*bio-economy.” The **COVID-19 pandemic** has demonstrated the vital role of biotechnology and bio-manufacturing in developing and producing life-saving diagnostics, therapeutics, and vaccines that protect Americans **and the world**. Although the power of these technologies is most vivid at the moment in the context of human health, biotechnology and bio-manufacturing can also be used to achieve our climate and energy goals, improve food security and sustainability, secure our supply chains, and grow the economy across all of America.’*

3.12.For IGJ Orders referenced: Pls refer to : Inaugural Australian Grand Jury 23.9.2021

3.12.1.<https://executiveorders.life/inaugural-australian-grand-jury-2021/>

3.13.IGJ 71. All Emergency Declarations cease. Recognised as a tool of a private, global business model.

3.14. Inaugural Australia Grand Jury: ORDERS

3.14.1.#48: It is noted that Turkish owned BioNTech, an arm of German owned Pfizer did establish its 3rd manufacturing plant in Australia only recently, in Perth. The other two being in Melbourne and South Australia. It is a requirement that this foreign owned company produce it's 'papers please' as evidence that it did seek, and receive approval, from the First Nation Custodians, under the jurisdiction of Lore/Rule of Law: All Are Equal Before the Law, to manufacture bioweapons on these lands.

No evidence is available, because no approval has been granted.

Please cease manufacture immediately.
