**I. Peaceful Greetings. Respect to one and all.**

II. This is not an opportunity to Prosecute.

III. The Court is convened at the request of Leith Masters, **Executor and Beneficiary**; and is therefore under **Superior Jurisdiction**.

IV. All content should be carefully read and considered.

V. To the presiding Magistrate/Trustee/Fiduciary in these matters; also known as Trustee; this will either be the greatest moment of your career, and a marker in the history books, or it will be your greatest show of incompetence. Please choose wisely in alignment with Law, not legal.

administration with **Terms and Conditions** for its continued use of our resources to generate profit from its Privately Owned System of Commerce. (POSoC).

### 1. Peaceful Greetings. Respect to one and all.

2. Please refer to specific details of these matters before the Court at the end of this document, after defining who the Court actually is, and its alleged authority.
3. The Court is beholden to **Maxim of Law: The claimant must prove their claim**, that it has any authority. The following details may assist in that matter.

### 4. Synopsis: Leith Masters, **Executor and Beneficiary**,

- 4.1. attending a **company** location, known as
- 4.2. Fremantle Magistrates Court:
- 4.3. Fremantle Court, 8 Holdsworth St, FREMANTLE 6160. WA.
- 4.4. To tend to matters concerning the '**products**' of the **company**, used in a **monopoly** business model upon the Lands of Terra Australis, by the **private corporation** that refers to itself as **Australia**, and the **Commonwealth of Australia**.
- 4.5. Note the use of all capitals for the word FREMANTLE to establish an **occupied** area, under an inferior jurisdiction. As the occupier is an offshore company.
- 4.6. And the use of MASTERS in all capital letters on the PROSECUTION NOTICE to attempt to enclose and capture the Living within that Statutory inferior jurisdiction.
- 4.7. It is noted that despite myself calling the Court into action, that the Court has responded with a 'presumption' it has an opportunity to PROSECUTE.
- 4.8. That presumption is rejected. No opportunity to PROSECUTE exists.

- 4.9. It is expected the use of words in all capitals is well understood as a language of a privately owned jurisdiction, and little to no effort will be used to explain this in this paper, other than to recognise it as a language of a privately owned 'enclosure'. That exists without common knowledge of its language and therefore violates the 8 essentials of a valid contract.
5. The private company/corporation as per its own Constitution is defined in the following way.
  - 5.1. **Law Courts Limited:** A company limited by guarantee 23 February 2007.
6. As per point 1 and 2 of the Company Constitution: it clarifies
  - 6.1. 1. The name of the company is **Law Courts Limited**.
  - 6.2. Registered office:
  - 6.3. 2. The registered office of the company is situated at 184 Phillip Street, Sydney in the state of NSW.
  - 6.4. Other points throughout the Constitution clarify this is a National Constitution and not just subject to NSW. And thus governs the Fremantle Magistrates Court.
7. As per Point 3 of the company Constitution
  - 7.1. Which can be found here: [https://www.lawcourtsltd.com.au/files/ugd/213dd1\\_ed10dc9b21d24be3ad30d3cf0c92bfde.pdf](https://www.lawcourtsltd.com.au/files/ugd/213dd1_ed10dc9b21d24be3ad30d3cf0c92bfde.pdf)
  - 7.2. And which clarifies the following:
  - 7.3. Act means the Corporations Act 2001, (Cth) as amended from time to time.
    - 7.3.1. Notes: Thus confirming this Company is regulated by ASIC; the Australian Securities and Investment Commission, and is therefore a 'for profit' enterprise.
    - 7.3.2. ASIC defines a rule book for corporations, not People.

executiveorders.life E: wethepeople@executiveorders.life

7.3.3. ASIC does not and cannot mention People, as People are governed by Maxim of Law, and not the Acts, Statutes and Legislations of the corporation code of conduct.

7.4. Australia means the **Commonwealth of Australia**.

7.5. Australian minister means the **Attorney-General for the Commonwealth of Australia**.

7.6. Australian officer means an officer appointed under any of the following Acts:

7.7. • High Court of Australia Act 1979 (Cth);

7.8. • Federal Court of Australia Act 1976 (Cth);

7.9. • ~~Federal Magistrates Act 1999 (Cth)~~; and Federal Circuit Court of Australia Act 1999

7.10. • Public Service Act 1999 (Cth).

### 8. And, as per point 6 of the Constitution which states:

8.1. Words or expressions used in the constitution, other than those defined in this clause 3 of the Constitution, shall be interpreted in accordance with the provisions of the Acts Interpretation Act 1901 (Cth), as amended from time to time.

8.2. And can be found here:

8.3. And does define 'Australia' in the following way:

8.3.1. **"Australia"** means the **Commonwealth of Australia** and, when used in a geographical sense, includes:

8.3.2. **Norfolk Island,**

8.3.3. the **Territory of Christmas Island** and

8.3.4. the **Territory of Cocos (Keeling) Islands,**

9. Further: The Constitution defines itself as 'occupying' Land, as opposed to being 'Law of the Lands'.

9.1. As no Constitution has been identified for Western Australian Courts and this Constitution does, at point 13, infer it is a National document; it says the following :

9.1.1. *to provide accommodation for courts, court registries, other court support services and to render and keep such accommodation suitable and available to provide accommodation for persons nominated or approved by the **Australian minister** and by the State minister in areas as may be **set apart** for **occupation** by **Australia and the State** respectively and to render accommodation suitable and available for **occupation**;*

9.2. Note the words 'set apart' and 'occupation', inferring not of this Land mass, but occupying it none the less.

9.3. And the use of 'available for occupation'.

9.3.1. As Terra Nullius: "land belonging to no one"; is long dismissed, nothing is 'available' without first acquiring permission from the Traditional Owners and Custodians of these Lands.

9.4. Use of 'Australia and the State respectively', clarifying this is a **National** Constitution.

9.5. And further develops this concept of being a privately owned, member based company with Directors, at points: 26 and 27 of the Constitution

9.6. Point 25 - creates provision for use of **Promissory Notes**, as per the Bills of Exchange Act 1909.

9.6.1. And yet reveals a failure to cope with this process in any way.

- 9.6.2. As identified by a 2.5 year Audit to identify **extreme standards of violence and belligerence** across multiple essential industries governed by the 'Australian Government', an offshore company, utilising **monopoly** conditions.
- 9.6.3. Industries include, but are not limited to water, electricity, gas, mining and roads.
- 9.6.4. These essential resources are accessed by becoming part of a **Unilateral Contract** that has savage and violent outcomes if not followed.
- 9.6.5. **Unilateral Contracts** fail the 8 Essentials of a Valid Contract. Refer below for details of the 8 Essentials of a valid contract.
- 9.6.6. The private companies that harvest our resources and sell them back to us ignore standards such as **14g of the Debt Collection Guidelines**. Page 27. Often engaging in extreme standards of extortion, belligerence, disrespect and harvest.
- 9.6.6.1. Synergy and the Water Corporation are recorded for this conduct.
- 9.6.7. [https://www.accc.gov.au/system/files/Debt collection guideline for collectors and creditors - April 2021.pdf](https://www.accc.gov.au/system/files/Debt%20collection%20guideline%20for%20collectors%20and%20creditors%20-%20April%202021.pdf)

- 9.6.9. Not the Debtor.
- 9.6.10. **Crown: We The People of Superior Jurisdiction** are the Custodians.
- 9.6.11. Not the Customer.
- 9.6.12. Even when positioned as the Debtor, also known as **slavery**, these companies cannot follow their own guidelines of conduct, often extorting and insisting on large sums of money from People to have essential resources reconnected, which should never have been disconnected in the first place.
- 9.6.13. Large Fines and Penalties, as **Terms and Conditions**, now exist for these companies who disconnect Inherent Right to Essential Resources.

9.6.14. Thus engaging Humanity in **slavery** by forcing the People to work for a privately owned currency to pay for goods and services that should be paid for by a signature. **Bills of Exchange Act 1909.**

9.6.15. Criminal code 270. Slavery 25 years jail.

9.6.16. In a hearing at the Perth Magistrates Court 25.10.2024; Merry vs Wanneroo Council, it was clear, the outcome was predetermined to uphold **monopoly** conditions and failed **Lawful Due Process**. The Court ignoring it's own Bills of Exchange Act 1909. This is an incompetent Trustee/Magistrate.

9.7. Point 32 - creates good provision for remunerations for members from this 'for profit' business model.

9.8. Point 33 - highlights this Constitution is 50 years old, dating back to 23 December 1974

9.8.1. And harks back to the extensive political climate of 1973/1974 and can be viewed here :

9.8.2. [https://www.aph.gov.au/About\\_Parliament/Senate/Practice\\_and\\_Procedure/platparl/c04](https://www.aph.gov.au/About_Parliament/Senate/Practice_and_Procedure/platparl/c04)

9.9. Point 39 - explicitly defines this Constitution operates at a State and 'Australia' level.

9.10. 'Australia' and 'Commonwealth' to be defined below, by its own gazettes, and clarifies such entities to be an offshore company, conducting commerce on these Lands.

9.11. [http://classic.austlii.edu.au/au/legis/cth/consol\\_act/aia1901230/s2b.html](http://classic.austlii.edu.au/au/legis/cth/consol_act/aia1901230/s2b.html)

10. Therefore, the Court is clearly defined as a **private 'for profit' company** with Directors and Members.

10.1. And therefore has no basis in believing it:

10.1.1. can deliver a privately owned legal paradigm and call it 'Law';

10.1.2. using its corporate Acts, Statute and Legislations,

10.1.3. and the all capitals language to acquire alleged jurisdiction over the People,

- 10.1.4. which to assert jurisdiction over, refers to as the 'Public',
- 10.1.5. for use of its private instruments: license, permits, registrations and certificates
- 10.1.6. that are delivered through Unilateral Contracts
- 10.1.7. and invoke extreme standards of violence if the contract is ignored.
- 10.1.8. Law cannot be owned nor enclosed.
- 10.1.9. **Maxim of Law: if Law cannot be accessed and understood by all, it is not Law.**
- 10.1.10. This is a self assigned elitist club and system that refers to those who are not a member, and not trained in the privately owned legalese as a 'lay person'.

10.2. As a private company; it sets up company structures and refers to its structures as 'justice' for example: [fremantlecourt@justice.wa.gov.au](mailto:fremantlecourt@justice.wa.gov.au)

10.2.1. And further

10.2.2. • High Court of Australia Act 1979 (Cth);

10.2.3. • Federal Court of Australia Act 1976 (Cth);

10.2.4. • ~~Federal Magistrates Act 1999 (Cth)~~; and Federal Circuit Court of Australia Act 1999

10.2.5. • Public Service Act 1999 (Cth).

10.2.6. These are **monopoly** structures of a privately owned company utilising its own legalese language and referring to it as 'Law'.

10.2.7. **Monopolies** do not exist in Nature. And are an unnatural construct born of legal, not Law. Born of a time of the pillage of the planet and all natural systems; Doctrine of Discovery 1493-2023. And therefore delivers all forms of Harm and Injury to those on the receiving end of this unnatural construct.

- 10.3. **Crown: We The People of Superior Jurisdiction**, allegedly become 'members' of the private company by using the private instruments of the private company: **certificates, license, registrations and permits**. These instruments are gateways to access Inherent Right to Resources and maintain a **monopoly** business model. By referring to the People as the 'Public', the People allegedly fall under Acts, Statutes and Legislation.
- 10.4. This is legal fiction language. And has been instigated to bring about an inequitable distribution of resources and a **slave** nation.
- 10.4.1. Eg: Mining: Northern Star, Kalgoorlie. Worth \$18B
- 10.4.2. Largest shareholder 44%: HSBC: shares 515M.
- 10.4.3. Elder shares: zero.
- 10.4.4. HSBC dividend return 2024: \$220M.
- 10.4.5. Elder dividend return \$0.
- 10.5. This is the harvest of our resources by a global **monopoly** construct.
- 10.6. Resulting in the mass disenfranchisement of whole sectors of community, particularly First Nation People of these Lands, who fill 29% of jail cells despite being less than 3% of the population. Clearly an agenda exists.
- 10.7. The People have no binding to Acts, Statutes and Legislation.
- 10.8. Nor to the forced use, by armed violent policy officers, of private instruments to exist on our own Land.
- 10.9. The People have binding to the timeless **Maxim of Law**, that exist in Nature.
- 10.10. Maxim of Law is not created in boardrooms.
- 10.11. Maxim of Law is the ultimate measuring tool of all matters.
- 10.12. And is now used extensively to measure all matters.
- 10.13. Failure of **Maxim of Law**, deems matters **Null and Void**.

10.14. **Maxim of Law** finds the privately owned legalese of the private corporation that refers to itself as Australia and the Commonwealth of Australia, to be a gross misrepresentation of **Maxim of Law**, and is a **slave** system under the title of 'Guardianship' with its current origin at Unum Sanctum 1302.

10.15. This is a Vatican, Roman Catholic Church construct where the People became property.

10.16. It is **terminated** for its failure to adhere to **Maxim of Law**.

10.17. **Maxim of Law: all are accountable for their actions.**

10.18. This is a class based system and fails **Maxim of Law: All are Equal Before The Law**.

10.19. This system, for the past 722 years, is a trick of the Roman Catholic Church which, via Pope Boniface, deemed itself to own the People and the Planet. And has since conducted itself as administrator of all matters, and is now removed from such self assigned privilege.

10.20. Not only by **Crown: We The People of Superior Jurisdiction**, but by its own recognition of **dis-grace**.

10.21. **Doctrine of Discovery 4 May 1494 - 30 March 2023.**

- 11.1. We are trapped in an 'enclosure' of **monopoly** with violent outcomes if we do not adhere to what the enclosure rules are.
  - 11.2. Refer to The Truman Show as a gazette of this structure. There are many gazettes in an effort to shift accountability to 'we told you so'. Including the board game **MONOPOLY**.
  - 11.3. This is a privately owned legal system of a private company, with many products in the market place, all positioned around access to our essential and inherent resources.
  - 11.4. That company maintains its products and 'customer' base by **monopoly** codes of conduct that are generally accepted as **forbidden** in all other marketplaces due to the violation of the free will mechanism of supply and demand to regulate the marketplace.
12. This era is the end time of the 'corporate sovereign ideology', a concept that does not exist in Nature and is not a part of Natural Law; but is based in **monopoly** business models, monopolising essential resources, whilst the People work to pay for the resources they are the inherent Custodian of. Also known as **slavery**.
- 12.1. Reference may be clarified here:

    - 12.1.2. References in magenta are remarks made by Leith Masters.
  - 12.2. And is quoted as follows:
    - 12.2.1. What Is a Legal Monopoly?
    - 12.2.2. A legal monopoly refers to a company that is operating as a **monopoly** under a government mandate. A legal monopoly offers a specific product or service at a regulated price. It can either be independently run and government regulated, or both government-run and government regulated. A legal monopoly is also known as a "**statutory monopoly**."

[executiveorders.life](https://executiveorders.life) E: [wethepeople@executiveorders.life](mailto:wethepeople@executiveorders.life)

- 12.2.3. The prevailing idea behind instituting legal monopolies is that if too many competitors invest in their own delivery infrastructure, prices across the board, in a given industry, would climb to unreasonably high levels. ( *This is not true of economics. Healthy competition is what regulates the marketplace to best practice with competitive pricing.* ) While this idea has merit, it does not sustain itself indefinitely, because in most cases, capitalism eventually wins out over legal monopolies. As technologies advance and economies evolve, playing fields typically level out, all on their own. Consequently, costs drop and barriers to entry diminish. In other words: competition ultimately benefits consumers, more-so than legal monopolies do.
- 12.2.4. Throughout history, various governments have imposed legal monopolies on a variety of commodities, including salt, iron, and tobacco. The very earliest iteration of a legal monopoly is the **Statute of Monopolies of 1623**, an act by England's Parliament. Under this statute, patents evolved from letters patent, which is written orders issued by a monarch, granting title to an individual or a corporation.
- 12.2.4.1. As a Monarchy is a legal fiction, the granting of the Title is also fiction. Regardless, the business model has very real outcomes upon the wellbeing of the People.
- 12.2.4.2. This **monopoly** business model is no longer required, and has proven its toxic elements of violation of Maxims of Law, entrapment, arrogance and control, and extreme violence. This far outweighs the alleged good.
- 12.2.5. **The Dutch East India Company, British East India Company**, and similar national trading companies were granted exclusive trade rights by their respective national governments. Private freelance traders operating outside the scope of those two companies were subject to **criminal** penalties. Consequently,

those companies fought wars in the 17th century, in an effort to define and defend their monopoly territories.

- 12.2.5.1. This **monopoly** conduct continues to this day. Since the covid19 shutdowns we can witness a remarkable increase in the AI elements running these systems and a decrease in the People contact. 10 years from now, the People would have no access points to humans and no way of breaking through increasingly tight electronic firewalls to decision makers, and holding them accountable for misappropriation of resources and the hoarding of profits at the hands of a tyrannical system.
- 12.2.5.2. Decisions makers such as CEO's currently deem themselves completely unaccountable before the Law. The Law does not deem them unaccountable.
- 12.2.5.3. We are in a 'now' moment of replacing an unnatural legal monopoly business model with the natural competition model to achieve a free market, thus reflecting the true desires of the People who regulate the market by choosing where to spend their money for the best service and value.

12.3. As described in this paper, these codes of conduct are now given new **Terms and Conditions by Crown: We The People of Superior Jurisdiction**, who are not the 'Public'

12.4. And are the **Terms and Conditions** for use of the roads by this Private Operating System of Commerce (POSoC) that has made use of the Custodians Inherent Rights via the monetisation of the chattel papers and written a code that until this time, has had no competition nor organised reply of **Terms and Conditions**.

12.5. This private company 'legalese', which it refers to as 'Law', has travelled across the waters to be on these Lands.

- 12.6. It does not have permissions from **Traditional Owners and Custodians** to be upon these Lands, and cannot produce any proof that it has such permission.
- 12.7. Because none exist.
- 12.8. And therefore must '**occupy**' a position.
- 12.9. And is often referred to as '**Belligerent Occupation**', based on the standards of violence this company perpetrates to maintain its position of alleged government, alleged Law, and alleged occupier of marketplaces from a **monopoly** position, despite a **monopoly** being a strictly forbidden business model as it suppresses supply and demand, and opens the door to 'violent forced use' of products.

### 13. Such violence and occupation is the subject of this hearing.

### 14. Terra Australis Grand Jury #41 15.12.2024

14.2. In knowing that Australia is part of a global system of Governance, in which 'Australia' joined the United Nations as a founding signatory, 24th October 1945

14.3. Just 52 days after the end of World War 2

14.4. Without a Referendum of the People, because the People are not part of Australia. The People are part of Terra Australis.

14.5. Australia is a legal fiction Monopoly Board Game that sits over the top of Terra Australis, a private system of commerce, on our planet and refers to the People as the 'Public', hence it can allegedly escape seeking free will and informed consent for anything it does. As by trickery it is not referring to the People, but to the 'Public'. A token on a Monopoly Board.

- 14.6. One particularly disturbing Department of the privately owned legal system/Monopoly Game, that likes to call itself the 'Law of these Lands', but is not; is the Director of Public Prosecutions (DPP); whereby a 'Department' plays the role of the Prosecutor.
- 14.7. The real claimant, if there is one, is missing
- 14.8. The evidence is missing or construed.
- 14.9. Essentially it is the State prosecuting the People.
- 14.10. The State has no capacity to prosecute the People.
- 14.11. That would be Treason, Fraud and Slavery.
- 14.12. The State is at best, a Public Servant.
- 14.13. A Department does not have the capacity to put People in jail.
- 14.14. Only a full Jury can do that.
- 14.15. People and Departments are two completely different jurisdictions.
- 14.16. The Living: The People. The Custodians.
- 14.17. And the Dead: The corporations. Fictional constructs.
- 14.18. The living and the dead cannot do business.
- 14.19. Therefore in the fictional, offshore, privately owned corporation that calls itself the Australian Government, it has created a fictional version of the People, called the 'Public'.
- 14.20. So it can do business with the People.
- 14.21. In this way it harvests the People by perpetuating a fraud based language of who is who and what is what.
- 14.21.1. Parliament House: 4 **Harvest** Tce West Perth, 6005.
- 14.22. The Creators and successors of the Monopoly Board Game, **NEVER** disclose this fiction. That the Public is a legal fiction and the People are not the Public.

14.24. We are not the Public, and we did not give free will and informed consent to be a function of this Monopoly Game.

14.25. Thus rendering all matters **Null and Void**.

14.26. Unless **Crown: We The People of Superior Jurisdiction** offer Terms and Conditions that provide business opportunities for the corporate crown.

14.27. By tricking People into believing the DPP has some authority over them, the DPP gets away with behaviour it cannot get away with in Law.

14.28. It does not have authority.

14.29. How many People are sitting in jail because of the DPP?

14.30. The 'Public' is a legal fiction corporation, created without free will and informed consent.

14.31. In this way the DPP supports itself, and generates activity for itself, by referring to the People as the 'Public', and capturing them by trickery.

14.32. The DPP is a predator in our landscape, alleging to have powers over the People that it does not have. By referring to the People as the Public.

14.33. The DPP is to make available every case it has participated in whereby the People have gone to jail.

14.34. So these People can be assessed for release.

14.35. The DPP should cease to function in the manner it has, as a Prosecutor and seek to be repurposed via the Terms and Conditions of these Grand Jurys, The First Nation Sovereign Council and the Council of Elders.

a fine for not using the privately owned product, and has disabled the car by imposing it go over the pits which upon first assessment resulted in absurd requirements that no one in these harsh economic times would be turning their attention to, and has therefore disabled this life.

### 16. That incurs damages.

- 16.1. Refer to Terra Australis Grand Jury Orders below to update such standards.
- 16.2. These are extreme outcomes of conduct by the private offshore corporation that refers to itself as the **Commonwealth of Australia** to conduct its business on these Lands.
- 16.3. Simply because use of an alternative product in the marketplace was considered.
- 16.4. This behaviour is disproportionate to any other rational business protocols.
- 16.5. And is therefore called to attention for accountability and to repurpose itself or become extinct by competition in the marketplace.

### 17. It is noted; others encounter much worse outcomes than myself, including:

- 17.1. Handcuffing.
- 17.2. Beaten up at the side of the road by Policy Officers of the corporation, also referred to as Police.

17.28. All for not using a privately owned product, that is operating in a **monopoly** business model, on the **Peoples** roads.

17.29. These are outrageous delusions of grandeur that are wholly fictional and called to full account for measurement by **Maxim of Law**.

17.30. These standards fail **Maxim of Law**, and are therefore **Null and Void**.

18. We will address the failings in **Lawful Due Process** of such a business model and issue **Terms and Conditions** that result in competition in the marketplace, so extreme outcomes such as these are eradicated by reinstating supply and demand and therefore 'consumer' choice.

18.1. Inadequate providers will naturally be eliminated from the marketplace due to a lack of demand, based on the freedom of 'consumer' choice to spend their money where they get the best value for money.

18.2. The word 'Consumer' is highlighted based on this becoming an outdated business model in its entirety.

18.3. The Custodian is not a 'consumer' on our own Land.

18.4. But for the purposes of discussing business models in this paper, the use of 'consumer' may occur.

18.5. A **monopoly** business model is strictly forbidden in economics, for the reasons outlined in this paper.

18.6. And yet it exists.

18.7. Therefore, accounting does exist at the end of this paper to balance the books for damages incurred by this forbidden **monopoly** business model being in the marketplace, and for exercising fictional powers, that have consequently caused damages.

19.8. That is, an offshore private company referring to itself as 'government' and calling its privately owned language of legalese; consisting of Acts, Statutes, Legislation, and use of the all CAPITALS language; Law. It is not Law. It is legalese and has no binding upon the People except through violence, duress and trickery.

19.9. It is preferred if this matter would be heard at the beginning of the day please, and not the end.

19.10. This is a respectful business based discussion about resource use.

19.10.1. Under no circumstances are there to be any heavy handed security actions without full accountability to the corporation, probably Ventia, and individual employees.

#### 19.10.2. Maxim of Law: All are accountable for their actions.

## 20. Analysis of a privately owned, **monopoly** business model on our Lands.

20.1. This business model; of car registrations: registered to the private corporation/State, exists **without** the appropriate paperwork to substantiate its alleged authority.

20.2. As is the case with many business structures on these Lands; allegedly owned and operated by the private, offshore corporation that refers to itself as the 'Australian Government' and as the 'Landlord', and as the 'Law of this country'.

20.3. Including but not limited to electricity, water, gas, roads, mining.

## 21. This business model fails:

21.1. the 8 Essentials of a Valid Contract, namely transparency and a meeting of the minds.

21.2. This business model exists as a Unilateral Contract, participated in under duress by a failure to allow competition into the marketplace.

21.3. And which maintains a **monopoly** position via standards of extreme violence perpetrated against the People, which it refers to as the '**Public**'.

21.4. **The People are not the 'Public'**.

- 21.5. The 'Public' is a name for a token on a privately owned **MONOPOLY** board of commerce, herein referred to as the POSoC: Private Operating System of Commerce.

### 22. To the Reader:

- 22.1. You are kindly requested please to take patience in the reading of these documents.

- 22.3. There are easy sections for rapid comprehension.
- 22.4. These are serious matters with repercussions in realms beyond the temporal should a further violation of **Maxim of Law** occur.
- 22.5. Please be respectful at all times of the difference between Acts, Statute and Legislation, and the **Maxims of Law**.
  - 22.5.1. Acts, Statute and Legislation is for corporations.
  - 22.5.2. Maxim of Law is for the Living.

private off shore corporation that refers to itself as Australia, and the Commonwealth of Australia and the 'Australian Government', of which these Courts are a part of.

22.5.5.1. This is all achieved with zero transparency or consent.

22.5.6. There is an **absence** of the transparency of 'joinder' between the Living and the corporate version of each of us and it does fuel all manner of confusion regarding authority; often leading to extreme standards of violence perpetrated against the People by the Policy Officers of the corporation, often referred to as Police.

22.5.7. The Police are unaware of Law, or they would not be able to fulfil their acts of violence unless fooled to believe they have authority they do not have.

22.5.8. Because of the lack of transparency, a failure of the 8 essentials of a valid contract, all matters can be deemed **Null and Void**.

22.5.9. Opportunity to cure and repurpose does exist in this paper.

23. Let it be known, at no time is disrespect offered to the road rules or the need for safety on our roads. **Terms and Conditions** will uphold much which has already been determined, with some changes, and ongoing changes, via the Terra Australis Grand Jurys: A Court of Superior Jurisdiction.

### 24. As the People,

24.1. not the 'Public';

24.2. And therefore, as Custodians and Creditor of these Lands, not customer and debtor,

24.3. we are not simply engaged in privately owned commerce for harvest; without free will and informed consent.

- 25.2. To some degree it was intentional to allow the car registration to expire so we could witness what lives on the other side of that **monopoly** enclosure.
- 25.3. We are here today discussing what lives on the other side of that enclosure: violence and destruction.
- 25.4. I deem myself to have walked away lightly compared to many violent stories of anyone attempting to enter the marketplace with an alternative source of supply.

26.2. Scanners attached to the cars of Policy Officers, provided by Jenoptik, scan the plates and swiftly identify expired plates. Or private plates.

26.3. Jenoptik, a German based company, is responsible for providing paperwork that substantiates permission for their products to be on our roads.

26.4. Regardless, the 'drama' of sirens and flashing lights when the Jenoptik scanners identified my plates as expired; is a grand marketing pitch of alleged authority that cannot be substantiated via **Lawful Due Process.**

26.5. When requested to turn the 'drama' off, the Policy Officers refused. Enjoying the display to educate the 'Public', of an alleged authority.

26.6. These are highly unsophisticated and un-evolved standards.

26.7. As a Humanity, we expect so much more.

The Department of Transport aims to provide and enable safe, accessible and efficient movement within Western Australia, and administers various Acts and legislation to achieve this goal.

The below *Education and Enforcement Policy* helps communicate how the DoT assesses and enforces compliance, reflecting DoT's commitment to education as the primary tool to achieve voluntary compliance.

DoT's regulations apply to the delivery of various transport modes including private and commercial vehicle, taxis and other passenger transport vehicles, recreational and commercial vessels and coastal facilities and jetties.

A list of all Acts appears in this document, or you can visit the Western Australian Legislation website below to find the Acts in full.

29. Referring to its system as 'voluntary compliance'.

30. However, the outcomes if one chooses not to 'volunteer' to comply, are violent and not acceptable in any way.

30.1. Including a fine for not using the product : \$250. A violation of the absolute foundations of Law: **Free Will and Informed Consent**.

30.2. Imagine if McDonalds could issue a fine because we did not buy its chips today.

30.3. The crudeness of this analogy is intentional to highlight the magnitude of the violations of **Free Will and Maxim of Law** that are indulged in.

31. Therefore we must address how to reduce these standards of violence.

32. That is; by ensuring the marketplace is regulated by free competition.

33. Thus, supply and demand will be reinstated.

34. And the user of the services can regulate standards of conduct by the supplier, by choosing who to engage with, and who to disengage with.

35. And the **Restoration of Law** will naturally occur to reflect the standards Humanity commands for itself, to live un-accosted on our own planet, free from Harm and Injury, coercion and duress.

### 36. Attendance is by the Executor and Beneficiary: Leith Masters

36.1. As a Global Trustee for the People/Humanity, I assist in the re-placement of resources back into Right Order, by Right Way, by measuring matters against **Maxim of Law**; at a time known as the 'changing of the Ages'.

36.2. This is the Precession of the Equinox concluding the Age of Pisces and entering the Age of Aquarius.

36.2.1. A 26 000 year cycle, divided into 12 equal segments of approximately 2160 years.

36.2.2. The Age of Pisces - a spiritual age, did see the consciousness fall under religion and therefore Guardianship. Perhaps losing the opportunity for Spiritual enlightenment that was available during this period.

36.2.3. The Age of Aquarius is an Age of Self Governance and a rise in the levels of accountability to align with **Maxim of Law**.

36.3. I am also an end user of this product: license plates W.A.; and the various other States and Territories in the enclosure referred to as 'Australia'.

36.4. These plates/products belong to a privately owned corporation, as has been identified by its own Gazettes, and this paper.

36.5. This paper delivers **Terms and Conditions** to the Board of the Guardians; the Magistrate, now grown up to be **Trustee/Fiduciary**; as Humanity witnesses and emerges from the Guardianship of Unum Sanctum 1302, 722 years, and into Self Governance.

- 36.7.2. (ii) Fiduciaries have a legal and ethical obligation to act in the best interests of their clients or beneficiaries; and

### 37. The Magistrate is Trustee/Fiduciary in this matter.

37.1. And thus holds a very important position of being able to recognise and conduct dialogues based in **equitable distribution of resources**, based in **Rule of Law: All Are Equal Before The Law**, and **Maxim of Law: All are accountable of their actions**.

37.2. Incompetent Trustees/Fiduciaries are subject to the following **Terms and Conditions**, as passed by the **Terra Australis Grand Jurys. 23.9.2021 - Present**.

37.3. The Terra Australis Grand Jurys are a response to the obvious assault upon the People by the privately owned business model known as covid19, which clearly identified we were/are living in an era of a privately owned genocide agenda of tyranny.

37.4. As gazetted in the paper by the perpetrators: **Silent Weapons for Quiet Wars**.

37.5. For education in these matters please refer to the following :

- 39.10. This is a global government structure, feeding into Delaware: constituent state of the corporate United States of America. The first of the original 13 states to ratify the federal Constitution, it occupies a small niche in the Boston–Washington, D.C.
- 39.11. The roads are the property of the People. As the chattel slave papers refer to the People and the energy of the People, ‘real legs’ and refers to them as the PUBLIC.
- 39.12. No joinder is disclosed to the People, by the POSoC that the People are not the Public.
- 39.12.1. And that monetisation of the People has occurred via a system of Guardianship.  
Unum Sanctum 1302.
- 39.12.2. And by the use of chattel papers.
- 39.12.3. It is not possible that the State would own the assets.
- 39.12.4. The State is a fictional concept, and at best can be a competent Trustee.
- 39.12.5. And at worst, the Trustee is incompetent, and a member of the Board of the Guardians; a nice name for slavery. With appropriate consequences.

### 40. Further particulars to address this POSoC :

41. On 28/8/2024 an email was sent by Leith Masters to [fines@police.wa.gov.au](mailto:fines@police.wa.gov.au) requesting a Court date to discuss the following matters as they pertain to a private corporation presenting itself as government and justice. :

41.4.2. Due 29.8.2024

41.4.3. \$100 - already ballooned to \$235.

41.5. #5 Infringement No **TAC41593A7** for alleged offence of driving whilst having **the expired private product** called 'plates', owned by the private corporation called the Australian Government on my car.

41.5.3. \$250 - a public roadside event.

### 42. A COURT HEARING NOTICE - was received for 31.12.2024.

42.1. At no place on the PROSECUTION NOTICE, does it identify by correlating numbers to Infringement numbers, what matters are being dealt with in this hearing.

- 42.1.2. Regardless, this is not a Prosecution opportunity, as that would suggest I am attending the Court in the same jurisdiction as the PROSECUTION NOTICE. That is, as Leith MASTERS.

- 42.4. As the hearing is convened by myself, from Superior Jurisdiction, with instructions for the Court, all matters will be dealt with in a broader conversation of the above matters and the paradigm in totality.
- 42.5. No plea is entered, as this system is recognised as a private enterprise unfolding its own version of 'Law' on the People, without Free Will and Informed Consent, and full accountability is held for that, as is the purpose of this hearing.
- 42.6. It is observed, a second Court hearing was scheduled for January 9th 2025.
- 42.6.1. There is no clarity as to what matters are being observed in that hearing either, or why these matters would be divided into 2 hearings.
- 42.6.2. This is administrative incompetence wasting everyones valuable time.
- 42.7. **There is only one conversation to be had and 2nd Court hearing of 9 January 2025 is cancelled.** Thank you.
- 42.8. Please ensure it is removed from the ledger.

includes the Court employees paying themselves every time a hearing convenes, even if the hearing is just to set a date for the next hearing. No thank you.

42.10. Again, this is gross incompetence.

43. As I am not interested in arguing with the alleged charges,

43.1. nor have any issue to put them on a payment plan, refer to final points

43.2. nor validate the alleged authority to verify the machines that accuse me of the charges;

43.3. we are able to stay focused on the POSoC

43.7. SEC42947A2 - Court Elected

43.8. SEC79737A3 - Court Elected

43.9. TAC41593A7 - Court Elected.

43.10. PC62578165 - I am told is not a traffic offence; for not returning plates. And has therefore not been recognised as coming before the Court, but is nonetheless before the Court for the conduct it contains. This cost of \$100 has already ballooned to \$235, and is already on a payment plan.

**44. Timeline and expense of this business model :**

44.2. These are privately owned 'INSTRUMENTS'.

62.4. 7.3. If one does not show the plates owned by the private corporation, but paid for by the 'Public'; to travel on the 'Public Roads', one will be stopped by the Police, a further Public Service, paid for by the Public purse, and stripped of a capacity to travel.

62.5. 7.4. In their realm referred to as 'driving'.

62.6. 7.5. This monopoly is a menace and should be broken down to ensure there are many players in the market place, ensuring a variety of Registry's and insurance options.

62.7. 7.6. In this way, acts of violence by Police will not be incurred.

62.8. 7.7 The onus is then moved to independent management of travel responsibilities by mature, responsible individuals on the road, and moves away from compliance via forced obligation.

62.9. 7.8 Such compliance is referred to as 'voluntary', but if one does not volunteer, the barriers to exit and entry are severe. Also known as extortion.

- 21.1. Car Registration into the system of the Western Australian Government is voluntary.
- 21.2. It clearly states that on the website and is evidenced in at least two different places.
- 21.3. Based on Maxim of Law: everything is an offer and acceptance, the Department of Transport is witnessed as adhering to that Maxim, by using the term 'voluntary'.
- 21.4. This would be the case in all States.
- 21.5. It is unfortunate it then unleashes a militia in community to enforce the use of its products, including Police, and tools provided by Jenoptik.
- 21.6. And uses severe financial penalty for not using its products.
- 21.7. This matter is filed into the Magistrates Court for review of a business model based in a monopoly, violence and alleging that the use of certain instruments such as a Drivers License and a Car Registration grants permission to break Maxim of Law.
- 21.8. This is 100% fraud. No power or authority exists, due to failure to be transparent about the nature of the instruments and their alleged capacity to eliminate Maxim of Law and replace it with Statute and Legislation.
- 21.9. Therefore, all financial penalties brought before the Magistrates Court are deemed Null and Void.

67. Grand Jury 38      Order#23      18 September 2024

#### 23. Immobilise cars

23.1.A car may not be immobilised due to not registering it with the Department of Transport.

23.2.As a current protocol, a car is immobilised and is given an instruction to go over the pits to be Registered again.

23.3. The provider of the assessment must use a 3 tier system of:

23.3.1. Essential repairs for road safety and registration: eg brakes pads are thin.

23.3.2.Non essential repairs for road safety, but not prohibiting registration: eg seat belt is sticking to a small degree

23.3.3.Luxury repairs, but not prohibiting registration : the back window wiper is not working.

23.4.Putting all matters into the same category is irresponsible, particularly in harsh economic times, and has the capacity to completely dismantle families, as transport is an essential component of life. Not only does it inhibit mobility, but incurs a potentially massive financial and logistical and social expense.

### 23.5.What say you Jurors?

24.2. Such non use renders the traveller to be travelling on the Private roads, not the Public Roads, to which the instrument pertains.

24.3. Forced use of any product is a denial of free will and informed consent and is strictly forbidden.

24.3.1. Such conduct supports Monopoly Business Models, which are strictly forbidden, as they disrupt the critical supply and demand mechanism. Thus providing a false representation of what Community is really accepting.

24.4. Issuing such fine incurs a Penalty of \$50 000.

24.5. Leaving the car immobilised and the family in disrepair incurs damages of \$250 000.

69. Terra Australis Grand Jury 39      Order#7      17 October 2024

### Assets

7.1. Within the realm of Lore, 'ownership' does not mean to literally own the Land as Lore knows that Mother Earth cannot be owned.

7.2. Ownership refers to a kinship to a given area.

7.3. Therefore it is improbable that one can be the recipient of large sums of money for mining deals, and then keep it hidden from others. And may include the following:

7.4. Assets included in a management takeover may be liquidated for equitable distribution of resources.

7.5. Or simply moved from one alleged ownership to another.

7.6. For example HSBC holding 515M shares, whilst Elders have zero shares may call, from Superior Jurisdiction, that a minimum of 51% of shares are moved into Community Trust accounts, with Elders and appropriate others signed on as Trustees.

7.7. The Living is always in Superior Jurisdiction to the Corporation; a dead entity.

7.8. Movement of assets may involve personal assets of any employees within the corporation, including houses, shares, cars, and all other items of resale value.

7.9. And assets of any recipients in any deals, who may have received significant funds for a mining deal to go ahead, and has failed to be transparent about that, wherever those assets may be stored on Earth, and in any jurisdiction, and has failed to put it to use for equitable Community development as a responsible form of planning for future generations.

### 7.10. What say you Jurors?

7.11. Unanimous Yes.

70. The Orders of the Terra Australis Grand Jurys are always written around real life experiences to intercept the violent and dangerous landscape we are forced to live in. Imposed upon us by the privately owned corporation/State and its **monopoly** Statutes and Legislations calling itself Law. It is not Law. But this is. A personal testament of such violence:

### 71. Terra Australis Grand Jury Order # 41 15.12.2024

#### 71.1. Order #18 - Use of private registration plates for cars.

71.2. A testimony by Michael C: On the 8 November 2024. I collected a friend from hospital after his operation to take him home.

71.3. On the way I was pulled over by police. I got out of my automobile and asked what was the emergency?

71.4. They said we need to have you stay here until the highway patrol arrive. I said if you have no reason to stop me then I'm going. They said I have to wait.

71.5. Eventually SEN CON Curtis Ryan (a corporate highway pirate) turned up and proceeded to ask to see my DL.

71.6. I said why do I need a DL? I'm travelling in my private capacity and not as a driver in commerce.

71.7. After questions back and forth he arrested me and I was taken to Parramatta Police station where I was held for over 5 hours.

71.8. I was charged over 6 offences that totalled to just under \$4000 dollars in fines!

71.9. At the police station they wanted me to give them my name and address and a form to sign and I declined.

71.10. They said if I didn't they would send me to jail for several days

71.11. They also wanted to take my fingerprints and take profile photos etc., and again I declined.

71.12. They said if I didn't I would be sent to jail until I give them my name etc.

71.13. I surmised from jail they would send me to a mental facility if I didn't give them what they wanted.

71.14. So I let them finger print me and take mug shots.

71.15. I felt extremely violated over the arrest especially when one of the cops put handcuffs so tightly around my wrist that it cut off the blood supply to my hands.

71.16. I had to ask him to release the cuffs that were hurting me.

71.17. He did adjust them

71.18. All this over my personal car number plates not being in NSW registration but named Terra Australis MS 1969.

71.19. This is an example of the violence perpetrated against the People, when we choose to not use the privately owned products of the private Monopoly of the offshore corporation that calls itself the Australian Government.

71.20. This conduct is strictly forbidden.

73.1.6. For encumbering our access to our resources; that is the right to travel unencumbered upon our own roads, by placing them behind a wall of armed Public Servants. There is no such thing in the real world of commerce, as a **monopoly**, because a monopoly does not exist in a Natural environment of equitable existence.
