Form 00005. IA & I : MAP & TRACK.

2024-804-002 - in red pen.

January 3, 2025.

1. The following is the '**red pen**' version after the Hearing December 31st 2024

1.1. Refer to 2024-804-001 for original.

1.2. Dated 27 December 2024, and in purple in this document.

1.3. All red text is feedback to events.

2. The hearing began in the wrong jurisdiction.

3. The Magistrate/Trustee/Fiduciary: Cullen had not read the documents and attempted to run a lower jurisdiction court, despite the Executor being at the table, as per paperwork submitted, 30.12.2024.

4. Magistrate/Trustee/Fiduciary: Cullen was **incompetent** at the bench as she had not read the documents.

5. As part of her offerings the Magistrate/Trustee/Fiduciary: Cullen suggested I get legal advice. Indicating no awareness that I was attending in Law, not legal. Two different jurisdiction.

5.1. Legal = corporations.

5.2. Law = The People.

6. Cullen was 100% unaccountable for the **origin of alleged authority** she was sitting under, despite extensive notes requiring clarity:
7. An offshore privately owned legal fiction **monopoly** calling itself the government and the Law on OUR Land.
8. This is **Treason, Fraud and Slavery**.
9. The Hearing was Terminated by the Executor :leith-wendy:masters due to an incompetent Magistrate/Trustee/Fiduciary at the bench.
10. A second hearing was consequently set for February 11, 2025.

11. My time is not free to attend the claims of this private corporation.
12. Or the damages incurred due to this private corporation.

13. There is a further hearing January 9 2025, for my original filing dated **28.8.2024** because my original request to attend the Court regarding these matters was divided into 2 court dates, at 2 separate courts, with 2 separate Magistrates.

14. The Police structured it this way, for no logical apparent reason. But due to the failings of the first hearing, this second hearing can be made good use of, to present this same paper, with additional notes, in red.
15. These courts are required to substantiate their claim of alleged authority, by rebutting these notes with alternative gazetted structure, not just words to fob the subject off.
16. Every Magistrate, Judge, Master or Registrar who attends a Court as an alleged Lawful Authority can be held accountable for **Treason, Fraud and Slavery**.

17. **Magistrate/Trustee/Fiduciary Cullen** failed to have her name on the bench. And had to be asked for it.
18. **Magistrate/Trustee/Fiduciary Cullen** alleges to have an authority above the Law: passing decisions that effect People's lives, from an **anonymous** standpoint.
19. **Maxim of Law: All are accountable for their actions.**
20. The **Ventia** staff also had hidden Identification tags.
 - 20.1. These employees are trained to believe they can do that and it is ok.
 - 20.2. Employees can be checked for visa status.
 - 20.3. Those on a visa can be returned to their homeland.
21. **Maxim of Law: all are accountable for their actions.**
22. **The Hearing was terminated, due to incompetence.**
23. The Executor instruction to abort the January 9 2025 hearing could not be fulfilled as no business was taken care of.
24. Therefore, I will attend this hearing. May the next Magistrate/Trustee/Fiduciary be more competent.

Refer to red notes for updates of outcomes.

2024-804-002

27 December, 2024.

At the request of :leith-wendy:masters: Executor and Beneficiary.

To be heard in the Fremantle Magistrates Court: 31 December 2024. 9.30am.

fremantlecourt@justice.wa.gov.au

Prosecution Notice : Brief No: 2410067-1 and 2410059-1: 2 matters.

Affidavit of Truth.

No mischief will be entered into.

1. Unfortunately great amounts of mischief were entered into :

1.1. The document had not been read. 73 pages

1.1.1. Some Grace is given. It was filed the day before.

1.1.2. However email notice was received from the Court that it had been passed on for reading as I had given a very specific alert about the **73 pages**.

1.1.3. Recorded in email.

1.1.4. Izabella of the Court confirmed it had been received and passed on for reading.

1.1.5. I appreciate the time was short. I did apologise for that in the email.

1.1.6. I also noted in the hearing, my mother had passed just on the 19th, and it was festive season, so there were time constraints all round.

1.1.7. Regardless, the matter was at the table for discussion.

1.2. Magistrate Cullen: conducted herself in a manner that was:

- 1.2.1. Loud and obnoxious.
- 1.2.2. Prepared for someone who was attending in a different jurisdiction and responded with attempts to overpower.
- 1.2.3. Dominating the speaking space.
- 1.2.4. Attempting to roll out a '3 choices' offer by the privately owned legal fiction **monopoly** calling itself Law.
- 1.2.5. Ongoing attempts to achieve joinder, by consistently referring to myself as Ms Masters, and giving instruction to sit in the Red Devil Chairs.
- 1.2.6. This is not possible when preceding paperwork defines that Superior Jurisdiction is in attendance.
 - 1.2.6.1. **No amount of theatre and/or trickery can overrule the paperwork.**

- 1.2.7. Attempted to unfold a hearing of controversy about allegedly travelling at less than 9km over the speed limit.
- 1.3. The Hearing was terminated by Leith Masters as a waste of time until the paperwork had been addressed.
- 1.4. Instruction was then given by Magistrate Cullen to wait in the red devil chairs.
- 1.5. Clearly indicating she had no notion of the two jurisdictions in the room.
- 1.6. This is time wasting distraction to achieving the results required in 2025.

I. Peaceful Greetings. Respect to one and all.

II. This is not an opportunity to Prosecute.

- 1.7. An attempt was made to Prosecute.
- 1.8. The document 2024-804-001 had not been read.
- 1.9. The Court was unprepared for the discussion coming to the table.
- 1.10. The Hearing was terminated by Leith Masters.

III. The Court is convened at the request of Leith Masters, **Executor and Beneficiary**; and is therefore under **Superior Jurisdiction**.

A. Magistrate Cullen was unaware of this and did not take the position of Magistrate/Trustee/Fiduciary.

B. Just Magistrate. And was relatively belligerent and completely unprepared.

IV. All content should be carefully read and considered.

A. This did not happen.

- V. To the presiding Magistrate/Trustee/Fiduciary in these matters; also known as Trustee; this will either be the greatest moment of your career, and a marker in the history books, or it will be your greatest show of incompetence. Please choose wisely in alignment with Law, not legal.
- A. It was the greatest show of incompetence.
 - B. However, we are kind, recognising that most are brainwashed by this fiction calling itself Law.
 - C. There are other opportunities/repercussions having now met Magistrate Cullen and seeing a history with the ODPP.
 - D. **There are many First Nation families who have questions as to why their loved ones are in jail. Under a jurisdiction that has never been granted permission to rule.**
 - E. Sovereignty has never been ceded to this jurisdiction occupying these Lands.
 - F. Literally described as 'occupy' in their own documents and gazettes.
 - G. We have remedy for these **Crimes Against Humanity** and all cooperation is **advised**.

VI. **Maxim of Laws: All are accountable for their actions.**

VII. **Maxim of Law: All are equal before the Law.**

VIII. This hearing is much more about witnessing the changing of the Ages, than feeling the need to decide anything at all. The decisions have already been made by a Court of Superior Jurisdiction, the Terra Australis Grand Jurys. And thus present this privately owned administration with **Terms and Conditions** for its continued use of our resources to generate profit from its Privately Owned System of Commerce. (POSoC).

2. **Peaceful Greetings. Respect to one and all.**

3. Please refer to specific details of these matters before the Court at the end of this document, after defining who the Court actually is, and its alleged authority.

4. The Court is beholden to **Maxim of Law: The claimant must prove their claim**, that it has any authority. The following details may assist in that matter.

4.1. 31.12.2024: No attempt to clarify jurisdiction was entered into.

4.2. Cullen used the distraction of attempting to generate controversy over a matter that has been addressed, and dispensed with, in this paper. A speed limit issue. **Off topic.**

5. **Synopsis: Leith Masters, Executor and Beneficiary,**

5.1. attending a **company** location, known as

5.2. Fremantle Magistrates Court:

5.3. Fremantle Court, 8 Holdsworth St, FREMANTLE 6160. WA.

5.4. To tend to matters concerning the '**products**' of the **company**, used in a **monopoly** business model upon the Lands of Terra Australis, by the **private corporation** that refers to itself as **Australia**, and the **Commonwealth of Australia**.

5.5. Note the use of all capitals for the word FREMANTLE to establish an **occupied** area, under an inferior jurisdiction. As the occupier is an offshore company.

5.6. And the use of MASTERS in all capital letters on the PROSECUTION NOTICE to attempt to enclose and capture the Living within that Statutory inferior jurisdiction.

5.7. It is noted that despite myself calling the Court into action, that the Court has responded with a 'presumption' it has an opportunity to PROSECUTE.

5.8. That presumption is rejected. No opportunity to PROSECUTE exists.

5.8.1. The Court attempted a PROSECUTION by use of the all CAPITALS name.

5.8.2. Because the documents had not been read.

5.8.3. Therefore the Hearing was Terminated.

5.9. It is expected the use of words in all capitals is well understood as a language of a privately owned jurisdiction, and little to no effort will be used to explain this in this paper, other than to recognise it as a language of a privately owned 'enclosure'. That exists without common knowledge of its language and therefore violates the 8 essentials of a valid contract.

5.9.1. Despite this, the matter unfolded in this framework.

5.9.2. Because the documents had not been read.

6. The private company/corporation as per its own Constitution is defined in the following way.

6.1. **Law Courts Limited:** A company limited by guarantee 23 February 2007.

6.1.1. This subject was ignored.

6.1.2. Used is a strategy of: scatter, swarm, **distract, bluster.**

6.1.3. Clarity of this detail is **essential.**

6.1.4. And for grounds to repurpose this system of commerce, which is paid for by the People.

6.1.5. And to eliminate the scope of violence unleashed upon Humanity by this **monopoly.**

7. As per point 1 and 2 of the Company Constitution: it clarifies

7.1. 1. The name of the company is **Law Courts Limited.**

7.2. Registered office:

7.3. 2. The registered office of the company is situated at 184 Phillip Street, Sydney in the state of NSW.

7.4. Other points throughout the Constitution clarify this is a National Constitution and not just subject to NSW. And thus governs the Fremantle Magistrates Court.

8. As per Point 3 of the company Constitution

8.1. Which can be found here: https://www.lawcourtsltd.com.au/_files/ugd/213dd1_ed10dc9b21d24be3ad30d3cf0c92bfde.pdf

8.2. And which clarifies the following:

8.3. Act means the Corporations Act 2001, (Cth) as amended from time to time.

8.3.1. Notes: Thus confirming this Company is regulated by ASIC; the Australian Securities and Investment Commission, and is therefore a 'for profit' enterprise.

8.3.2. ASIC defines a rule book for corporations, not People.

8.3.3. ASIC does not and cannot mention People, as People are governed by Maxim of Law, and not the Acts, Statutes and Legislations of the corporation code of conduct.

8.4. Australia means the **Commonwealth of Australia**.

8.5. Australian minister means the **Attorney-General for the Commonwealth of Australia**.

8.6. Australian officer means an officer appointed under any of the following Acts:

8.7. • High Court of Australia Act 1979 (Cth);

8.8. • Federal Court of Australia Act 1976 (Cth);

8.9. • ~~Federal Magistrates Act 1999 (Cth)~~; and Federal Circuit Court of Australia Act 1999

8.10. • Public Service Act 1999 (Cth).

8.10.1. When did we ever agree to be governed by any of these Acts?

8.10.2. A violation of Lore and Lawful Due Process.

8.10.3. Operating under presumption and enforced by violence.

9. And, as per point 6 of the Constitution which states:

9.1. Words or expressions used in the constitution, other than those defined in this clause 3 of the Constitution, shall be interpreted in accordance with the provisions of the Acts Interpretation Act 1901 (Cth), as amended from time to time.

9.2. And can be found here:

9.2.1. http://classic.austlii.edu.au/au/legis/cth/consol_act/aia1901230/s2b.html

9.3. And does define 'Australia' in the following way:

9.3.1. **"Australia"** means the **Commonwealth of Australia** and, when used in a geographical sense, includes:

9.3.2. **Norfolk Island,**

9.3.3. the **Territory of Christmas Island** and

9.3.4. the **Territory of Cocos (Keeling) Islands,**

9.3.5. but does not include any other external Territory.

9.3.5.1. No capacity existed for clarity around this critical matter.

9.3.5.2. The Magistrate was belligerent and the document had not been read.

9.4. **Australia**, and the **Commonwealth of Australia** is therefore 3 offshore islands, as identified in the following images.

10.2. As no Constitution has been identified for Western Australian Courts and this

Constitution does, at point 13, infer it is a National document; it says the following :

10.2.1. *to provide accommodation for courts, court registries, other court support services and to render and keep such accommodation suitable and available to provide accommodation for persons nominated or approved by the **Australian minister** and by the State minister in areas as may be **set apart** for **occupation** by **Australia and the State** respectively and to render accommodation suitable and available for **occupation**;*

10.3. Note the words 'set apart' and 'occupation', inferring not of this Land mass, but occupying it none the less.

10.4. And the use of '*available for occupation*'.

10.4.1. As Terra Nullius: "land belonging to no one"; is long dismissed, nothing is 'available' without first acquiring permission from the Traditional Owners and Custodians of these Lands.

10.5. Use of '*Australia and the State respectively*', clarifying this is a **National** Constitution.

10.6. And further develops this concept of being a privately owned, member based company with Directors, at points: 26 and 27 of the Constitution

10.7. Point 25 - creates provision for use of **Promissory Notes**, as per the Bills of Exchange Act 1909.

10.7.1. And yet reveals a failure to cope with this process in any way.

10.7.2. As identified by a 2.5 year Audit to identify **extreme standards of violence and belligerence** across multiple essential industries governed by the 'Australian Government', an offshore company, utilising **monopoly** conditions.

10.7.3. Industries include, but are not limited to water, electricity, gas, mining and roads.

10.7.16. In a hearing at the Perth Magistrates Court 25.10.2024; Merry vs Wanneroo

10.9. Point 33 - highlights this Constitution is 50 years old, dating back to 23 December 1974

11. Therefore, the Court is clearly defined as a **private 'for profit' company** with Directors and Members.

11.1. And therefore has no basis in believing it:

11.1.1. can deliver a privately owned legal paradigm and call it 'Law';

11.1.2. using its corporate Acts, Statute and Legislations,

11.1.3. and the all capitals language to acquire alleged jurisdiction over the People,

11.1.4. which to assert jurisdiction over, refers to as the 'Public',

11.3. No capacity existed to address any of these points because the Court unfolded in a belligerent manner and was Terminated.

11.4. **Crown: We The People of Superior Jurisdiction**, allegedly become 'members' of the private company by using the private instruments of the private company: **certificates, license, registrations and permits**. These instruments are gateways to access Inherent Right to Resources and maintain a **monopoly** business model. By referring to the People as the 'Public', the People allegedly fall under Acts, Statutes and Legislation.

11.5. This is legal fiction language. And has been instigated to bring about an inequitable distribution of resources and a **slave** nation.

11.5.1. Eg: Mining: Northern Star, Kalgoorlie. Worth \$18B

11.5.2. Largest shareholder 44%: HSBC: shares 515M.

11.5.3. Elder shares: zero.

11.7. Resulting in the mass disenfranchisement of whole sectors of community, particularly First Nation People of these Lands, who fill 29% of jail cells despite being less than 3% of the population. Clearly an agenda exists.

11.8. No capacity existed to address any of these points because the Court unfolded in a belligerent manner and was Terminated.

11.12. Maxim of Law is not created in boardrooms.

11.13. Maxim of Law is the ultimate measuring tool of all matters.

11.14. And is now used extensively to measure all matters.

11.15. Failure of **Maxim of Law**, deems matters **Null and Void**.

11.15.1. This POSoC finds itself in a very serious position with no options but to be repurposed by negotiation with the People.

11.16. **Maxim of Law** finds the privately owned legalese of the private corporation that refers to itself as Australia and the Commonwealth of Australia, to be a gross misrepresentation of **Maxim of Law**, and is a **slave** system under the title of 'Guardianship' with its current origin at Unum Sanctum 1302.

11.17. This is a Vatican, Roman Catholic Church construct where the People became property.

11.18. It is **terminated** for its failure to adhere to **Maxim of Law**.

11.19. **Maxim of Law: all are accountable for their actions.**

11.20. This is a class based system and fails **Maxim of Law: All are Equal Before The Law**.

11.21. This system, for the past 722 years, is a trick of the Roman Catholic Church which, via Pope Boniface, deemed itself to own the People and the Planet. And has since conducted itself as administrator of all matters, and is now removed from such self assigned privilege.

12.1. We are trapped in an 'enclosure' of **monopoly** with violent outcomes if we do not adhere to what the enclosure rules are.

12.2. Refer to The Truman Show as a gazette of this structure. There are many gazettes in an effort to shift accountability to 'we told you so'. Including the board game **MONOPOLY**.

12.3. This is a privately owned legal system of a private company, with many products in the marketplace, all positioned around access to our essential and inherent resources.

12.4. That company maintains its products and 'customer' base by **monopoly** codes of conduct that are generally accepted as **forbidden** in all other marketplaces due to the violation of the free will mechanism of supply and demand to regulate the marketplace.

12.5. No capacity existed to address any of these points because the Court unfolded in a belligerent manner and was Terminated.

13. This era is the end time of the 'corporate sovereign ideology', a concept that does not exist in Nature and is not a part of Natural Law; but is based in **monopoly** business models,

monopolising essential resources, whilst the People work to pay for the resources they are the inherent Custodian of. Also known as **slavery**.

13.1. Reference may be clarified here:

13.1.1. <https://www.investopedia.com/terms/l/legalmonopoly.asp>

13.1.2. References in magenta are remarks made by Leith Masters.

13.2. And is quoted as follows:

13.2.1. What Is a Legal Monopoly?

13.2.2. A legal monopoly refers to a company that is operating as a monopoly under a government mandate. A legal monopoly offers a specific product or service at a regulated price. It can either be independently run and government regulated, or both government-run and government regulated. A legal monopoly is also known as a "**statutory monopoly**."

13.2.3. The prevailing idea behind instituting legal monopolies is that if too many competitors invest in their own delivery infrastructure, prices across the board, in a given industry, would climb to unreasonably high levels. (*This is not true of economics. Healthy competition is what regulates the marketplace to best practice with competitive pricing.*) While this idea has merit, it does not sustain itself indefinitely, because in most cases, capitalism eventually wins out over legal monopolies. As technologies advance and economies evolve, playing fields typically level out, all on their own. Consequently, costs drop and barriers to entry diminish. In other words: competition ultimately benefits consumers, more-so than legal monopolies do.

13.2.4. Throughout history, various governments have imposed legal monopolies on a variety of commodities, including salt, iron, and tobacco. The very earliest iteration

of a legal monopoly is the **Statute of Monopolies of 1623**, an act by England's Parliament. Under this statute, patents evolved from letters patent, which is written orders issued by a monarch, granting title to an individual or a corporation.

13.2.4.1. As a Monarchy is a legal fiction, the granting of the Title is also fiction.

Regardless, the business model has very real outcomes upon the wellbeing of the People.

13.2.4.2. This **monopoly** business model is no longer required, and has proven its toxic elements of violation of Maxims of Law, entrapment, arrogance and control, and extreme violence. This far outweighs the alleged good.

13.2.5. **The Dutch East India Company, British East India Company**, and similar national trading companies were granted exclusive trade rights by their respective national governments. Private freelance traders operating outside the scope of those two companies were subject to **criminal** penalties. Consequently, those companies fought wars in the 17th century, in an effort to define and defend their monopoly territories.

13.2.5.1. This **monopoly** conduct continues to this day. Since the covid19 shutdowns we can witness a remarkable increase in the AI elements running these systems and a decrease in the People contact. 10 years from now, the People would have no access points to humans and no way of breaking through increasingly tight electronic firewalls to decision makers, and holding them accountable for misappropriation of resources and the hoarding of profits at the hands of a tyrannical system.

13.2.5.2. Decision makers such as CEO's currently deem themselves completely unaccountable before the Law. The Law does not deem them unaccountable.

13.2.5.3. We are in a 'now' moment of replacing an unnatural legal monopoly business model with the natural competition model to achieve a free market, thus

reflecting the true desires of the People who regulate the market by choosing where to spend their money for the best service and value.

- 13.3. As described in this paper, these codes of conduct are now given new **Terms and Conditions by Crown: We The People of Superior Jurisdiction**, who are not the 'Public'
- 13.4. And are the **Terms and Conditions** for use of the roads by this Private Operating System of Commerce (POSoC) that has made use of the Custodians Inherent Rights via the monetisation of the chattel papers and written a code that until this time, has had no competition nor organised reply of **Terms and Conditions**.
- 13.5. This private company 'legalese', which it refers to as 'Law', has travelled across the waters to be on these Lands.
- 13.6. It does not have permissions from **Traditional Owners and Custodians** to be upon these Lands, and cannot produce any proof that it has such permission.
- 13.7. Because none exist.
- 13.8. And therefore must 'occupy' a position.
- 13.9. And is often referred to as '**Belligerent Occupation**', based on the standards of violence this company perpetrates to maintain its position of alleged government, alleged Law, and alleged occupier of marketplaces from a **monopoly** position, despite a **monopoly** being a strictly forbidden business model as it suppresses supply and demand, and opens the door to 'violent forced use' of products.
- 13.10. No capacity existed to address any of these points because the Court unfolded in a belligerent manner and was Terminated.

the pits which upon first assessment resulted in absurd requirements that no one in these harsh economic times would be turning their attention to, and has therefore disabled this life.

17. That incurs damages.

That is, an offshore private company referring to itself as 'government' and calling its privately owned language of legalese; consisting of Acts, Statutes, Legislation, and use of the all CAPITALS language; Law. It is not Law. It is legalese and has no binding upon the People except through violence, duress and trickery.

20.9. It is preferred if this matter would be heard at the beginning of the day please, and not the end.

20.9.1. This is acknowledged as having occurred. Thank you .

20.10. This is a respectful business based discussion about resource use.

20.10.1. Under no circumstances are there to be any heavy handed security actions without full accountability to the corporation, probably Ventia, and individual employees.

20.10.2. Unfortunately these standards were not upheld.

20.10.3. The Ventia staff did not have name badges showing. They were in pockets.

20.10.4. When asked at the x-ray machine 'why is your ID not showing?'

20.10.5. The reply was 'I don't have to show it.'

20.10.6. 'Yes you do. Why isn't it showing?'

20.10.7. Reply 'I will tell you in a moment'.

20.10.8. But that moment did not come as a stream of people were coming through the door and the X-ray machine.

20.10.9. Basic standards of Public Servant ID are hidden behind dangerous and delusional standards of conduct.

20.10.10. The **Ventia Officer** remained anonymous throughout

20.10.11. Heavy handed conduct did unfold in the court, when Magistrate Cullen instructed myself to sit in the '**red devil chairs**' to await paperwork that was being generated because I had Terminated the hearing. And it was now being reset.

20.10.12. At my free will refusal of the request to sit in the lower jurisdiction '**red devil chairs**' the **Ventia Officer** was then called into action to force me into a chair.

20.10.13. People in the gallery stepped in to assist as I was walking up the galley to the door so I could not be grabbed by the **Ventia Officer** : a very large Officer compared to myself.

20.10.14. Bruising occurred for our People present:

20.10.15. 3 women report having been roughly handled producing bruising, bumping and pain.

20.10.16. Injury 1:

20.10.17. Injury 2: *'Tenderness in left wrist lasting a day and upper left arm lasting 4 days. No visible bruising.'*

20.10.18. Injury 3: *'I have pain in my arm.'*

20.10.19. We then found the Court door to be locked, and we were not free to leave of our own free will, instead being boxed into a corner with multiple Ventia Officers in motion.

20.10.20. This is an extreme act of danger.

20.10.21. And an extreme violation of Freedom to move.

20.10.22. These are far from the standards of a responsible address of business matters at the table.

20.10.23. All **Ventia Enterprise** needs to be informed of Standards that adhere to **Lawful Due Process**.

20.10.26.All Public Servants must be identifiable at all times.

20.10.27.Maxim of Law: All are accountable for their actions.

20.11.Security should be polite and have name badges visible, as a 'government' contract renders such workers to be **Public Servants**.

20.11.1.Ventia is held accountable for these standards.

20.11.2.When this Audit called Ventia to retrieve ID numbers, Ventia then argued and sent an email alleging one of their staff had been assaulted.

20.11.3.Linda Laiseni: Assistant Director - Central / Court Security and Custodial Services.

20.11.3.1.Said the following : we were 'argumentative', despite calling Linda for ID's that should have been visible, at the Court, on the day.

20.11.3.2.Linda refers to us as the 'Public'. As per the details of this document, we are not the 'Public'. We are the **People**.

20.11.3.3.Linda refers to Court procedures 'not followed'.

20.11.3.3.1.Because attendance was not in the jurisdiction of the Court, thus Court procedures were not in play, but good business standards were.

20.11.3.4.1.Video evidence would need to be provided to support that claim.

20.11.3.5.The Court Security and Custodial Act 1999 is quoted for 'pictures inside a government building is not permitted'.

20.11.3.5.1.Acts are not Law. They are Legal. Crown:We The People of Superior Jurisdiction reserve all rights to record all matters at all times of those doing commerce on our Lands.

20.11.3.5.2.The Courthouses are built on stolen land.

20.11.3.5.3.They have no jurisdiction to make rules for the People to follow.

20.11.3.5.4.That is 100% fiction.

20.11.3.6.We reserve all inherent rights to photograph and record all behaviours when in attendance to matters of the privately owned offshore corporation that refers to itself as the Australian Government, in our buildings, on our Land, conducting its commerce which does include a fictional legal system that it refers to as Law.

20.11.3.7.'*Ventia staff are required to keep Court staff and members of the public in the Courthouse buildings safe, which is what they did on this occasion*'.

20.11.3.7.1.It is essential at this point to recognise the 'word salad'.

20.11.3.7.2.We are the People. We are not members of something: A private members association. PMA.

20.11.3.7.3.We did not become 'members of the public' because by **violence and duress** we are forced to carry the privately owned instruments - license and registration - of the PMA - called the Australian Government.

20.11.3.7.4. The very essence of this paper and of the appearance in the Court; is to clarify this illusion of authority and to identify the **monopoly** game being played out here, with its own 'word salad' of 'public', 'members', 'Courthouse', 'Acts' etc

20.11.3.8. We have extensive interaction with Ventia. They do not keep People safe.

They block the People from being able to enter the buildings or even step on the stairs at the Youth Court.

20.11.3.9. This violates **Lawful Due process** from occurring and facilitates children to go missing at the hands of the State - a Legal Fiction.

20.11.4. Ventia now considers this '*matter closed*'.

20.11.5. We consider this matter **On The Record** and expect a full alert to be given by **Ventia** to all its entities listed above.

20.13. Myself, and others who may attend, can assure I/we come only in Peace and have no interest in any forms of unruly behaviour or violence in a 'Public' sector.

20.13.2. I then discovered my second bag was not in my hand.

20.13.3. We stopped to retrieve it.

20.13.4. It was locked in the court, and took considerable time to retrieve as the Court had gone into a 'Security Alert' mode.

20.13.5. This exacerbated matters between Ventia Security and ourselves, where we simply needed the bag so we could go, and the 'Security Alert' created delay.

20.13.6. The bag remained entrapped in the Court enclosure for some time, whilst the paperwork for the second hearing was created.

22.2. This business model exists as a Unilateral Contract, participated in under duress by a failure to allow competition into the marketplace.

23.1.1. **This did not happen.**

23.5. Please be respectful at all times of the difference between Acts, Statute and Legislation, and the **Maxims of Law**.

23.5.1. **This did not happen.**

23.5.2. Acts, Statute and Legislation is for corporations.

23.5.3. Maxim of Law is for the Living.

23.5.4. As these are two different jurisdictions, which cannot mix, the corporate government has created a corporate version of each of us, to enable commerce.

23.5.5. This appears in the form of instruments such as **licenses, permits, certificate and registrations, and the all capitals name.**

23.5.6. By using these privately owned, State instruments, the Living allegedly fall under the State Acts, Statute and Legislation of the Private Member Association of the private offshore corporation that refers to itself as Australia, and the Commonwealth of Australia and the 'Australian Government', of which these Courts are a part of.

23.5.6.1. This is all achieved with zero transparency or consent.

23.5.7. There is an **absence** of the transparency of 'joinder' between the Living and the corporate version of each of us and it does fuel all manner of confusion regarding authority; often leading to extreme standards of violence perpetrated against the People by the Policy Officers of the corporation, often referred to as Police.

23.5.8. The Police are unaware of Law, or they would not be able to fulfil their acts of violence unless fooled to believe they have authority they do not have.

23.5.9. Because of the lack of transparency, a failure of the 8 essentials of a valid contract, all matters can be deemed **Null and Void**.

23.5.10. Opportunity to cure and repurpose does exist in this paper.

24. Let it be known, at no time is disrespect offered to the road rules or the need for safety on our roads. **Terms and Conditions** will uphold much which has already been determined, with some changes, and ongoing changes, via the Terra Australis Grand Jurys: A Court of Superior Jurisdiction.

26.1. As initiator of this proceeding I, Leith Masters, attend in Superior Jurisdiction, that is in **Maxim of Law**; to make known the **Terms and Conditions** of future commerce upon our Lands, having conducted an audit of a system that requires upgrading so as to not commit further **Crimes Against Humanity**.

26.2. To some degree it was intentional to allow the car registration to expire so we could witness what lives on the other side of that **monopoly** enclosure.

26.3. We are here today discussing what lives on the other side of that enclosure: violence and destruction.

26.4. I deem myself to have walked away lightly compared to many violent stories of anyone attempting to enter the marketplace with an alternative source of supply.

26.5. Be it the supplier or the user.

26.6. This is an outdated business model, relying on standards that are globally recognised to be violations of **Maxims of Law**.

26.7. And Crimes Against the Inherent freedoms of Humanity.

26.7.1. The events of this hearing are another example of distraction, diversion, non accountability, delay, raising drama.

27. It is duly noted that in the efforts to appear to be adhering to free market requirements, that the Department of Transport does have on its website, twice, that registration is by **voluntary compliance**.

27.1. But it is not really voluntary.

27.2. Scanners attached to the cars of Policy Officers, provided by **Jenoptik**, scan the plates and swiftly identify expired plates. Or private plates.

27.3. **Jenoptik**, a German based company, is responsible for providing paperwork that substantiates permission for their products to be on our roads.

27.4. Regardless, the 'drama' of sirens and flashing lights when the Jenoptik scanners identified my plates as expired; is a grand marketing pitch of alleged authority that cannot be substantiated via **Lawful Due Process**.

27.5. When requested to turn the 'drama' off, the Policy Officers refused. Enjoying the display to educate the 'Public', of an alleged authority.

27.6. These are highly unsophisticated and un-evolved standards.

27.7. As a Humanity, we expect so much more.

27.8. Evidential agreement between the 'Australian Government' and the Traditional Owners and Custodians of these Lands for the commerce that is conducted on these Lands does not exist.

27.9. These are 'occupied' Lands.

The screenshot shows the website for the Government of Western Australia, Department of Transport. The page is titled 'Compliance and enforcement'. The main content area states: 'The Department of Transport aims to provide and enable safe, accessible and efficient movement within Western Australia, and administers various Acts and legislation to achieve this goal. The below Education and Enforcement Policy helps communicate how the DoT assesses and enforces compliance, reflecting DoT's commitment to education as the primary tool to achieve voluntary compliance. DoT's regulations apply to the delivery of various transport modes including private and commercial vehicle, taxis and other passenger transport vehicles, recreational and commercial vessels and coastal facilities and jetties. A list of all Acts appears in this document, or you can visit the Western Australian Legislation website below to find the Acts in full.' Below this text are two links: 'Education and Enforcement Policy' (1427 Kb) and 'Western Australian Legislation website'.

28. 🖱️ Voluntary compliance.

29. Department of Transport at least attempts to make it look like it is following the Law.

30. Referring to its system as 'voluntary compliance'.

31. However, the outcomes if one chooses not to 'volunteer' to comply, are violent and not acceptable in any way.

31.1. Including a fine for not using the product : \$250. A violation of the absolute foundations of Law: **Free Will and Informed Consent**.

31.2. Imagine if McDonalds could issue a fine because we did not buy its chips today.

31.3. The crudeness of this analogy is intentional to highlight the magnitude of the violations of **Free Will and Maxim of Law** that are indulged in.

32. Therefore we must address how to reduce these standards of violence.

33. That is; by ensuring the marketplace is regulated by free competition.

34. Thus, supply and demand will be reinstated.

35. And the user of the services can regulate standards of conduct by the supplier, by choosing who to engage with, and who to disengage with.

36. And the **Restoration of Law** will naturally occur to reflect the standards Humanity commands for itself, to live un-accosted on our own planet, free from Harm and Injury, coercion and duress.

37. Attendance is by the Executor and Beneficiary: Leith Masters

37.1. As a Global Trustee for the People/Humanity, I assist in the re-placement of resources back into Right Order, by Right Way, by measuring matters against **Maxim of Law**; at a time known as the 'changing of the Ages'.

37.2. This is the Precession of the Equinox concluding the Age of Pisces and entering the Age of Aquarius.

37.2.1. A 26 000 year cycle, divided into 12 equal segments of approximately 2160 years.

37.2.2. The Age of Pisces - a spiritual age, did see the consciousness fall under religion and therefore Guardianship. Perhaps losing the opportunity for Spiritual enlightenment that was available during this period.

37.2.3. The Age of Aquarius is an Age of Self Governance and a rise in the levels of accountability to align with **Maxim of Law**.

37.3. I am also an end user of this product: license plates W.A.; and the various other States and Territories in the enclosure referred to as 'Australia'.

37.4. These plates/products belong to a privately owned corporation, as has been identified by its own Gazettes, and this paper.

37.5. This paper delivers **Terms and Conditions** to the Board of the Guardians; the Magistrate, now grown up to be **Trustee/Fiduciary**; as Humanity witnesses and emerges from the Guardianship of Unum Sanctum 1302, 722 years, and into Self Governance.

37.6. Utilising our own resources; as Natural Custodian, and paid for via the monetisation of the chattel papers; and ensuring they are governed according to Standards of **Maxim of**

Law, and not privately owned Statute and Legislation, there does exist opportunity in this restructure/repurpose to engage in resource management without causing **Harm and Injury or Crimes Against Humanity**.

37.7. The following is a reminder of **Fiduciary Duties**:

37.7.1.1. A complete failure of these duties is recorded from 31.12.2024.

37.7.1.2. We will see if the Magistrate/Trustee/Fiduciary can do better at the 9.1.2025 hearing. See below as to why this hearing exists.

37.7.1.3. And if not that hearing, we have the 11.2.2025 hearing.

37.7.2. (i) A Fiduciary is a person or entity that is entrusted with the responsibility of managing assets, as per the Executor instructions; or making decisions on behalf of another person or entity; and

37.7.3. (ii) Fiduciaries have a legal and ethical obligation to act in the best interests of their clients or beneficiaries; and

37.7.4. (iii) Fiduciaries must exercise a high level of care, loyalty, and prudence in their decision-making and management of assets; and

37.7.5. (iv) Fiduciaries must avoid conflicts of interest and disclose any potential conflicts to their clients or beneficiaries; and

37.7.6. (v) Fiduciaries must provide full and fair disclosure of all material facts to their clients; and

37.7.7. (vi) Fiduciaries must act with transparency and provide regular reports and updates to their clients or beneficiaries; and

37.7.8. (vii) Fiduciaries must exercise prudence and diligence in their decision-making and investment recommendations; and

37.7.9. (viii) Fiduciaries must act with loyalty and good faith towards their clients, putting their clients' interests ahead of their own; and

37.7.10.(ix) Fiduciaries can be held liable for any losses or damages resulting from their breach of fiduciary duty.

38. The Magistrate is Trustee/Fiduciary in this matter.

38.1. And thus holds a very important position of being able to recognise and conduct dialogues based on **equitable distribution of resources**, based in **Rule of Law: All Are Equal Before The Law**, and **Maxim of Law: All are accountable for their actions**.

38.1.1. **The role was failed on this occasion.**

38.2. Incompetent Trustees/Fiduciaries are subject to the following **Terms and Conditions**, as passed by the **Terra Australis Grand Jurys. 23.9.2021 - Present**.

38.3. The Terra Australis Grand Jurys are a response to the obvious assault upon the People by the privately owned business model known as covid19, which clearly identified we were/are living in an era of a privately owned genocide agenda of tyranny.

38.4. As gazetted in the paper by the perpetrators: **Silent Weapons for Quiet Wars**.

38.5. For education in these matters please refer to the following :

40.7. The Birth Certificate, and other instruments, is a bond in commerce.

40.8. In which we see the 'chattel papers' are used as collateral.

40.9. The Birth Certificate is used to create \$14 300 000 000 000. Fourteen trillion, three hundred billion dollars with the collateral as the chattel papers, and the chattel papers is with the Public. And the 'Public' is all real men with legs. The Living.

40.10. This is a global government structure, feeding into Delaware: constituent state of the corporate United States of America. The first of the original 13 states to ratify the federal Constitution, it occupies a small niche in the Boston–Washington, D.C.

40.11. The roads are the property of the People. As the chattel slave papers refer to the People and the energy of the People, 'real legs' and refers to them as the PUBLIC.

40.12. No joinder is disclosed to the People, by the POSoC that the People are not the Public.

40.12.1. And that monetisation of the People has occurred via a system of Guardianship.

Unum Sanctum 1302.

40.12.2. And by the use of chattel papers.

40.12.3. It is not possible that the State would own the assets.

40.12.4. The State is a fictional concept, and at best can be a competent Trustee.

40.12.5. And at worst, the Trustee is incompetent, and a member of the Board of the Guardians; a nice name for slavery. With appropriate consequences.

41. Further particulars to address this POSoC :

42. On **28/8/2024** an email was sent by Leith Masters to fines@police.wa.gov.au requesting a Court date to discuss the following matters as they pertain to a private corporation presenting itself as government and justice. :

42.1.1. New subtleties have now come to light of this simple matter of the following infringements that **for whatever reason** was divided into two separate Courts on two separate days, with two separate Magistrates.

42.1.3. **That cost is rejected, and returned to the Court.**

42.6.3.3.3. **Use of Unlicensed Light Vehicle.**

42.6.3.3.4. It is in this decision making window that it is revealed there is no choice in the marketplace, and a very violent system lives behind this alleged 'voluntary compliance'.

42.6.3.3.5. There are **no grounds** for charging that it is an offence to not use the product of the private corporation that calls itself the Australian Government and writes code via Acts, Statute and Legislation.

42.6.3.3.6. One might suggest that because the registration was expired, there was no insurance at play.

42.6.3.3.7. This however is another **psy-op** as the insurance industry is built off the monetisation of our energy. We are the provenance of the insurance industry, so all products are running at all times.

42.6.3.3.8. Charging for insurance and capturing it in windows of time is no different than the illusion that we should be paying for water and electricity which are also our inherent right to resources.

42.6.3.3.9. These are 'for profit business enclosures', in which the Custodian has been turned into the Customer by the corporate landscape.

42.6.3.4. This is the very essence of the conversation regarding this **monopoly** business model.

42.6.3.5. This simply does not exist in **Maxim of Law**.

42.6.3.6. And is an extreme violation of the freedoms of Humanity.

42.6.3.7. Competition is in the marketplace and will utilise all systems already built by the monetisation of our energy via the Uniform Commercial Code. (UCC)

43.A COURT HEARING NOTICE - was received for 31.12.2024.

43.1. At no place on the PROSECUTION NOTICE, does it identify by correlating numbers to Infringement numbers, what matters are being dealt with in this hearing.

43.1.1.1. Why is this the case?

43.1.2. This is a standard of incompetence.

- 43.2. My last name is in all capitals, to allegedly draw me in under the legislation of the private offshore company calling itself 'Australia and the 'Commonwealth of Australia'.
- 43.3. Such hidden languages and attempts at joinder are rejected.
- 43.4. As the hearing is convened by myself, from Superior Jurisdiction, with instructions for the Court, all matters will be dealt with in a broader conversation of the above matters and the paradigm in totality.
- 43.5. No plea is entered, as this system is recognised as a private enterprise unfolding its own version of 'Law' on the People, without Free Will and Informed Consent, and full accountability is held for that, as is the purpose of this hearing.
- 43.6. It is observed, a second Court hearing was scheduled for January 9th 2025.
- 43.6.1. There is no clarity as to what matters are being observed in that hearing either, or why these matters would be divided into 2 hearings.
- 43.6.2. This is administrative incompetence wasting everyone's valuable time.
- 43.7. **There is only one conversation to be had and 2nd Court hearing of 9 January 2025 is cancelled.** Thank you.
- 43.8. Please ensure it is removed from the ledger.
- 43.8.1. Because the hearing at Fremantle Court 31.12.2024 was Terminated, due to reasons above, no business was taken care of.
- 43.8.2. Therefore this hearing will be attended for all the same reasons.
- 43.8.3. This simply being the update to the same matters of inquiry.
- 43.9. This current hearing is described as 'first dealt with', as if one is entering the Court Circuit. There is no intention to enter the business model of the 'Circuit Court' that includes the Court employees paying themselves every time a hearing convenes, even if the hearing is just to set a date for the next hearing. No thank you.
- 43.10. Again, this is gross incompetence.

43.10.1. Unfortunately due to mischief described herein, this matter has quickly become a 3 hearing event, and can continue on until these matters are resolved to acceptable standards of Maxim of Law, including the 8 Essentials of a Valid Contract.

44. As I am not interested in arguing with the alleged charges,

44.4. and the damages it has caused by operating as a **monopoly** enclosure.

44.4.1. Therefore attempting to engage **controversy** is at all times rejected and can result in the Court Hearing being **Terminated**, and the Magistrate/Trustee/Fiduciary to be deemed incompetent at the bench and/or dismissed from service.

44.5. In the matters of:

44.6. SEC04277A2 - Court Elected. - Fremantle Court 31.12.2024

44.7. SEC42947A2 - Court Elected - Perth Magistrate Court 9.1.2025

66.Grand Jury 38 Order#21 18 September 2024

21. Car Registration

21.1.Car Registration into the system of the Western Australian Government is voluntary.

21.2.It clearly states that on the website and is evidenced in at least two different places.

21.3. Based on Maxim of Law: everything is an offer and acceptance, the Department of Transport is witnessed as adhering to that Maxim, by using the term 'voluntary'.

21.4.This would be the case in all States.

21.5.It is unfortunate it then unleashes a militia in community to enforce the use of its products, including Police, and tools provided by Jenoptik.

21.6.And uses severe financial penalty for not using its products.

21.7.This matter is filed into the Magistrates Court for review of a business model based in a monopoly, violence and alleging that the use of certain instruments such as a Drivers License and a Car Registration grants permission to break Maxim of Law.

21.8.This is 100% fraud. No power or authority exists, due to failure to be transparent about the nature of the instruments and their alleged capacity to eliminate Maxim of Law and replace it with Statute and Legislation.

21.9.Therefore, all financial penalties brought before the Magistrates Court are deemed Null and Void.

23.1. A car may not be immobilised due to not registering it with the Department of Transport.

23.2. As a current protocol, a car is immobilised and is given an instruction to go over the pits to be Registered again.

23.3. The provider of the assessment must use a 3 tier system of:

23.3.1. Essential repairs for road safety and registration: eg brakes pads are thin.

23.3.2. Non essential repairs for road safety, but not prohibiting registration: eg seat belt is sticking to a small degree

23.3.3. Luxury repairs, but not prohibiting registration : the back window wiper is not working.

23.4. Putting all matters into the same category is irresponsible, particularly in harsh economic times, and has the capacity to completely dismantle families, as transport is an essential component of life. 7.4. Assets included in a management takeover may be liquidated for equitable distribution of resources.

7.5. Or simply moved from one alleged ownership to another.

7.6. For example HSBC holding 515M shares, whilst Elders have zero shares may call, from Superior Jurisdiction, that a minimum of 51% of shares are moved into Community Trust accounts, with Elders and appropriate others signed on as Trustees.

7.9. 72.1.Order #18 - Use of private registration plates for cars.

72.2.A testimony by Michael C: On the 8 November 2024. I collected a friend from hospital after his operation to take him home.

72.3.On the way I was pulled over by police. I got out of my automobile and asked what was the emergency?

72.4.They said we need to have you stay here until the highway patrol arrive. I said if you have no reason to stop me then I'm going. They said I have to wait.

72.5.Eventually SEN CON Curtis Ryan (a corporate highway pirate) turned up and proceeded to ask to see my DL.

72.6.I said why do I need a DL? I'm travelling in my private capacity and not as a driver in commerce.

72.7.After questions back and forth he arrested me and I was taken to Parramatta Police station where I was held for over 5 hours.

72.8.I was charged over 6 offences that totalled to just under \$4000 dollars in fines!

72.9.At the police station they wanted me to give them my name and address and a form to sign and I declined.

72.10.They said if I didn't they would send me to jail for several days

72.11.They also wanted to take my fingerprints and take profile photos etc., and again I declined.

72.12.They said if I didn't I would be sent to jail until I give them my name etc.

72.13.I surmised from jail they would send me to a mental facility if I didn't give them what they wanted.

72.14.So I let them finger print me and take mug shots.

72.15.I felt extremely violated over the arrest especially when one of the cops put handcuffs so tightly around my wrist that it cut off the blood supply to my hands.
