14. The APRA Board will be addressed in coming papers, depending on its performance of transparency, based on this request.

15. It is acknowledged most individuals have never expanded their thinking beyond the current paradigms to comprehend that this entire class based system of misery, is just a long - 720 years - and tired '**idea**', based in scarcity, as a mass control mechanism.

16. Planet Earth and Terra Australis and We The People, do not need to be managed such that systems generate entrapment, sorrow and hardship on a daily basis.

17. That is treason, fraud and slavery.

18. As this system is now foreclosed on, those listed should take heed, that accountability is in process.

23.1. As bank funds are generated via the Birth Certificate: a receipt for use of resources, We The People, grant you permission to disperse funds to each of us, to ease the burden at this festive season, following the onslaught of the private business model of covid 19, and the burden of rising interest rates.
