Dr Tedros Adhannon Ghebreyesus

Director General

On the Public Record.

NOTICE OF SUPERIOR LAWFUL STANDING BY 'WE THE PEOPLE', REGARDING HEALTH DECISIONS FOR AND BY THE GOOD PEOPLE OF AUSTRALIA.

Dear Sir,

1. In regard to the pending meeting in Geneva Switzerland, May 22-28, in which a vote will be taken to facilitate the World Health Organisation to have sweeping powers over global health matters, such as over riding the Constitutions around the world, please be advised that the good people of Terra Australis do not, and never will, accept such a failure in lawful due process as to assign the health decision making function of 'We the People' to a global construct such as the United Nations and the

World Health Organisation.

2. It is observed that Terra Australis is quite separate from the privately owned corporate construct referred to as The Australian Government, residing in Canberra, but registered in the US.
3. Indeed, that corporate construct is part of a one world government, and has been the tool via which the privately owned mega billion dollar covid19 agenda has been channelled into the lives of the Australian people. That is, wholly against their will, and causing extreme injury in alignment with the extreme injury incurred by the global community with job loss, lock downs, forced masking and vaccine injury/death. This has been clearly identified by massive marches and protest around the planet.
4. Thus, please do NOT include Terra Australis, nor the private corporate construct referred to as the Australian Government, as a signatory to any such decision at this event, or future events.
5. Currently, Terra Australis is in caretaker mode, under military care, as it goes to the polls, 21.5.2022 to vote, despite many Australians knowing the process is fraudulent, and many others have no idea. At best, the election will engage new individuals into the private corporation calling itself the Australian Government. Therefore, it would be highly remiss to allege that Australia had any voice to participate in such a decision, at this time. Thus, this Notice does serve as the voice. And permission is NOT granted that we would participate in assigning such huge privilege to the WHO.
6. It is an absurd concept that health would be managed in such a way and invites further attacks of 'alleged pandemics'. And further gross mismanagement of health via synthetics, bioweapons and massive profits for patented 'remedy'. Health belongs to nature as part of a natural ecosystem, not to big pharma.

7. The current health agenda and standards is one of genocide and gross violations of the Nuremberg Code. This will not be continuing into the future. It stops now.
8. Unfortunately we have lost what was once a revered profession of doctors down the AHPRA demise. That being; the Australian Health Practitioner Regulatory Authority. With the process of 'required registration' into this 'authority', to practice 'medicine', this pandemic has clearly revealed the structure to be one of doctors being a distribution arm for big pharma toxic, synthetic health products and the privately owned bioweapon industry, commonly, but mistakenly referred to as vaccines. They are not vaccines. They are mRNA bioweapons designed to injure, sterilise, map and track, and kill.
9. Orders from the Inaugural Australian Grand Jury
<https://executiveorders.life/inaugural-australian-grand-jury-2021/>

48. *Further, additional agencies complicit in this false narrative vaccine roll out are AHPRA and the TGA. That being the Australian Health Practitioner Regulation Agency and the Therapeutic Goods Administration respectively. The first has silenced doctors and health practitioners from being able to speak openly about health choices, thus using them as a tool in the ever advancing covid landscape, and the second has banned known remedies such as Ivermectin and Hydroxychloroquine, thus being complicit in genocide.*

Thus, these two agencies are incompetent and complicit in Crimes Against Humanity. Board members will be on standby for Community Auditors. Re-deployment will be addressed on a case by case basis.

49. *Suppression orders upon health professionals to speak unbiased dialogues relating to health and the dangers of the experimental vaccinations, are hereby removed. Please speak freely, and inform all patients of the wide variety of health options available.*

50. *Natural health alternatives are absolutely to be spoken about, in alignment with God's Law, that being Nature, and as suggested in the Georgia Guide Stones. Follow Nature. Follow Nature. Follow Nature.*
56. Moderna should cease discussion regarding establishing a manufacturing plant in Australia. It is not welcome. It is strictly forbidden. Australia will not become a hub for Big Pharma bioweapon manufacturing.
57. The Pfizer contracts, known to be violent contracts, failing the basics of contract Law, and made, by the Australian Government, on behalf of the Australian People, including the use of the bodies of the Australian People, without their knowledge, free will and informed consent are deemed Null and Void.
58. Let no entity ever allege to have the capacity to ransom the bodies of the People off to private enterprise in pursuit of profits. This is slavery of the highest order and will be held accountable as such.
10. The level of content confirming the covid plandemic, is now in the realm of thousands of individual research pieces. You may refer to the following compilation of law and medical, highlighting the dangers of this industry. This is both the global law suit, by Dr Reiner Fuellmich, and medical clarity by: Dr Judy Mikovits. This compilation leaves no doubt as to the level of evil architecture against the wellbeing of humanity.

11. Please do not funnel our 'alleged' inclusion through the corporate construct that refers to itself as the Australian Government. That entity is not a 'We the People' government and has no lawful jurisdiction in Terra Australis. It is a private corporation, no different than McDonalds. This Notice

serves as proof that the agenda is absent of Law and therefore 100% rejected.

12. In 1945 when Australia joined the United Nations, a gross failure of lawful due process did occur. That would be; a failure to hold a referendum and ask the people if they wanted to join the United Nations.
13. A referendum would have been essential as such a decision to join such an organisation changed the standing of Terra Australis. Therefore a referendum was absolutely required.
14. As there were 3 Prime Ministers in 1945, that level of chaos obviously served to distract from the lawful due process of consulting with the highest authority of the land, the People. You will observe, there is no record of a referendum for such a critical decision.
15. Thus the original decision to join the United Nations has no standing for Australia, more accurately referred to as Terra Australis and quite separate from the private enterprise referring to itself as the Australian Government.
16. Please observe, via Grand Jury, the decision to NOT participate in the desired role of the proposed WHO powers to control a global health landscape, even under alleged 'emergency' conditions, was passed by unanimous vote at Grand Jury 8. Order #7.

*Further to Order 6: In the matter of The World Health Organisation wanting to impose a global health standard based in the synthetic health management we have witnessed over the past 2 years, do you agree, that an artificial entity, such as the WHO could have no authority to impose such a practice, and must seek **permission from the People**? And must be wholly accountable to that gazetted decision.*

17. As we draw a close to corrupt global governance, that has a basis in an imploded, privately owned fiat currency, and therefore a focus of depopulation via synthetic health, delivered via the covid plandemic, We, the good People, of Terra Australis will be overseeing the future of this nation, and will follow Rule of Law: All Are Equal Before The Law, to do that.
18. We thank you for your time and attention in regard to this matter and trust you will record this communication accurately. As we have.
