 - 6.1.free will and
 - 6.2.informed consent.
 - 6.3.Corporate immunity does not exist
 - 6.4.We The People Governance
7. This communication comes in Peace.

10. The Australian Government: Inferior Jurisdiction: Legal. Not Lawful.
11. Legal: a subset of Law and may violate Law to exist. And it does.
12. And its associated bodies, including the Reserve Bank of Australia: a privately owned, foreign banking system and owner of the now defunct USD.
13. Interest rate are 100% fiction.
14. Inflation is 100% fiction.
15. The perpetrators of the covid19 - that being the World Economic Forum/Rothschilds Bank, its associated parties, and its many octopus arms,
 - 15.1. are the same owners of the Federal Reserve Bank and the USD,
 - 15.2. and are the same influencers of all major corporations in Australia,
 - 15.3. which sit within the Futures Fund,
 - 15.4. managed by the Board of the Guardians
 - 15.5. and worth \$226B.
 - 15.6. and are the same parties guilty of driving price rises,
 - 15.7. as an alleged catalyst to claim inflation
 - 15.8. And thus justify increased interest rates,
 - 15.9. to tighten disposable income
 - 15.10. and thus decrease consumer spending,
 - 15.11. In the hope that an alleged decrease in demand will result in a reduction of prices
 - 15.12. However, this is fiction. Prices will not come down.
 - 15.13. But this strategy, effectively creates tenant eviction
 - 15.14. as higher mortgage prices are passed on to tenants
 - 15.15. drives the Homelessness industry
 - 15.16. and the broken family industry
 - 15.17. and movement of the real estate back into the hands of the bankrupted Reserve Bank.

16. Don't be fooled. It's all fiction. It is astounding that the logic of these individuals believe that off the back of a 2+ year pandemic, and rising food and fuel prices, that humanity/community can sustain such increases in interest rates, to secure their inherent right to resources, that being food and shelter.
17. This feeds into the scarcity dialogue of food shortages, and develops the Hunger Games scenario - that film being a public gazette of this ideology. Like so many other public gazettes. Example The Truman Show, or The X Files, or The Matrix.
18. This is slavery.
19. Maxim of Law: All are accountable for their actions.
20. No 'corporate immunity' is recognised as that is a 'legal fiction', and allegedly facilitates people to break the Law and not be held accountable.
21. No such privilege exists in Law.

22. Proposed Amnesty for mortgages and rents:

23. Jurors: What say you ?

Do you agree this Amnesty is a valid remedy to the rising of interest rates, and off the back of a pandemic?

24. Unanimous Yes by the Jurors.

25. The Order is passed.

30. Further: did we foresee a land grab?

Yes we did.

Point 4d

Third Grand Jury 2021 November 19, 2021

<https://executiveorders.life/third-australian-grand-jury-19-11-2021/>

Today we have the full moon on the resources axis of Scorpio and Taurus drawing our attention to 'who has the resources?', 'where are they?', 'who believes they have jurisdiction over their management and do they really? In this conversation we address housing, or the lack of, thus producing a terrible homeless 'industry'. We have mining, and the excessive extraction of resources from Mother Earth, we have the global food bowl, who controls it and what toxins are going into it, just to name a few. For sure we are experiencing right now the next phase of a massive land grab by the AI that calls itself the Australian Government, and it's associated corporations, all registered into the privately owned construct.

31. Did we facilitate back up via the Inaugural Grand Jury?

Yes, we did.

Order # 88

Services Australia is to immediately facilitate any individual who approaches Centrelink in hardship, and to immediately facilitate a payment to relieve stress connected to food and shelter. This is remedy whilst **Community Auditors** are assigned to realign systems with Rule of Law: All Are Equal Before The Law.

32. Details of Remedy:

32.1. Proposed Amnesty for mortgages and rents .

32.2. Degree of Pluto is 28 Capricorn (Retrograde 27.24 degrees to be precise)

32.3. Began 2008: Pluto: irreconcilable change; at 0 degrees of Capricorn: the power structure.

32.4. **Therefore irreconcilable change to the power structure:**

32.5. There exists a fake, fictional, unelected entity, crafting the landscape for humanity without consulting humanity.

32.6. This is treason, fraud and slavery. Accountability is inevitable. This is Law.

32.7. This is being taken care of by military. The good People of Australia welcome the military intervention to remove criminal activity on these lands.

32.8. This is a violation of Natural Law, of inherent rights, and of right of use, of resources.

32.9. This entity is the Rothschild banking system of 1913, and the World Economic Forum, also a Rothschilds entity.

32.10. The Reserve Bank of Australia is a part of the Rothschilds, privately owned, foreign banking entity.

32.11. Attention is called to anyone associated with this unelected body of people, called the United Nations, the World Health Organisation, the World Economic Forum and its many tentacles; crafting the future for humanity, without the consultation, authority or the permission of humanity.

32.12. It is The World Economic Forum that has delivered the covid19 agenda. A well crafted, highly documented assault on humanity. A depopulation agenda.

32.13. This is treason, fraud and slavery. Accountability is inevitable. This is Law.

32.14. Thus, this Pluto alignment delivered a rebalancing of Natural Law.

32.15. That which fails Natural Law is destroyed by Nature.

32.16. Thus, we were given the implosion of a financial slave system via the global financial crisis. Clearly indicating that a fake, fictional, privately owned financial system had driven the entire planet into a gross financial crisis via its entrapment by war, and use of interest rates. This history is well documented for anyone's education.

32.17. The global financial crisis thus marks the end of the privately owned Rothschilds banking system. A system of debt enslavement.

32.18. Covid and rising prices and interest rates are its efforts to maintain control.

32.19. This is a system whereby the Natural Creditor has become the debtor.

32.20. This is treason, fraud and slavery. Accountability is inevitable. This is Law.

32.21. Pluto transit through Capricorn finishes March 2023, and enters Aquarius.

32.22. Thus; the transformation of Humanity truly begins.

32.23. Which 'We The People' are in charge of.

32.24. We are absolutely not taking this broken slave system with us.

32.25. Thus; with just 8 months left to go, and based on the Orders of Grand Jury 10, in which the 8 essentials of a valid contract were defined, and in which it is clear that a mortgage - Latin for 'debt 'til death', fails all 8 essentials of a valid contract.

32.26. Therefore, '**We The People**', that is Crown Jurisdiction, that is Superior Jurisdiction to all other, call a halt to this perpetual assault on our wellbeing via a privately owned unelected entity.

32.27. These 8 essential requirements were discussed in the 10th Grand Jury.

You may view these 8 Essentials of a valid contract here:

32.28. <https://executiveorders.life/tenth-australian-grand-jury-2022/>

32.29. A mortgage is 100% fraud.

32.30. The bank never loaned you a cent.

32.31. Your signature created the 'funds'.

32.32. And the negotiable instrument, the mortgage, was then sold to a wholesaler and floated on the Stockmarket for investors to capitalise on. In an RMBS - a residential mortgage backed security.

32.33. Thus creating a giant Ponzi system.

32.34. The interest you pay on your mortgage is the dividend someone receives for their investment in an RMBS.

32.35. This is treason, fraud and slavery. Accountability is inevitable. This is Law.

32.36. Therefore, no one may be thrown out of their home based on an inability to meet mortgage repayments, or rent. This landscape is as equally chaotic as the early stages of the covid agenda in which the government, that is, the public servants, determined an

amnesty. Now, We The People, reserve our right to also call an amnesty. Therefore, foreclosure and eviction is strictly forbidden until further Notice.

32.37. Any judiciary or police or other public servant that facilitates the removal of an individual from a dwelling, will be publicly listed, and assets will be frozen and held for liability for harm and injury perpetrated against humanity and their inherent right to resources.

32.38. Such recording of injury should appear here:

<https://executiveorders.life/form-a-injured-party/>

32.39. And freezing of assets should appear here:

<https://executiveorders.life/frozen-assets/>

33. Remedy

33.1. Individuals may choose to pay only a portion of their mortgage, as remedy to inflation and escalating prices of food, fuel and utilities.

33.2. If choosing to pay a portion, you need to record here:

<https://executiveorders.life/form-a-injured-party/>

33.3. Others may wish to simply reject the interest payment increase. Now at 1.75% equivalent to approximately \$500.00 per month on a \$500 000 mortgage.

33.4. Or choose a lesser amount to not pay.

33.5. This must be done in 100% commitment to your own choice to proceed in this way.

33.6. Foreclosure proceedings will need to be processed through a Rule of Law Court: All Are Equal Before The Law, not through a Roman Court, which is also the bank and is therefore

biased in its decision making.

33.7. Foreclosure is now strictly forbidden; based on a bank's inability to prove their claim, that you are indeed a debtor to them. When in fact you are the Creditor. This is a terrible sleight of hand.

33.8. As we as a humanity retire a privately owned system of currency; the USD, The Federal Reserve Bank is on standby to have some role, if any, in the new Quantum Financial System.

33.9. Alleging to have the capacity to continue to manipulate interest rates is an absurdity in Law, and a game with People's lives.

33.10. It is strictly forbidden.

34. Additional comprehension of this matter:

35. Is the Reserve Bank of Australia lawful? - No.

36. Is it the privately owned Rothschilds banking enterprise that snuck into power in 1913 on Christmas Eve, whilst Congress was away. - Yes

37. The Federal Reserve Bank is a **privately owned** fiat currency, US based, established 1913 without lawful due process and has had its tentacles around Planet Earth as the peg currency since this time. That has now changed.

38. Privately owned currencies are not permitted on Planet Earth.
39. They are slave systems manipulated with the use of interest rates.
40. That is: the loosening and tightening of the quality of life for humanity as the owners of the private banking system and currency see fit. By lowering interest rates to create a false sense of comfort, and then increasing them to shake out anyone travelling too close to the edge and who will consequently lose their assets to foreclosure, or their family through intolerable stress.
41. This is 100% slavery.
42. This is 100% fake.
43. This is a 100% manipulated market, outside the economics essentials of a free market, void of monopolies.
44. This banking system has delivered to us:
 - 44.1. WW1 1914 - 1918, to ensure other countries became indebted to the privately owned USD.
 - 44.2. WW2 1939 - 1945, to enhance that indebtedness and perpetuate further fear and death.
 - 44.3. All other wars.
 - 44.4. A synthetic health industry mandate - 1914, thus delivering the monstrous pharmaceutical industry and effectively delivering the covid19 bioweapon agenda as an alleged remedy for a covid virus , which has never been isolated to this day.
 - 44.5. And every other misery of restriction, constraint, scarcity and deprivation whilst living on our beautiful abundant Mother Earth.
45. By Grand Jury: Terra Australis says 'No' to interest rates rises.
46. Maxim of Law: That which is created in fraud, can never be made right.
47. Maxim of Law: All are liable and accountable for their actions. Corporate immunity is a legal fiction that does not exist in Law and has been created to assist deviants to break the law whilst

believing they are protected from accountability. This is 100% fictional. No such protection exists. Accountability for crimes against humanity is inevitable.

48. This banking system is rapidly being abandoned around the world, and replaced with gold backed and asset backed banking systems as part of GESARA: The Global Economic Security and Reformation Act.

49. Russia's gold backed Ruble and the BRICS Alliance are just some of the developments to rid the planet of this private Rothschilds fiction, fractional fiat currency system that is collateralised against the privately owned tool in commerce, known as the birth certificate.

50. You may listen to the history here: 4 mins. This provides 100% clarity as to the fiction of this toxic system.

<https://screencast-o-matic.com/watch/c3iljkV0EyG>

51. As the theory and justification of the rise in interest rates is: According to Treasurer Jim Chalmers, 41st Treasurer of Australia; since 23 May 2022, and as quoted in the Guardian July 5th 2022; the RBA was increasing the cash rate because:

51.1. *"we've got high and rising inflation, and that's why **'they'** - (refer to audio at point 50) - have deemed these difficult decisions to be necessary'.*

Further: *'it won't be the last one for this year.'*

And, *'People will find today's news really difficult. It will be a tough day for a lot of home owners'.*

52. This is complete fiction perpetrated against the wellbeing of humanity.

53. It is an 'idea' that humanity would suffer in some way to preserve a fictional system.

54. This is treason, fraud and slavery.

55. Treasurer Chalmers has positioned himself to be a mouthpiece allegedly having the authority to inform '**We The People**' that 'We will be harmed'.

56. Maxim of Law: Do no Harm.

57. As everything in Law is an **offer and acceptance**, We The People, reject the offer.

58. **No thank you**, no interest rates rise will be adhered to, unless by choice, and **We The People** reserve the right to pay as seen fit to economic circumstances.

59. Economics 101: Markets are free and monopolies are forbidden.

60. We may determine this is not a free market of supply and demand, but a highly manipulated market, by the following 9 individuals and associated parties: and their use of a fictional tool called 'interest', on the 'alleged' money loaned for a mortgage, despite said mortgage being nothing more than a lien against the energy of the people, via the monetisation of the birth certificate.

61. As per the audio at point 50.

62. Who is the RBA Board in Australia: 9 individuals.

<https://www.rba.gov.au/about-rba/boards/rba-board.html>

These individuals make the decision as to how much the roof over your head will cost you each month by tweaking a fictional tool called 'interest'.

63. And a fictional tool called 'inflation'.

64. Interest is also known as 'usury' and is strictly forbidden as it is a tool of slavery and is used in the manner we witness currently, and throughout these many past decades and right back to Jesus and the money changers in the temple.

65. **This is the Great Awakening.**

66. See through the illusion of the money changers, their spells and bonds; with your life.

67. The Reserve Bank of Australia is the Rothschilds banking system. Which is also the World Economic Forum - Klaus Schwab/Rothschilds, and which has all major corporations enlisted in it's global roll out, including Coles and Woolworths, some of the main perpetrators of increased prices, including fuel.

68. Debt on Planet Earth:

68.1. In 2021, global debt reached a record **\$303 trillion**, according to the Institute of International Finance, a global financial industry association. This is a further jump from record global debt in 2020 of \$226 trillion, as reported by the IMF in its Global Debt Database. (Google)

68.2. That's an increase of approximately 34% in just one year.

68.3. This is an economic disaster for the People and a profiteering opportunity for the instigators.

68.4. ***The Meek Shall Inherit The Earth*** Matthew 5:5

68.4.1. In debt to whom?

68.4.2.For what?

68.4.3.This is our planet and we own everything already.

68.4.4.Debt is an idea. A very bad idea; growing misery every day.

68.4.5.In Law, the debtor is actually the Creditor.

68.4.6.The Creator.

68.4.7.And that is now being restored.

68.4.8.Along with Law.

69. The good, hard working folk of Terra Australis will not be scapegoats to hold up a failing, fraudulent financial system that is being rapidly abandoned globally, despite the corporate, privately owned, foreign owned, Australian Government announcing zero plans to exit this paradigm and instead actively impinging it's fiction on the real day to day activities of good Australians, via increased interest rates. It's time to say 'No'.

70. Therefore, **We The People, in Superior Jurisdiction** will pay only what is affordable in this hardship and scarcity paradigm.

71. '**We The People**' have spoken.

72. These highly paid positions are a privilege inside a private game of commerce, with no basis in **Law**, only legal. And no basis in the the reality of everyday life and survival.

73. Parties are also in conflict of interest.

73.1.Eg: Refer to point 73.10.

73.10.1.What does Wesfarmers own? Coles and Bunnings.

73.10.1.1. In Law, we call this a gross Conflict of Interest.

73.10.1.2.Who just put all their prices up?

Coles. Eg In Coles a 1 Litre bottle of Olive Oil was \$4. It is now \$6.50. This equals inflation. What did Alison Watkins, sitting on both Boards do about this? Obviously nothing.

73.11.What does OA stand for: The Council for the Order of Australia defines this honour as distinguished service of a high degree to Australia or humanity at large. This award recognises people whose actions have made a significant impact in our society. Only 140 people are awarded an AO each year.

73.11.1.The General Division of the Order of Australia has four levels:

73.12.What does PSM stand for: Formal recognition of outstanding service. The **Public Service Medal**, established in 1989, is awarded twice a year by the Governor-General. It recognises those people who have consistently performed demanding jobs to the highest standards and have made a major contribution to the Australian community.

73.12.1. This is for Public servants, paid on the public purse.

73.12.2.Meanwhile, if you can't pay your mortgage because of the decisions they make, that's your misfortune and possible eviction.

73.12.3.Failure in transparency deems all matters **Null and Void**.

73.12.4.You cannot be deemed incompetent in a system that has never made itself transparent. That is simply a slave system.

You are church property.
