10. The Australian Government:

11. Not a We The People Government. Therefore; Inferior Jurisdiction:

12. Legal. Not Lawful.

13. Legal: a subset of Law and may violate Law to exist. And it does.

2. Point 33. Order # 9

Based upon the above, (as per the greater details of the Third Grand Jury) we can therefore thank the current enterprise that does go by the common name of The Australian Government, for delivering to us, a system that fails **Rule of Law: All Are Equal Before The Law**, so transparently; by creating a jabbed and un-jabbed landscape that **We The People**, have no debate to dismiss it as an illegitimate governing body.

And to rename it *The Australia Corporation - A Private Enterprise*,

in which its policies will need to enter the free marketplace of supply and demand.

Its policies will not successfully compete with humanitarian policies, because it is based in slavery.

Before we can vote on that concept, it is important to understand the following:

3. The physics of Creation are; we would slng and dance our new reality into creation, as is the customary lore and practice of the Original People of this great land.

4. And that we would 'speak our new reality into creation'.

5. For the power of the word is God.
6. What we sayeth: becometh.
7. What we focus on, grows.
8. So let us focus on the good things we want for our future.
9. And let us drop away all that does not serve the greater good of humanity, and in our role as custodians of our Beloved Mother Earth.

9. **Do we choose now to view The Australian Government for what it really is:
*The Australia Corporation - A Private Enterprise.***

What say you ?

A unanimous vote is passed.
