millions of dollars of funds such as:

Thursday, 12 May 2022

- **2022-23 State Budget funds initiatives to promote safe, strong and fair communities**
- **\$160.1 million committed to support community service providers and not-for-profits**
- **\$34.4 million boost for family and domestic violence programs**
- **\$114 million boost to protect and support Western Australian children**
- **\$40.4 million to support young people and reduce youth crime in the Kimberley**
- **\$95.7 million to support people living with a disability in Western Australia**

The McGowan Labor Government is investing \$450 million in the 2022-23 State Budget to support safe, strong, fair and thriving communities across Western Australia.

it is in no way appropriate that **ANY** communication from community would be ignored. This is a delusional standard supporting non accountability by public servants paid on the public purse.

That is a standard of gross incompetence and this office is instructed by 'We The People' to immediately remedy such standards. Every communication is to be promptly replied to.

We The People pay for it, via the monetisation of the birth certificate. No such privilege to pick and choose replies will be tolerated in any way. The Covid 19 agenda will not be used to slip away from accountability. There will be no games played here as to the architecture of this private system, alleging to be a We The People government.

The COVID 19 is wholly recognised, and highly researched, as a bioweapon depopulation program, attracting a global law suit.

If you are not aware of this yet, and you are a public servant, this is deemed a gross standard of either: failure to do appropriate standards of research, despite being widely available, or you are complicit in the depopulation agenda.

12 minutes - lawsuit for accountability

or perhaps:

This is both the global law suit, by Dr Reiner Fuellmich, and medical clarity by: Dr Judy Mikovits. This compilation leaves no doubt as to the level of evil architecture against the wellbeing of humanity.

The McGowan Government is taking the COVID-19 pandemic very seriously and wishes to advise that Western Australia is prepared, and has the ability and capability to respond to, and recover from, the pandemic situation.

Yes, it is a depopulation program. Regardless, the measures have violated all Nuremberg Code standards.

This office will not respond to abusive, offensive or inappropriate emails.

This communication is not to be interpreted as abusive, offensive or inappropriate in any way. This is Law. And all are answerable to LAW. Rule of Law: All Are Equal Before The Law.

If your correspondence is **threatening or intimidatory** it **will** be forwarded to the **Western Australia Police Force**.

This communication, and the one that proceeded this sub-standard automated reply; is not threatening or intimidating in any way.

It is observed however, that the above sentence threatening Police intervention is threatening, intimidating and attempts to silence community who have every right to contact the McGowan office and request accountability on any matter whatsoever. The McGowan office and government is a public servant and 100% accountable to 'We The People'. Absolutely, every communication requires a prompt reply, based in Law. Not legal fiction.

There is no such thing as 'mandatory vaccination'. Use of the words 'mandatory' and 'vaccination' reveal an inappropriate standards of knowledge regarding LAW and the criminal act of the Covid 19 agenda.

Accountability is in process for this agenda.
